Here’s what program alumni have to say:

"When I first decided to do the Study Abroad Program in Greece, I was most excited about the hot weather, beautiful people, and great beaches. As soon as I actually got to Greece the experience gave me so much more than just that. I can honestly say that I gained a new perspective on Greek culture and even my own way of life."

"I got a wonderful opportunity when I got accepted into the Greece program. I picked a once in a lifetime experience that will stay with me for the rest of my life."

Program Description

Ancient Greece, in particular Athens, is keystone to understanding Western culture, science, philosophy, society, theater, literature, mathematics, art and our form of democracy.
