**To Students Admitted to the Schools of Dental Medicine and Health Technology and Management:**

The Health Sciences Center student health policy **requires** that all students admitted to programs that involve education in clinical settings submit documentation of their health status and immunization history prior to the start of classes. NYS Public Health Law §2165 requires all students in post-secondary education to be **immunized against measles, mumps, and rubella**.

In addition, NYS Public Health Law §2167 requires institutions, including colleges and universities, to distribute information to students about meningococcal disease and vaccination to all students. Students must comply with this law by reading the required information about meningitis and completing the meningococcal vaccination response form available on your SOLAR account.

**The Student Health Form has three (3) parts:**

**Part I** – Health History; **Part II** – Physical Examination; **Part III** – Immunization History.

**YOU MUST COMPLETE PART I BEFORE GOING TO A HEALTH PRACTITIONER FOR EXAMINATION.**

**SUBMIT THE COMPLETED FORM TO THE ABOVE ADDRESS AT LEAST 2 WEEKS BEFORE ATTENDING ORIENTATION.**

The Registrar will block the registration of any student who is not in compliance. The Health Sciences Schools will not authorize students to begin their clinical education unless their physical examination, required laboratory tests, and record of immunizations comply with the requirements listed below.
