Your gift to Stony Brook means much more to our students than dollars and cents. It means not having to work a full-time job while juggling a rigorous course load. It means pursuing a new interest or learning a new skill. It means enriching an appreciation for film, dance and music. It means attracting and retaining the best faculty and equipping their labs and classrooms for innovative learning.

Your gift goes above and beyond to make Stony Brook what it is today and what it will be tomorrow.
