Faculty Positions
Department of Electrical and
Computer Engineering

The Department of Electrical and Computer Engineering of Stony Brook University (SUNY Stony Brook) is seeking outstanding candidates for tenure-track faculty positions for Fall 2014. Strong candidates in all areas will be considered, but we are particularly interested in computer engineering candidates in the area of embedded systems, with specific interests in emerging domains; such as energy, security, and bio/health.

The successful candidate must have demonstrated excellence in research and the ability to develop an independent research program, and have a strong interest in teaching at both the undergraduate and graduate levels. Please visit the department website at http://www.stonybrook.edu/commcms/electrical/ for detailed information on our research activities. The Department is associated with NY Sensor Center for Advanced Technology.

Applicants must have a Ph.D. in computer and/or electrical engineering, or a related discipline. Please apply online at https://ece-facultyhiring.cs.stonybrook.edu/index.pl. Your application must include a detailed resume, a statement of research interests, a statement of teaching interests, copies of three publications, and names and contact information for three references.

Review of applications will begin on November 8, 2013 and will continue until the positions are filled.

For further information visit www.stonybrook.edu/jobs (Ref#: F-8264-13-10)
