- **Saturday classes: Finals are scheduled for Saturday, May 16, 2009 during the scheduled class time.**

\*\* The last exam of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Exam Period. Exceptions may only be granted by the dean for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.

**NOTES:**

1. To determine the time and date of your examination, find the time your class **lecture** meets (or the “common exam” box for large multi sectioned courses) and look to the left of the row to find the **day** of the exam, and to the top of the column for the **time**.
2. If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the exam for a class that begins at 10:45 AM on Monday will be held at the time indicated for classes that meet at 10:40 – 11:35 AM on M/W/F).
3. Classes that meet on MW 5:00-6:50 will hold their exams during the MW 5:20-6:40 exam time slot and classes that meet on TUTH 5:00-6:50 will hold their exam during the TUTH 5:20-6:40 time slot.
4. Unless otherwise noted, the examination will be given in the room where the regular class is held.
5. **It is the student’s responsibility to plan a program that avoids exam conflicts and too many exams in the same day.** Students taking evening classes must be especially careful to avoid exam conflicts between their evening course exams and the common exams. Instructors are not obligated to give makeup examinations to students.
6. Students who enroll in BIO 203 should avoid enrolling in any class that meets TuTh 5:20-6:40.
