CIE March 2011 eNews

EVENTS AT THE CENTER FOR INCLUSIVE EDUCATION AND AROUND CAMPUS

- **Topic Based Lunches with Senior Leadership: Eric W. Kaler, Provost**
  Join us in the CIE on Wednesday, March 9 at 1:00 PM as we welcome Provost Eric W. Kaler to the second event in our Topic Based Lunches series. Provost Kaler will be discussing with us the events experiences and opportunities that lead to his election into the National Academic of Engineering, and his future position as President of the University of Minnesota. RSVP to CIE_GraduateSchool@stonybrook.edu by Monday, March 7.

- **Save The Date: Celebrating Diversity And Academic Excellence Monday, May 2, 2011**
  The CIE is thrilled to present Celebrating Diversity and Academic Excellence (CDAE) on May 2nd. This will be a one day conference highlighting the research achievements of Stony Brook students and two motivational keynote speakers will be presenting. Please stay tuned, as more information with application and registration deadlines will be coming soon. Students will be able to apply to present either a poster or an oral presentation. Each accepted presenter will receive a $100 award for participation!

- **Humanities Institute at Stony Brook presents: Fish Tales and Oyster Stories: Historic Precedents and Marine resource management (Thursday March 10, 2011 4:30pm Humanities 1008)**
  Using examples from New England fisheries and Chesapeake oyster management (where scientists and entrepreneurs long sought to replicate the success of Long Island oyster growers), Matthew McKenzie and Christine Keiner will discuss the importance of integrating approaches from the history of science and environmental history so as to advance the process of environmental policymaking.

- **The National Post Doctoral Association Annual Meeting 8th Annual Graduate Student Ethnography Conference at Stony Brook university Manhattan campus: department of sociology**
  Abstracts for presentations are welcome from graduate students using ethnographic methods, including field research and in-depth interviews. This one-day conference will be held on Friday, April 15th, 2011 at Stony Brook University’s Manhattan Campus. For information on keynote speaker see: http://www.lsa.umich.edu/soc/people/faculty/icyoungalforda_ci.detail . Please see the following website for more details: www.stonybrook.edu/sociology

- **Help us Grow our Fan Page**
  Become a fan of the CIE page on facebook and help us grow our numbers to 100! The CIE fan page is the only place you can see photos from our events and get the most up to date announcements of upcoming center events. http://www.facebook.com/pages/Stony-Brook-University-Center-for-Inclusive-Education/117535288266599 Become a fan and be a part of the action!

- **Social Movements film series spring 2011**

- **The undergraduate student government will host Christopher hitchens**
  The lecture will be free for Stony Brook students as always, but faculty and staff will also have an opportunity to pick up one free ticket at the SAC Box Office this week with a Stony Brook ID card. Box Office hours are Monday – Friday 11 AM - 5 PM. The event will take place in the SAC Auditorium on Tuesday March 8th at 8pm.

CONFERENCES, FORUMS, CAREER AND NETWORKING OPPORTUNITIES

- **The University at Albany Preparing for the professoriate conference APRIL 8-9, 2011**
  This National Science Foundation & AGEP sponsored conference is designed to communicate the necessity of preparing a diverse professoriate in Science, Technology, Engineering and Math (STEM). We invite undergraduate and graduate STEM students from diverse cultural backgrounds to join with faculty and staff in discussing effective means to prepare and transition into the professoriate. Similar to past years, this year’s conference will also feature
a juried poster and oral presentation for graduate and undergraduate students. More information is at:
http://www.albany.edu/agep/preparing.html

- **The National Post Doctoral Association Annual Meeting**
The NPA is once again pleased to offer travel awards for postdoctoral scholars to attend our 9th Annual Meeting on March 25-27 at the National Institutes of Health in Bethesda, MD.

