Prior to orientation, all newly admitted students are required to submit two (2) complete sets of the documentation listed further below, including the original health form. Documents must be separated into two (2) individual sets and stapled. All students are required to maintain copies of the required documents to be presented upon request to faculty, staff and clinical sites. Under no circumstances will the School of Nursing make photocopies of the documents for students.

Submit the two complete sets of documents to the Office of Student Affairs. The two (2) complete sets must be mailed or hand delivered prior to orientation to:

Stony Brook University
School of Nursing
Office of Student Affairs
HSC-L2
Stony Brook, NY 11794-8240
Attn: Lisa Lent

**IMPORTANT AND ONLY WARNING**

Students who have not provided the required documentation prior to the start of classes will not be permitted to attend classes and clinical placements, and will have an enrollment hold placed on their student account until all required documents are provided. During this period the student will be responsible for any failure to progress academically, for disqualification for student loans or financial assistance and for all tuition and fees.

**Required Document Checklist**

1. Completed Health Form. It is mandatory that you attach copies of quantitative lab reports indicating values of positive titers for Measles, Mumps, Rubella, Varicella, and Hepatitis B. If you wish to decline Hepatitis series, please make sure that you sign Hepatitis declination box on page 4 of the Health Form. Physical and PPD test are required annually. Positive PPD result requires chest x-ray within 2 years. Adult Tetanus/Diphtheria vaccination must be within 10 years. **Important:** Sign and date “Release of Information Authorization” Statement on page 2 of the Health Form.
2. Copy of Declaration page or Certificate of Insurance for Malpractice Insurance indicating a minimum amount of 1 Mil/3 Mil coverage as a student. If a Masters or Post Masters student, insurance must state Student/Nurse Practitioner or Student Nurse Midwife. DNP students must have coverage in the specialty in which they are currently enrolled. **Students must maintain coverage throughout the entire duration of their program.**

3. Copy of Health Insurance Card.

4. Copy of Current Basic Cardiac Life Support for Healthcare Provider Certificate (CPR/AED) with expiration date clearly indicated. Must be acquired through American Heart Association or American Red Cross.

5. One passport-size photo with name, Stony Brook ID number, and program written on the back to be attached to the photocopies set.

6. Registered Nurses are required to submit a copy of their current License/Registration. Nurse Practitioners must submit a copy of their Certification indicating expiration date.

7. Registered Nurses, Masters, and Post Masters students in New York State are required to submit a New York State Infection Control Certificate. Recent graduates have this incorporated in training for New York State Licensure. It is valid for four years and student must then recertify.

8. Registered Nurses, Masters, and Post Masters students are required to submit a resume indicating the program currently enrolled in at Stony Brook University, School of Nursing indicating anticipated graduation date in the education section of the resume.

9. All Neonatal and Midwifery students must submit proof of NRP certification.

Please note that as an enrolled student, and throughout all terms of enrollment, it is student’s responsibility to submit updated documents prior to the expiration dates of the previously submitted documents.
