Secondary Education and Teacher Certification Programs in English; Foreign Languages (French, German, Italian, Spanish); Mathematics; Sciences (Biology, Chemistry, Earth Sciences, Physics); and Social Studies

Pre-Kindergarten through Grade 12 Certification in Teaching English to Speakers of Other Languages (TESOL)

Affiliated Faculty

Charles Backfish, History, A.M.
Robert Bloomer, European Languages, Literatures, and Cultures, Ph.D.
David Bynum, Biochemistry and Cell Biology, Ph.D.
Patricia Dunn, English, D.A.
Georges Fouron, Africana Studies, Ed.D.
Charles Franco, European Languages, Literatures, and Cultures, Ph.D.
Lawrence Frohman, History, Ph.D.
Daryll Geller, Mathematics, Ph.D.
Caren Gough, Biochemistry and Cell Biology, M.S.
Gil Hanson, Geosciences, Ph.D.
Joy Janzen, Linguistics, Ph.D.
Sarah Jouard, European Languages, Literatures, and Cultures, Ph.D.
Paul Kaplan, Psychology, Ph.D.
Harvey Karron, History, M.S./M.A.
Eugene Katz, Microbiology, Ph.D.
Dorit Kaufman, Linguistics, Ph.D.
Nadia Kennedy, Mathematics, Ed.D.
Robert Kerber, Chemistry, Ph.D.
Joan Kuchner, Child and Family Studies, Ph.D.
Mario LaMantia, History, M.A.
Mike Ledgerwood, European Languages, Literatures, and Cultures, Ph.D.
Kenneth Lindblom, English, Ph.D.
Michael LoMonico, English, M.A.
Natalie Lukas, NYC Student Teaching Supervisor, M.S., M.S.
Karen Lund, English, M.A.
Irene Marchegiani, European Languages, Literatures, and Cultures, Ph.D.
Bernard Maskit, Mathematics, Ph.D.
Robert McCarthy, Physics and Astronomy, Ph.D.
Francisco Ordenez, Hispanic Languages, Literatures, and Cultures, Ph.D.
Linda Padwa, Biochemistry and Cell Biology, M.A.T., M.A.
Anthony Phillips, Mathematics, Ph.D.
Neil Portnoy, Mathematics, Ph.D.
Lori Repetti, Linguistics, Ph.D.
Prosper Sanou, European Languages, Literatures, and Cultures, Ph.D.
Wolf Schafer, History, Ph.D.
Eli Seflin, SUTEC, Ph.D.
Scott Sutherland, Mathematics, Ph.D.
Kathleen Vernon, European Languages, Literatures, and Cultures, Ph.D.
Bente Videbaek, English, Ph.D.
Judith Wiegand, Mathematics, M.S.
Anne Wilding, Linguistics, P.D., M.A.
Zuzana Zachar, Biochemistry and Cell Biology, Ph.D.
Ximena Zate, Linguistics, Ph.D.

Adjunct Faculty:
Estimated number: 15
Teaching Assistants:
Estimated number: 2

The Professional Education Program offers programs to prepare students to become teachers of academic subjects in secondary schools (grades 7 through 12) and to become teachers of English to speakers of other languages (TESOL) in grades Pre-K through 12. Stony Brook's teacher certification programs are registered and approved by the New York State Education Department.

Students complete the requirements of either a Departmental major or an interdisciplinary major in addition to teacher certification. It is recommended that students consult their planned major department as early as the second semester of the freshman year but no later than the second semester of their sophomore year to determine if the major includes the teacher education option. It is necessary to apply for admission to the Professional Education Program and to obtain guidance from program coordinators in completing teacher education and departmental major requirements for a degree. Teacher Education programs are offered in the following subject areas:

1. Certification Grades 7 through 12:
   - English
   - Foreign Languages: French, German, Italian, and Spanish
   - Mathematics

2. Certification Grades Pre-K through 12:
   - Teaching English to Speakers of Other Languages (TESOL)

University-Wide Coordination of the Programs

The various programs, each of which is registered and approved by the New York State Education Department, are coordinated by the Nationally Accredited Professional Education Program (PEP). PEP performs a major role in the Long Island region by coordinating, supporting, strengthening, and developing: 1) undergraduate and graduate (pre-service) and graduate (in-service) teacher certification and teacher education; 2) educational research and development; and 3) school-university partnership programs. PEP has had a significant positive impact upon the Long Island region and is widely recognized as a symbol of Stony Brook University's commitment to teacher education.