- **Math Instructors wanted (Calculus, Pre-calculus, algebra)**
  Teach highly enthusiastic students in the 2011 EOP/AIM Summer Academy and earn good money on 5 weeks. The Summer Academy will be held from July 10, 2011 to August 12, 2011. To apply, please submit a resume and cover letter to Pat Rasso, W-3520 Melville Library (patricia.rasso@stonybrook.edu). 631-632-7244. Please also contact Pat for additional information.

- **2011 Einsteins in the city “Transcending Boundaries”**
  A multidisciplinary student research conference
  The Annual Einsteins In The City Conference will be held in partnership with the 14th Annual Urban University Conference of the New York City Louis Stokes Alliance for Minority Participation in Science (NYC LSAMP), April 14 and 15, 2011 at the City College of New York. The conference theme for 2011 is “Transcending Boundaries; Communicating Across Disciplines.” Please Contact cbraithwaite@ccny.cuny.edu or 212-650-8850.

- **Mentoring Program for Latino Cardiovascular Disease Research**
The Graduate School of Public Health (GSPH) and the Institute for Behavioral and Community Health Services (IBACH) at San Diego State University (SDSU) announces a new four-year nationwide mentoring program designed to train and advance the research careers of new faculty and scientists with ongoing research interests in cardiovascular disease (CVD) in Latino populations and other chronic diseases specific to Latino subgroups. The summer institute is scheduled for July 15 – 30, 2011 with applications available early January 2011. Please send any questions to Cristina Padilla, MA, cpadilla@projects.sdsu.edu

- **Call for Candidates - Graduate Student Organization**
The GSO is currently looking for candidates for the 2011-2012 Executive Council. Read about the positions below and download the nomination forms (by petition). Nomination forms are due in the GSO Office, SAC 227, by 5:00 p.m. on March 30, 2011 with a candidate statement of no more than 200 words. Candidates are expected to present their platform to the GSO Senate on April 5th at 5:30 pm. The current Executive Council will open its meeting of Wednesday March 30th at 5:30pm to prospective candidates. ***Please direct all questions to Al Herrera-Alcazar, Elections Committee Chair at secretary@sbgso.org ***

- **Howard University: preparing Future faculty summer institute**
The dates are June 8-11, 2011. This Institute is being hosted by Howard AGEP and the Atlantic Coastal –Social Behavioral Economics Sciences. The Preparing Future Faculty (PFF) Summer Institute is designed to provide advanced doctoral students with intensive training and experiences to enhance their preparation for the professoriate. Application deadline: April 8th, 2011. Please contact Dr. Kamla Deonauth, AGEP Program Director at Howard University (202-806-5936 voice, 202-319-7838 fax) for additional information.

- **NSF Call for Reviewers at the Division for Research on Learning (DRL)**
The DRL is working to identify a more diverse pool of reviewers and panelists for the programs within DRL ad welcomed recommendations of seasoned professionals (including administrators) and young, developing talent (e.g., new Ph.D.s, postdocs, and new faculty) to serve as DRL reviewers. If you have some immediate recommendations of colleagues who have an interest in K-12 and informal science education, please forward your recommendations to (nyjohnso@nsf.gov). More information: http://nsf.gov/div/index.jsp?div=DRL

- **FASEB Summer Research Conferences Registration**
Since 1982, the FASEB SRC’s have offered a continuing series of inter-disciplinary exchanges that are recognized as a valuable complement to the highly successful Society meetings. Divided into small groups, scientists from around the world meet intimately and without distractions to explore new approaches to those research areas undergoing rapid scientific changes. FASEB organizes over 35 SRCs each year. Venues range from Colorado to Vermont, Arizona to Italy, and recently added Greece! Participate, Interact, Network, and Follow! Registrations are now open! More information http://www.faseb.org/Default.aspx?alias=www.faseb.org/src

CIE March e-News; 2
Fellowships, Scholarships and Career (Including Post Docs)

