CIE August 2011 eNews

EVENTS AT THE CENTER FOR INCLUSIVE EDUCATION AND AROUND CAMPUS

- **Center for Inclusive Education Welcome Lunch & Annual Photo Day**  
  August 25, 2011@1:00 PM in the Center for Inclusive Education. Join the CIE staff and the rest of the Turner, AGEP, and GEM communities as we kick off the start of another academic year! We will also be handing out CIE T-shirts and taking our annual group photo. RSVP to CIE_GraduateSchool@stonybrook.edu if you will attend.

- **W. Burghardt Turner Fellowship Orientation**  
  August 25, 2011@ 11:30 AM. For New Turner Fellows and Dissertation fellows. Lunch will follow. If you have not already done so, contact Toni Sperzel at toni.sperzel@stonybrook.edu if you are unable to attend.

- **Recruit Diverse Graduate Students with the Center for Inclusive Education**  
  The CIE seeks students to volunteer to serve as recruiters as part of our recruitment teams at upcoming national conferences including ABRCMS, SACNAS, and the ERN Conference in Stem. Interested students should email Toni Sperzel at toni.sperzel@stonybrook.edu

- **Student Assistant positions available**  
  The office of Multicultural affairs seeks to fill two positions Graduate Student Assistant for Multicultural Programs and UNITI Cultural Center Graduate Student Assistant. Both positions will assist with diversity/multicultural programming and campus community outreach. Each position is for 10 hours per week and pays $12.00 per hour (starting salary). Please see attachments for job details. Students can apply on ZebraNet. Please circulate the announcements below and refer interested students to our office. Application deadline: August 19.

- **Help us Grow our Fan Page**  
  Become a fan of the CIE page on Facebook and help us grow our numbers to 100! The CIE fan page is the only place you can see photos from our events and get the most up to date announcements of upcoming center events.

CONFERENCES, FORUMS, AND NETWORKING OPPORTUNITIES

- **MS PHD Program**  
  The MS PHD’s Program facilitates mentoring and networking activities for minority undergraduate and graduate Earth system science and engineering majors, and provides a supportive environment in which participants develop strategies and professional skills necessary to excel in Earth system science and engineering fields.. More details about the program activities can be found in the program announcement here: http://www.msphds.org  

- **The NESCent Academy**  
  More info: https://www.nescent.org/sites/academy/Main_Page  
  The NESCent Academy is a set of hands-on training workshops in evolutionary biology for graduate students, postdoctoral fellows, early-career faculty and teachers. Applications are now open for: The Computational Phyloinformatics; and Evolution and Medicine (open)

FELLOWSHIPS, SCHOLARSHIPS AND CAREER (INCLUDING POST DOCS)

- **A comprehensive list of fellowships** is available on the CIE Website at  
  http://www.stonybrook.edu/cie/For%20Students/fellowship.shtml

- **Colorado AGEP Postdoctoral Fellowship Program for Academic Diversity**  
  The Colorado AGEP offers postdoctoral training to recent PhD recipients in science, technology, engineering and math (STEM) fields. The program is intended for graduates who are interested in joining the faculties of US institutions of higher education. Advanced doctoral students and recent PhD graduates may apply for 2-year postdoctoral positions at the University of Colorado at Boulder For information on eligibility requirements and the application process, please visit the Colorado Diversity Initiative website:
Questions? Please contact Barbara Kraus at 303-492-5779 or via email at Barbara.Kraus@Colorado.edu.