The University-wide approach to teacher education adopted by Stony Brook provides graduates of our teacher education programs with the intellectual rigor of an academic major as well as a valuable professional credential that qualifies them to teach in New York State and many other
Courses Related to the Teacher Education Programs

See the Course Descriptions listing in this Bulletin for complete information.

Courses Offered in English (for Secondary Teacher Education Program)
EGL 440 Performance and Technology in Teaching Literature and Composition
EGL 441 Methods of Instruction in Literature and Composition
EGL 449, 450 Field Experience, Grades 7-12
EGL 451 Supervised Student Teaching—English; Middle Level Grades 7-9
EGL 452 Supervised Student Teaching—English; High School Grades 10-12
EGL 454 Student Teaching Seminar

Courses Offered in Foreign Language Secondary Teacher Education
FLA 339 Methods and Materials in the Teaching of Foreign Languages
FLA 340 Curriculum Development and Micro-Teaching
FLA 349 Introduction to Technology for Language Teaching
FLA 440 Foreign Language Acquisition Research
FLA 449, 450 Field Experience, Grades 7-12
FLA 451 Supervised Student Teaching: Middle School Level Grades 7-9
FLA 452 Supervised Student Teaching: High School Grades 10-12
FLA 454 Student Teaching Seminar

Courses Offered in Mathematics Secondary Teacher Education
MAE 301 Foundations of Secondary School Mathematics
MAE 302 Methods and Materials for Teaching Secondary School Mathematics
MAE 311 Introduction to Methods of Teaching Secondary School Mathematics
MAE 312 Micro-Teaching
MAE 330 Technology in Mathematics Education
MAE 447 Directed Readings in Mathematics Education
MAE 451 Supervised Teaching—Middle School Level Grades 7-9
MAE 452 Supervised Teaching—High School Grades 10-12
MAE 454 Student Teaching Seminar

Courses Offered in Science Secondary Teacher Education
SCI 410 Pedagogy and Methods for Science Education I
SCI 420 Pedagogy and Methods for Science Education II
SCI 447 Directed Readings in Science Education
SCI 449, 450 Field Experience, Grades 7-12
SCI 451 Supervised Teaching-Science: Middle Level Grades 7-9
SCI 452 Supervised Teaching-Science: High School Grades 10-12
SCI 454 Science Student Teaching Seminar
SCI 475 Undergraduate Teaching Practicum
SCI 487 Applied Research

Courses Offered in Social Studies Education (for Secondary Teacher Education Program)
PSY 327 Human Growth and Development in the Educational Context
SSE 350 Foundations of Education
SSE 397 Teaching Social Studies
SSE 398 Social Studies Teaching Strategies
SSE 447 Directed Readings in Social Studies Education
SSE 449, 450 Field Experience, Grades 7-12
SSE 451 Supervised Student Teaching—Middle Level Grades 7-9

General Information

Certification is not automatic. Upon successful completion of the University's program, the student must apply for state certification by doing the following:

1. Complete the necessary application forms available from the Office of Teacher Certification
2. Complete the certificate requirements for Identification and Reporting of Child Abuse and Maltreatment, Substance Abuse Recognition and Referral, School Violence Prevention and Intervention, and Fingerprint Clearance.
3. Pass the New York State Teacher Certification Examinations (NYSTCE)

The Career Placement Center helps students in three ways. Through its credential service, recommendations supporting students in their application for jobs are kept on file. Copies of these recommendations are sent to prospective employers upon request. The center also posts announcements for teaching jobs available locally and in schools around the country. Students seeking employment in school districts off Long Island are invited to participate in the Long Island Teachers Recruitment Consortium. For more information, contact the Career Placement Center at (631) 682-6810 (Voice/TDD).

http://www.stonybrook.edu/ugbulletin
The Professional Education Programs follow guidelines set forth by the College of Arts and Sciences regarding rules effecting probation and/or academic dishonesty for undergraduate students matriculated in teacher education programs. Please refer to other sections of the Undergraduate Bulletin for additional information.