- **Gordon Research Conferences in 2011 and 2012**
  For over 75 years, GRC's high-quality, cost-effective meetings have been recognized as the world's premier scientific conferences, where leading investigators from around the globe discuss their latest work and future challenges in a uniquely informal, interactive format. Apply to a Gordon Research Conference now and see why attendees consistently rate them "the best conference I've attended this year". GRC is organizing over 460 Conferences and Seminars in 2011 and 2012. Meetings will be held in California, New England, Texas and North Carolina in the United States and internationally in Italy, China, and Switzerland. More information [here](http://www.grc.org/)

- **European Science Foundation 2011 Research Conferences Scheme**
  The European Science Foundation (ESF) is an association of 78 Member Organizations devoted to scientific research in 30 European countries. Since 1974 inception, it has coordinated a wide range of pan-European scientific initiatives, and the flexible organization structure facilitate quickly respond to new developments. The ESF Research Conferences Scheme provides the opportunity for leading scientists and young researchers to meet for discussions on the most recent developments in their fields of research. It acts as a catalyst for creating new synergistic contacts throughout Europe and the rest of the world. More info [here](http://www.esf.org/activities/esf-conferences.html) or [here](http://www.esf.org/activities/esf-conferences/2011-upcoming-events.html?year=2011)

**FELLOWSHIPS, SCHOLARSHIPS AND CAREER (INCLUDING POST DOCS)**

- **Postdoctoral research and teaching associate, University of Maine Center for Research in STEM Education (RISE Center)**
  The RISE Center seeks applicants for postdoctoral positions in physical sciences education research (chemistry, physics, and Earth sciences). Candidates must have a Ph.D. in science, science education, or a closely related field; have a strong research record in discipline-based education research; and have demonstrated excellence in teaching. Candidates should submit electronically a letter of application, curriculum vitae, summary of research accomplishments, statement of teaching philosophy, copies of up to three representative publications, undergraduate and graduate transcripts, and the names and addresses (including e-mail and phone) of at least three referees to PSP_Postdoc_Search@umit.maine.edu. Application review will begin immediately and continue until the position is filled. For more information about the RISe Center and the Maine Physical Sciences Curriculum Partnership, please see [here](http://www.umaine.edu/center) and [www.umaine.edu/mainepsp](http://www.umaine.edu/mainepsp).

- **UCSF 2011 PostDoc BootCamp**
  UCSF will have two-day interactive workshop to offer useful advice and strategies that will help students obtain the best possible postdoctoral position, and help them gain the most from their appointment once in a lab. The dates for this workshop are June 13th and 14th. Please let the CIE know if you would like to be nominated. More details are on the website [here](http://graduate.ucsf.edu/content/postdoc-bootcamp).

- **AHRQ Individual Awards for Postdoctoral Fellows (F32) Ruth L. Kirschstein National Research Service Awards (NRSA)**
  The purpose of this individual postdoctoral research training fellowship is to provide support to promising Fellowship Applicants with the potential to become productive, independent investigators in health services research in research areas and priorities relevant to the mission of AHRQ. Mechanism of Support: This funding opportunity announcement (FOA) uses the Ruth L. Kirschstein Individual Postdoctoral National Research Service Award (NRSA) mechanism (F32). Funds Available and Anticipated Number of Awards: The total amount to be awarded and the number of F32 fellowships awarded will depend on the quality and scientific merit of the applications received, their relevance to the program priorities of AHRQ and the availability of funds. More info: [here](http://grants.nih.gov/grants/guide/pa-files/PA-09-229.html)

- **Fellowship/ Scholarship program**
  This program supports education and training for future nuclear scientists, engineers and policy-makers who are attending U.S. universities and colleges in nuclear-related graduate, undergraduate and two-year study programs. These are zero-dollar awards that will be funded as students apply through their university. All funding for any awards issued against this FOA will be used only for students. Indirects, G&A, Overhead, profit and any other adders are not authorized. Applications will be accept continuously for a one year period since Feb 18, 2011 More info: [here](https://www.fedconnect.net/FedConnect/)