- **Sustainable Solutions Initiative Postdoctoral Fellows Program**
  SSI's innovative research program integrates coupled natural and human systems modeling, stakeholder engagement, and solutions-oriented research activities. Organized under a theme of landscape change, SSI supports multiple research projects focused on urbanization, forest ecosystem management, and climate/energy challenges. Collectively, these projects speak to various sustainability science challenges and present a unique opportunity to advance the field of sustainability science. For more details on SSI, visit the project website at: [http://www.umaine.edu/sustainabilitysolutions/](http://www.umaine.edu/sustainabilitysolutions/)

- **UCLA Post Doctoral Program in Global Health**
  Division of Infectious Diseases at the UCLA Department of Medicine has a program called “The UCLA Program in Global Health”. It has the Postdoctoral Fellowship Training Program in Global HIV/AIDS Prevention Research. (Please see the details in this website: [http://globalhealth.med.ucla.edu/programs/fellowship.html](http://globalhealth.med.ucla.edu/programs/fellowship.html))

- **Colgate University Tenure Track position in Inorganic Chemistry**
  Department of Chemistry. Colgate University seeks an inorganic chemist to fill a tenure-track Assistant Professor position beginning in Fall 2012. More information at: [https://academicjobsonline.org/ajo/jobs/801](https://academicjobsonline.org/ajo/jobs/801)

- **Postdoctoral Positions Available:**
  Research Associate Arizona Research Laboratories, University of Arizona, Tucson, AZ NIH-Training Program: Postdoctoral Excellence in Research and Teaching (PERT)
  The Postdoctoral Excellence in Research and Teaching (PERT) Program is a comprehensive program which offers up to three years of support to outstanding candidates seeking advanced postdoctoral research training, teacher training and student mentorship opportunities in preparation for an academic career in biomedical and life sciences. [http://cis.arl.arizona.edu/PERT](http://cis.arl.arizona.edu/PERT)

- **Center for Child Injury Prevention Studies (CChIPS) Request for student proposals**
  preliminary drafts should be submitted by email to kearneym2@email.chop.edu by February 1, 2012. The attached proposal, budget template and more information about the Center can also be found on the CChIPS website: [www.chop.edu/cchips](http://www.chop.edu/cchips)

- **SBE Doctoral Dissertation Research Improvement Grants (SBE DDRIG)**

- **Post Doctoral Research in Cancer Biology, Stony Brook University**
  The award summary can be found at: [http://grants.nih.gov/grants/guide/announcements/PA-08-190.html](http://grants.nih.gov/grants/guide/announcements/PA-08-190.html). Contact Jennie Williams, Cancer Prevention Laboratory, for more information.

- **Robert Bosch Foundation Fellowships**
  The Robert Bosch Foundation Fellowship Program is a distinguished transatlantic initiative that each year offers accomplished young Americans the opportunity to complete a high-level professional development program in Germany. More information at [http://www.cdsintl.org/fellowshipsabroad/bosch.php](http://www.cdsintl.org/fellowshipsabroad/bosch.php)

- **LOFT ExxonMobil Fellowship**
  ExxonMobil, one of the world’s largest publically traded International oil & gas companies, has partnered with the Hispanic Heritage Foundation (HHF) to create fellowships in STEM fields (Science, Technology, Engineering and Math) for Hispanic college students. More information at [http://members.loftinstitute.org/profiles/blogs/loft-exxonmobil-fellowship](http://members.loftinstitute.org/profiles/blogs/loft-exxonmobil-fellowship)

- **Doctoral Dissertation Improvement Grants in the Directorate for Biological Sciences (DDIG)**

- **Postdoctoral Research Fellowships in Biology (PRFB) from the Directorate for Biological Sciences (BIO)**

---

**CIE August 2011 eNews; 2**

[http://www.stonybrook.edu/cie/](http://www.stonybrook.edu/cie/)
This research and training fellowships encourage independence at an early stage of the research career and are also designed to provide active mentoring of the Fellows. International and teaching options are also offered. More info: http://www.nsf.gov/pubs/2010/nsf10587/nsf10587.htm

- **SBE Minority Postdoctoral Research Fellowships and Follow-up Research Starter Grants (MPRF)**

- **Postdoctoral Fellowships in Polar Regions Research**
The program supports training and research for recent doctoral degree recipients in any aspect of scientific study of the Antarctic and/or the Arctic within the Office of Polar Programs (OPP) program areas [12]

- **Presidential Management Fellow (PMF)**
The PMF Program inculcates a lasting bond as well as a spirit of public service, ultimately encouraging and leading to a career in the government.