Requirements of the Teacher Education Programs

Students applying for certification must satisfy the following requirements:

1. Students must formally apply for admission to one of the six teacher certification programs by completion of the appropriate application with supporting documentation and “declaration of major form.” An essay (minimum 300 words) on a topic germane to education is required of all students. Admission requirements may also include interviews and submission of writing samples. Registration in methods courses as well as other certification courses requires admission to the Professional Education Program. For some courses, approval of the PEP Program Director may be required. Submission of the application by the end of the sophomore year is recommended.

2. Students must complete all requirements of their chosen academic major, with a minimum of 36 credits in the content field required for teacher certification. Stony Brook requirements exceed NYSED requirements in most instances. Be sure to check specific requirements relative to the content area in which you wish to be certified with the appropriate Program Director.

3. Students must complete all pedagogy credits in the professional study of education (credits vary according to the specific certification program) including foundation and literacy courses, and 100 hours of fieldwork prior to student teaching with specific experiences dealing with areas related to high-needs districts, ethnic and cultural diversity, inclusion of students with special needs, integration of technology in the curriculum, literacy across all curricula, and other selected topics.

4. Students must complete 75 days of supervised student teaching.

5. All teacher candidates must have one year of a language other than English at the college level on a transcript of record. This requirement may be met through the study of American Sign Language as well as foreign languages. Please note that some majors have more extensive language requirements.

6. Students should maintain a cumulative g.p.a. of 2.75 to remain in good standing. A student who earns less than a C in either of two methodology courses and/or the student teaching seminar must repeat the course, as well as the associated field experience, and earn a satisfactory grade before being permitted to advance to the next course in the professional education sequence. A student who earns below a C in either the foundations or literacy courses must earn a satisfactory grade in these courses prior to being accepted for student teaching placement. Students must also meet program standards on all PEP performance assessments to remain in good standing and advance through the program. Professional education courses may only be repeated once. Students must complete all courses required for the major, cognate fields, and professional licensure before they will be allowed to student teach.

Note: In some instances, departmental requirements may vary from the standards outlined above. It is incumbent upon the student to contact the Teacher Education Program Director within their department or division for updates to these requirements. Requirements for degree and certification are subject to change; it is the responsibility of the individual student to consult the PEP Guide to Teacher Education for current regulations and further information.

The Liberal Arts and Sciences Test (LAST) is an assessment of general knowledge, concerned with basic verbal and mathematical reasoning. The Content Specialty Test (CST) is an assessment of knowledge in the cognitive field and is predicated around the guidelines in a specific content area, grades 7-12. The Assessment of Teaching Skills–Written (ATS-W) is an assessment of knowledge of pedagogy and teaching methodology as it relates to a specific cognitive area.

Effective February 2004, all candidates for Initial License must have passed the LAST (Liberal Arts and Sciences Test), ATS-W, and CST to quality for state certification. There are five test dates per annum and no more than two tests can be taken on any given test date. The LAST must be taken no later than December for students who plan to student teach the following fall, and no later than July for students who plan to student teach in the spring semester. The other two tests should be taken at the first test administration during student teaching.

Prior to filing for certification, all teacher candidates must have their fingerprints cleared by the Division of Criminal Justice Services. In addition, all teacher candidates must have successfully completed two-hour seminars/workshops in Identification and Reporting of Child Abuse and Maltreatment, Substance Abuse Recognition and Referral, and School Violence Prevention and Intervention. Certificates of Completion for these workshops must accompany the application for license along with transcripts from all institutions attended that contain coursework relevant to the specific license. This coursework must contain content, pedagogy, field experience including student teaching, and a minimum of one year of language other than English at the college level. The language requirement may vary by major and in some instances may require completion of two years of language.

7. Additional requirements set by the academic department in charge of the certification area.

Note: Courses taken for Pass/No Credit may not be used to satisfy the preparation in professional education component of any Teacher Education Program.

