English Teacher Candidate Disciplinary Standards Evaluation Form

NCTE Thematic Standards – Performance Evidence

Teacher Candidate: ___________________________  USBID: ___________________________

Cooperating Teacher or University Instructor: ___________________________  Grade/

Course: ___________________________

Choose One:  ◯ Methods I  ◯ Grades 7-9 Student Teaching Placement

◯ Methods II  ◯ Grades 10-12 Student Teaching Placement

DIRECTIONS
The National Council of Teachers of English requires accredited education programs to provide performance evidence showing how well teacher candidates can plan and practice instruction aligned with NCTE Standards. This form evaluates our English teacher candidates’ progress in meeting standards for Attitudes, Knowledge, and Pedagogy (Standards 2-4). Stony Brook instructors should use this form to evaluate lesson and unit planning in the methods courses, checking only the
boxes for “PLANNING.” Cooperating teachers and student teaching seminar instructors should complete this form for student teachers’ PLANNING and TEACHING.

</table>
instruction such as textbooks, other print materials, videos, films, records, and software, appropriate for supporting the teaching of English language arts.

4.2 The candidate aligns curriculum goals and teaching strategies with the organization of classroom environments and learning experiences to promote whole-class, small-group, and individual work.

Demonstrates limited ability to design instruction to meet the needs of all students and provide for students' progress and success;

Aligns curriculum goals and teaching strategies with the organization of classroom environments and learning experiences to promote whole-class, small-group, and individual work.

Creates literate classroom communities by presenting varied structures and techniques for group interactions by employing effective classroom management strategies and by providing students with opportunities for feedback and reflection;

4.3 The candidate integrates interdisciplinary teaching strategies and materials into the teaching and for instruction such as textbooks, other print materials, videos, films, records, and software, appropriate for supporting the teaching of English language arts;

Integrates interdisciplinary teaching strategies and materials into the teaching and for instruction such as textbooks, other print materials, videos, films, records, and software, appropriate for supporting the teaching of English language arts;

Integrates interdisciplinary teaching strategies and challenging, engaging materials different kinds of curricula and related teaching resources and selects or creates instructional materials that are consistent with what is currently known about student learning in ELA;

Uses few interdisciplinary teaching strategies and materials;

Integrates interdisciplinary teaching strategies and materials into the teaching and

Works with teachers in other content areas to help students connect important ideas,
the teaching and learning process for students.

4.4 The candidate creates and sustains learning environments that promote respect for, and support of, individual differences of ethnicity, race, language, culture, gender, and ability. Shows limited ability to create learning environments that promote respect for, and support of, individual differences of ethnicity, race, language, culture, gender, and ability; Creates and sustains learning environments that promote respect for, and support of, individual differences of ethnicity, race, language, culture, gender, and ability; Creates and sustains high-level, engaging learning environments that promote respect for, and support of, individual differences of ethnicity, race, language, culture, gender, and ability; Creates opportunities for students to analyze how social context affects language and to monitor their own language use and behavior in terms of demonstrating respect for individual differences of ethnicity, race, language, culture, gender, and ability; Concepts, and skills within ELA with similar ones in other disciplines.

4.5 The candidate engages students often in meaningful discussions for the purposes of interpreting and evaluating ideas presented through oral, written, and/or visual forms. Demonstrates limited ability to engage students effectively in discussions for the purposes of interpreting and evaluating ideas presented through oral, written, and/or visual forms. Engages students often in meaningful discussions for the purposes of interpreting and evaluating ideas presented through oral, written, and/or visual forms. Engages students often in meaningful discussions (in which most students actively participate) for the purposes of interpreting and evaluating ideas presented through oral, written, and/or visual forms. Helps students to participate in dialogue within a community of learners by making explicit for all students the speech and related behaviors appropriate for conversing about ideas presented...
4.6 The candidate engages students in critical analysis of different media and communications technologies.

- Shows limited ability to enable students to respond critically to different media and communications technologies;
- Engages students in critical analysis of different media and communications technologies;
- Engages students in increasingly challenging critical analysis of different media and communications technologies;
- Engages students in increasingly challenging critical analysis of different media and communications technologies and their effect on students’ learning;

4.7 Candidate engages students in learning experiences that consistently emphasize varied uses and purposes for language in communication.

- Demonstrates infrequent use of instruction that promotes understanding of varied uses and purposes for language in communication;
- Engages students in learning experiences that consistently emphasize varied uses and purposes for language in communication;
- Engages students in higher-order learning experiences that consistently emphasize varied uses and purposes for language in communication;
- Integrates throughout the ELA curriculum learning opportunities in which students demonstrate their abilities to use language for a variety of purposes in communication;

4.8 Candidate engages students in making meaning of texts through personal response;

- Demonstrates limited ability to engage students in making meaning of texts through personal response;
- Engages students in making meaning of texts through personal response;
- Engages students in discovering their personal response to texts and ways to connect such responses to other larger meanings and critical stances;
- Engages students in discovering their personal response to texts and ways to both analyze those responses and connect them to other larger meanings and
4.9 Candidate demonstrates that students can select appropriate reading strategies that permit access to, and understanding of, a wide range of print and nonprint texts.

- Demonstrates limited ability to provide students with relevant reading strategies that permit access to, and understanding of, a wide range of print and nonprint texts;

- Demonstrates that their students can select appropriate reading strategies that permit access to, and understanding of, a wide range of print and nonprint texts.

- Demonstrates how reading comprehension strategies are flexible for making and monitoring meaning in both print and nonprint texts and teaches a wide variety of such strategies to all students.

4.10 Candidate integrates assessment consistently into instruction by using a variety of formal and informal assessment activities and instruments to evaluate processes and products, and

- Fails to use formal and informal assessment activities and instruments to evaluate student work;

- Fails to employ a variety of means to interpret and report assessment results;

- Integrates assessment consistently into instruction by:

  - Using a variety of formal and informal assessment activities and instruments to evaluate processes and products;

  - Establishing criteria and developing strategies for assessment that allow all students to understand what they know and can...
Creating regular opportunities to use a variety of ways to interpret and report assessment methods and results to students, parents, administrators, and other audiences; noting at least informally the role student engagement plays in such assessment methods;

Interpreting the individual and group results of any assessments and drawing upon a variety of information in these assessments to inform instruction;

Assisting all students in becoming monitors of their own work and growth in speaking, listening, writing, reading, enacting, and viewing;

Explaining to students, parents, and others concerned with education how students are assessed.
