BRIDGE TO THE DOCTORATE
at STONY BROOK UNIVERSITY
A National Science Foundation Fellowship for the Science, Technology, Engineering, and Math (STEM) Disciplines

The goal of the NSF Bridge to the Doctorate Program is to foster the academic development of underrepresented minority graduate students in science, technology, engineering, and mathematics (STEM) fields and provide support as these students transition into doctoral programs.

BRIDGE TO THE DOCTORATE FELLOWS RECEIVE:
• Student stipends of $30,000 annually
• Health insurance
• Paid tuition and fees
• Supportive BD community
• An individualized academic and career preparation program
• Mentoring by advanced graduate students
• Research opportunities with faculty
• Participation in professional conferences and meetings

ELIGIBILITY
All interested candidates must:
• Have participated in an LSAMP Program
• Have obtained a bachelors degree in a STEM discipline
• Be a U.S. Citizen or Permanent Resident
• Have a minimum GPA of 3.0
• Be accepted into a STEM graduate program at Stony Brook
• Want to pursue a doctoral degree in a STEM discipline

Application Deadlines - Priority Consideration: March 15. Final deadline: May 15.