The following sections describe specific requirements for each of the University's Teacher Education Programs.
English Secondary Teacher Education Program

PROGRAM DIRECTOR: Kenneth Lindblom, Ph.D., Department of English

Students majoring in English and seeking initial certification as secondary school English teachers are required to have a departmental advisor. They are asked to consult with the coordinator of English teacher education as soon as they have decided to seek certification.

Requirements for Initial Certification

A. All requirements for the major in English with a minimum of 36 credits in the cognate field.
B. A 3.00 grade point average.
C. A writing sample that best reflects the candidate's good writing skills.
D. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. EGL 440 Performance and Technology in Teaching Literature and Composition
   4. EGL 441 Methods of Instruction in Literature and Composition
   5. EGL 449 Field Experience I
   6. EGL 450 Field Experience II
   7. LIN 344 Language Acquisition and Literacy Development
   8. EGL 451 Supervised Teaching—Grades 7-9
   9. EGL 452 Supervised Teaching—Grades 10-12
   10. EGL 454 Student Teaching Seminar

Note: To be eligible for EGL 441, students must have declared an English major and the teacher education program, and have taken at least one 300-level English course. The Program has established a number of specific requirements that may be satisfied through the courses taken to fulfill the requirements for the major. Consult with the Program Director for detailed information.

Foreign Languages Secondary Teacher Education Program

PROGRAM DIRECTOR: Sarah Jourdain, Ph.D., Department of European Languages, Literatures, and Cultures

This program prepares students to be teachers of French, German, Italian, and/or Spanish in the secondary schools. It satisfies all requirements for New York State initial certification for the teaching of Languages Other Than English (LOTE), grades 7-12. This program is only open to students with majors in French, German, Italian, or Spanish.

Students who wish to enter this program are expected to consult the program director and establish an advising folder prior to the beginning of the junior year. Failure to do so may result in delays in meeting the certification requirements. The program is designed to be completed sequentially in the last two years of the teacher candidate's degree program. The final semester of the program is a full-time student teaching experience in a regional school with accompanying evening seminar at the University.

Requirements for Initial Certification in Any of the Languages

A. Completion of the requirements for the major in French, German, Italian, or Spanish

B. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. FLA 339 Methods and Materials in the Teaching of Foreign Languages and Field Experience I
   4. FLA 340 Curriculum Development and Micro-Teaching and Field Experience II
   5. LIN 344 Language Acquisition and Literacy Development
   6. FLA 449 Field Experience I
   7. FLA 450 Field Experience II
   8. FLA 451 Supervised Teaching—Foreign Language, Grades 7-9
   9. FLA 452 Supervised Teaching—Foreign Language, Grades 10-12
   10. FLA 454 Student Teaching Seminar

Requirements for Initial Certification in French, German, or Italian Secondary Teacher Education Program

Students are urged to take as many advanced language courses as possible and participate in a study abroad program prior to student teaching. Students must complete 36 credit hours of courses in the language to be eligible for certification. Courses taught in English will not satisfy the language requirement for certification purposes.

Prior to student teaching, students must participate in an official ACTFL OPI (Oral Proficiency Interview) and receive a minimum spoken proficiency rating of Advanced-Low as defined in the ACTFL Proficiency Guidelines-Speaking (1999). Students must contact Language Testing International (LTI) and arrange for either a face-to-face OPI or a phone interview.

Students wishing to prepare for dual certification (i.e., certification in two foreign languages) should consult the advisor for foreign language teacher education.

Notes:

1. To be eligible for FLA 339, the student must have declared a language major and the teacher education program, and have taken at least one 300-level language course and one 300-level literature course. Both FLA 339 and FLA 340 must be successfully completed prior to student teaching.
2. To be eligible for student teaching, students must have maintained a 3.00 g.p.a. in the major and a 2.75 g.p.a. overall.
3. Students should consider FLA 439, Introduction to Technology for Language Teaching, and FLA 440, Foreign Language Acquisition Research, in choosing electives for their major.

