

Stony Brook University Undergraduate Outcomes by Major

About these data: These data show student outcomes by major. For graduation rates, these data include students entering in the selected major as first-time, full-time freshmen, regardless of which major they completed, or if they completed at all. Graduates, time to degree, earnings, debt, and NYS employment data reflect students completing the given major, regardless of which major they started in. Students pursuing further education may also be employed in New York State. Data come from the following sources:

Graduation Rates, Graduates, and Time to Degree - SBU Office of Instituional Research, Planning & Effectiveness
Earnings (2020 dollars) - U.S. Census, Postsecondary Enrollment Outcomes | Debt - College Scorecard Program Debt (*Mean used where median is not available)
New York State Employment - SUNY - 1 2015-18 2 years out, 2 2020 1 year out | Graduate Education - National Student Clearinghouse

Data sources and notes

About these data:

Data in these tables show student outcomes at the program level. Data are necessarily compiled from multiple sources and reflect the most representative data available. Average graduation rates and average time to degree are presented but individual results can vary significantly. Best predictors for graduation rates are academic performance at a student's prior school or college. Graduation rates are based upon an entering group or "cohort" of students who begin in a specific program. Rates for undergraduate students include completion in any program; rates for graduate programs count only students who start and complete in the same program. Graduates, time to degree, earnings, debt, and NYS employment data reflect students completing the given program, regardless of which program they started in. Students pursuing further education may also be employed in New York State. All metrics reflect multi-year averages to provide as much stability to the statistics as possible.

Sources:

Undergraduate graduation rates: Stony Brook Analytics; data follow definitions for reporting full-time, first-time 6-year graduation rates to the Integrated Postsecondary Education Data System (IPEDS).

Graduate graduation rates: Stony Brook Analytics; data follow definitions for reporting graduate completion rates to the AAU Data Exchange (AAUDE).

Time to degree: Stony Brook Analytics; data follow definitions for reporting undergraduate time to degree and doctoral time to degree to the AAU Data Exchange (AAUDE). Master's time to degree follow similar guidelines to doctoral time to degree.

Earnings: U.S. Census, Postsecondary Employment Outcomes (PSEO); data are provided at the 4-digit CIP code level for undergraduate and professional practice doctoral programs. Master's* and research doctoral data are provided at the 2-digit CIP code level. * Select Master's data are provided by the program, using SUNY data where PSEO data are unavailable.

Debt: U.S. Department of Education, College Scorecard; data are provided at the 4-digit CIP code level for Bachelor's degree recipients. Means are used when medians are suppressed because of cell size concerns. Local IRPE Common Data Set files are used to produce the percentage of graduates who borrowed.

New York State Employment: SUNY Outcomes and Wages Dashboard - 1 2015-18 2 years out, 2 2020 1 year out, 3 2008-18 2 years out, 4 2020 1 year out

Graduate Education: National Student Clearinghouse, note, international enrollments may not be captured.
