This historic and transformative $150 million investment by Drs. Jim and Marilyn Simons and the Simons Foundation will enable scientists and physicians working side by side to address the most critical health care challenges of our time. This gift will also strengthen the University’s ability to attract and retain the most exceptional scholars and researchers and the best and brightest students campuswide.

**A Commitment to Medical Leadership**

- Medical and Research Translation Building: $50 million
- Medical Faculty Positions: $28 million
- Clinical Director Positions: $16 million
- Graduate Fellows in Medicine: $6 million

**A Dedication to Academic Excellence Challenge Grant**

- New Endowed Professorships: $25 million
- Academic Program Endowments: $14 million
- Undergraduate and Graduate Scholarships: $10 million
- First-Time Donor Alumni Matching Program: $1 million

Together with funds raised from other private donors matched by the Academic Excellence Challenge Grant, the Simons Gift will have a **total impact of $200 million on Stony Brook.**
