Join us for a 1-day workshop on communicating your science!

Learn to communicate more effectively about science with people outside your field, including the general public, policy makers, the media, students, potential employers or funders, and prospective collaborators in other disciplines. Through discussion and practice, we will focus on fundamental skills — knowing your audience, connecting with your audience, and speaking clearly and conversationally about your work and why it matters.

Monday, May 22
8:00am to 5:30pm

*All expenses (travel, lodging and meals) sponsored by the Stony Brook IRACDA NY-CAPS Postdoctoral Training Program in connection with IRACDA Plus, a NRMN initiative.

Apply by May 14 at 11:59pm ET

Location
Stony Brook University
Center for Inclusive Education
2401 Computer Science Building
Stony Brook, NY, 11794-4422
