

# Spring 2010 Registration

## Have you looked up your Appointment for Spring registration yet?

You can find that information on your Solar,  
Student Records and Registration > Enrollment Dates

## Please remember that we are enforcing all pre-requisites this semester.

If you get the "Requisites Not Met" error,  
you will need to see the instructor for that class to get permission for the course.

When using Class Search to search for Southampton Classes, the **BEST** and **Easiest** way to find Southampton courses is to use the "**Campus**" drop down option listed under "Additional Search Criteria".

The screenshot shows the 'Class Search' form with several fields. A green box highlights the 'Additional Search Criteria' section. A callout box points to the 'Show Open Classes Only' checkbox, which is currently checked. Another callout box points to the 'Campus' dropdown menu, which is set to 'Southampton Campus'. A third callout box points to the 'select subject' link at the top of the form.

If you want to see Open and Closed courses, Unclick,  Show Open Classes Only

If you use the **Select Subject** link, remember most Southampton courses have an "**S**" designator, such as AMS-S, but some Do Not - They are CSK, EDP, EHI, EHM, ENV, SBC and SUS.