- **MD Anderson Fellowships in Statistical Genetics of Addiction**
Pre and Post-Doctoral fellowships are available ($26,000 and $60,000 respectively) at the University of Texas MD Anderson Cancer Center. More information available at www.CancerPreventionTraining.org

- **Cornell University Department of Design and Environmental Analysis**
For more information see http://www.human.cornell.edu/dea/ PhD in Interior Design, Architecture (and related design fields), Psychology (environmental), Urban Planning and Facility Management, or a related field, preferred.

- **Program/Research Manager, CCAS Advance Initiative**
The College of Natural and Health Sciences at the University of Northern Colorado invites nominations and applications for the position of Program/Research Manager, position #E99538. This is a full-time, 12-month position associated with the CCAS ADVANCE Initiative, an NSF-funded project that aims to support the advancement of women science faculty through professional and leadership development of academic deans and department chairs. The full vacancy announcement and application instructions are available at: http://www.unco.edu/nhs/employment.html Dean Denise A. Battles, College of Natural and Health Sciences, Campus Box 134, University of Northern Colorado, Greeley, CO 80639, 970-351-2877, denise.battles@unco.edu

- **BIOLOGY, English, Developmental English, and Chemistry INSTRUCTORs needed**
Thomas Nelson Community College, Hampton, Virginia
Candidate should have a master's degree in Biology, English or Rhetoric/Composition, Education/English Education, Chemistry or closely related field with 18 graduate semester hours.
Application Process: You will need to submit an online application for this position by visiting the following web site: <http://jobs.agencies.virginia.gov/applicants/Central?search=293>.

- **University of Texas Postdoctoral Positions in Molecular Mechanisms of Diabetes**
A funded postdoctoral position is available to study molecular mechanisms of transcriptional control of hepatic glucose output in a new NIH project. Motivated individuals within two years of earning a Ph.D. in biochemistry, molecular biology, genetics or a related field are invited to apply. Postdoctoral trainees will work closely with the PI to create individual development plans and participate in training activities in the Department of Integrative Biology and Pharmacology at the University of Texas Medical School in Houston (http://ibp.med.uth.tmc.edu/) For more information contact Rebecca Berdeaux, Ph.D., Rebecca.Berdieux@uth.tmc.edu.

- **University of Maine: Tenure Track Faculty in Mechanical Engineering**
Appointment to begin on January 1, 2012. The University of Maine College of Engineering invites applications for a faculty position in mechanical engineering education who will lead development of an innovative undergraduate engineering curriculum at the Maine Advanced Technology and Engineering Center (MATEC) located in Brunswick, Maine. Candidates should submit a cover letter; statement of experience in developing and implementing innovative
engineering pedagogy as well as overall teaching philosophy; names, addresses, phone number, and email addresses of three references; and a complete curriculum vita. The entire submission should be sent as a single PDF to Dr. Dana N. Humphrey (danah@maine.edu)

- University of Maine: 3 postdoctoral positions available
More info: http://www.umaine.edu/center The Maine Center for Research in STEM Education (RiSE Center) at the University of Maine seeks applicants for postdoctoral positions in physical sciences education research (chemistry, physics, Earth sciences). Candidates must have a Ph.D. in science, science education, or a closely related field; have a strong research record in discipline-based education research; and have demonstrated excellence in teaching. Candidates should submit electronically a letter of application, curriculum vitae, summary of research accomplishments, statement of teaching philosophy, copies of up to three representative publications, undergraduate and graduate transcripts, and the names and addresses (including e-mail and phone) of at least three referees to PSP_Postdoc_Search@umit.maine.edu. For more information about the RiSE Center and the Maine Physical Sciences Curriculum Partnership, please see www.umaine.edu/mainepsp.
