Stony Brook University/SUNY is an affirmative action, equal opportunity educator and employer.
Education Designed to Energize Business

Strengthening Our Economy
The mission of the Center for Corporate Education (CCE) at Stony Brook University has been to revitalize the area’s workforce through education that helps to stimulate business growth and strengthen economic well-being. CCE programs provide essential skill sets that promote corporate competitiveness while, at the same time, helping to fill available employment niches with highly qualified workers.

Building Business Leadership
The driving force behind any company’s success is the ability of its business leaders and management professionals to perform at a high level and apply real-world knowledge while leveraging the strengths of their teams to achieve targeted, measurable results.

Individual Professional Education
For individuals looking to attain higher-level roles in business, or for professionals transitioning to a new career, the Center for Corporate Education at Stony Brook University offers ongoing public courses that can be taken as part of a Certificate program or as standalone courses to strengthen and expand their skill and knowledge base.

Economic Development Funding
Government funding may be available to assist your company in providing workforce and professional development education. We can get you started with some basic guidance and point you in the right direction to help you leverage funding opportunities.

Customized Education
Our format allows us to bring you programs that are targeted to meet specific objectives within your company. Education can be delivered to your professional staff on site, at a location of your choice or at Stony Brook University facilities. Together we will select, identify and design the appropriate programs to benefit your employees and to help generate a more vibrant and resilient business environment.
