Do PhD students and postdocs need a professional network? Yes, and this network can help expand career options as part of an Individual Development Plan.

Participants at this workshop will:

- Learn strategies for informational interviewing and using conferences to establish a network;
- Receive tips on maintaining relationships over time and distance;
- Distinguish between visibility and popularity; and
- Develop an evolving professional identity.

Monday, November 7, 2016
3:30pm—5:00pm
Wang Room 201
