

# GRADUATE TO A GREAT CAREER

With Stony Brook's Fast Track Sustainability BA - M.B.A. Program

Stony Brook University  
College of Business

Stony Brook  
University

Stony Brook University  
Sustainability Studies Program

## DESIGNED EXCLUSIVELY FOR NON-BUSINESS MAJORS

- No business courses or business experience needed to qualify
- Links an undergraduate major in sustainability studies with business
- Meets employers' need for more diverse M.B.A. talent

## EARN YOUR M.B.A. IN JUST EIGHTEEN MONTHS

- Graduate in 5 years with an undergraduate degree and an M.B.A.
- All students begin by taking required undergraduate degree classes and can begin planning their courses in their freshman year
- Students may substitute up to 15 graduate M.B.A. credits while they are still an undergraduate student
- Begin taking M.B.A. classes in the summer before your junior or senior year

## START A CAREER IN GREEN BUSINESS

As the number of positions in fields related to “green business” rises, employers are looking for employees with multidisciplinary backgrounds in sustainability and with diversified experiences. More and more businesses are global in nature, whether they are multinational corporations or small local businesses with overseas suppliers, customers, or a diverse international workforce.