- **Ruth L. Kirschstein National Research Service Awards (NRSA) for Individual Postdoctoral Fellows (Parent F32)**
  The purpose of this individual postdoctoral research training fellowship is to provide support to promising Fellowship Applicants with the potential to become productive, independent investigators in scientific health-related research

- **NINDS Ruth L. Kirschstein National Research Service Awards for Individual Predoctoral Fellows in MD-PhD programs (F31)**
  The purpose of this individual predoctoral research training fellowship is to provide support for promising doctoral candidates who are enrolled in combined MD-PhD programs, who will be performing dissertation research and training in scientific health-related fields relevant to the mission of the National Institute of Neurological Disorders and Stroke [http://grants.nih.gov/grants/guide/pa-files/PAR-11-127.html]

- **Ruth L. Kirschstein National Research Service Awards (NRSA) for Individual Predoctoral Fellows in PharmD/PhD Programs (F31)**
  Due dates: Cycle I- April 13; Cycle II- August 13; Cycle III-December 13. The purpose of this individual predoctoral research training fellowship is to provide training support for promising students enrolled in a PharmD/PhD degree program who will be performing dissertation research and training in areas relevant to the missions of NIGMS, NICHD, and ODS. Link to Full Announcement [http://grants.nih.gov/grants/guide/pa-files/PA-11-129.html]

- **Washington State University Vancouver opening for diversity faculty fellow**
  Washington State University Vancouver invites applications for a full-time, 9-month academic year Diversity Faculty Fellow beginning August 16, 2011. The Faculty Fellow develops curriculum and scholarship to enhance diversity, contributes to the activities of the campus's Diversity Council, and aids in the recruitment and retention of diverse students and faculty and/or help establish community partnerships. To apply, visit [www.wsujobs.com](http://www.wsujobs.com). Review of completed applications will begin by March 28, 2011. Questions should be directed to Dr. Dana Baker, bakerdl@vancouver.washington.edu

- **Pathways to science postdoctoral postings**
  IBP has been working on keeping post doctoral openings posted on a new web portal: [http://www.pathwaystoscience.org/Postdocs_portal.asp](http://www.pathwaystoscience.org/Postdocs_portal.asp)

- **Oak ridge associated universities (orau) recruitment**
  ORAU is now recruiting undergrad and grad students; postdocs; postgrads; faculty and teachers. For information about educational opportunities (Fellowship, Internships, etc) that are managed by ORAU/ORISE, visit: [http://www.orau.org/ornl](http://www.orau.org/ornl)

- **NSF Astronomy and Astrophysics Postdoctoral Fellowships**

- **Iowa State university Department of Aerospace engineering: opening for tenure track faculty**
  Start Date: August 2011. The primary research interests include robotic and human space exploration, on-board autonomy, and space systems analysis, with background in the disciplines of adaptive guidance and control, navigation, and space flight mechanics. Potential applicants are invited to view the department website at [http://www.aero.iastate.edu/](http://www.aero.iastate.edu/). Questions regarding the position may be directed to Prof. Ping Lu at plu@iastate.edu. All interested, qualified persons must apply for this position online at: [www.iastatejobs.com](http://www.iastatejobs.com). Please refer to vacancy id# 100876. Review of applications will begin March 15, 2011 and will continue until the position is filled.

- **6 month co-op opportunity at Genentech (South San Francisco)**
  Miriam ElNaggar in South San Francisco is looking for a PhD or masters candidate for a 6 month co-op opportunity at Genentech (South San Francisco) beginning this summer for a project aimed at exploring thermodynamic and stability properties of protein solutions. Candidates need excellent biomolecule laboratory technique. Some familiarity with rheological, calorimetric, and protein analytical techniques is highly desirable. Candidates can send resumes to galush.william@gene.com
