SBU Sustainability EcoFact

In an effort to increase sustainability and lower environmental impact, SBU Transit offers schedule and route map information online, located at:
www.stonybrook.edu/transportation

In addition, SBU Smart Transit is a student developed system that displays live transit location information. For more information, visit our website and download a mobile app at:
www.stonybrook.edu/sbusmarttransit

These sustainable transportation practices save the Stony Brook University over 750 reams of paper and almost 50 trees over a 10-year period.