French, German, or Italian Secondary Teacher Education Program

Students wishing to prepare for certification as secondary school teachers of French, German, or Italian, or any combination of two languages, including Spanish, should consult appropriate departmental advisors concerning requirements and procedures for the teacher education program. Those seeking certification in German are urged to take GER 411, 412, and 438 in addition to the courses required for the major and certification.

http://www.stonybrook.edu/ug bulletin
Spanish Secondary Teacher Education Program

Students who wish to prepare for certification as secondary school teachers of Spanish should choose SPN 462, 463 or 465 in satisfying major Requirement A.5. They should consult appropriate departmental advisors concerning additional requirements and procedures in the teacher education program.

Mathematics Secondary Teacher Education Program

PROGRAM DIRECTOR: Bernard Maskit, Ph.D., Department of Mathematics
PROGRAM CO-DIRECTOR: Bernard Maskit, Ph.D., Department of Mathematics

This program prepares students to be teachers of mathematics in the secondary schools and satisfies all requirements for New York State initial certification for teaching mathematics, grades 7-12. It is only open to students with majors in Mathematics or Applied Mathematics and Statistics.

Students wishing to enroll in the program should register with the Coordinator of the Mathematics Secondary Teacher Education Program as soon as they have completed the basic requirements of one year of calculus, linear algebra, and MAT 200. To enroll in the program, students must have grades of C or higher in each of these courses, with an average grade of at least B.

Requirements for Initial Certification

A. Completion of either the mathematics or the applied mathematics and statistics major.
B. Completion of, or exemption from, the following courses:
   • MAT 200 Language, Logic, and Proof;
   • MAT 312 Applied Algebra
   • MAT 319 Foundations of Analysis
   • MAT 336 History of Mathematics
   • MAT 360 Geometric Structures
   • AMS 310 Probability and Statistics
C. Professional educational requirements:
   1. MAE 301 Foundations of Secondary School Mathematics
   2. MAE 302 Methods and Materials for Teaching Secondary School Mathematics
   3. MAE 311 Introduction to Methods of Teaching Secondary School Mathematics
   4. MAE 312 Micro-Teaching
   5. MAE 447 Directed Readings in Mathematics Education
   6. PSY 327 Human Growth and Development in the Educational Context
   7. SSE 350 Foundations of Education
   8. LIN 344 Language Acquisition and Literacy Development
   9. MAE 451 Supervised Teaching—Grades 7-9
   10. MAE 452 Supervised Teaching—Grades 10-12
   11. MAE 454 Student Teaching Seminar

Notes:
1. To be eligible for MAE 301/311, students must have declared a major in either mathematics or applied mathematics and statistics, and the teacher education program.
2. To be eligible to student teach, students must have:
   • a minimum cumulative g.p.a. of 2.75;
   • a grade of C or higher but with a minimum g.p.a. of 2.75 total in: all courses required for the MAT or AMS major; AMS 310; MAT 336; MAE 301, 302, 311, 312, 447; PSY 327, SSE 350; LIN 344.
   • a minimum g.p.a. of 2.50 in the MAE courses above.
3. With the permission of the Director of Mathematics Education, a well-prepared student may substitute MAT 313 for MAT 312, or MAT 320 for MAT 319, or MAT 364 for MAT 360.
4. Students are strongly encouraged to take MAE 330, AMS 301, and a one-year sequence that uses mathematics in physics, chemistry, biology, engineering science, or economics.

Science Secondary Teacher Education Program

ACTING PROGRAM DIRECTOR: Linda Padwa, M.A., Department of Biochem. and Cell Biology
PHONE: (631) 632-7075
WEB ADDRESS: http://www.sunysb.edu/sep

The Science Secondary Teacher Education Program offers undergraduate science education courses satisfying New York State requirements for initial certification as a secondary school teacher of biology, chemistry, earth science, general science, and physics. This program is only open to students with majors in biology, chemistry, earth and space sciences, physics.

Consult the Science Secondary Teacher Education Program concerning professional development courses. While Professor Padwa will advise regarding professional education requirements toward certification, students should approach departmental Teacher Education Program Directors for advice concerning content requirements only relative to obtaining a license within a given cognate field.

Biology Secondary Teacher Education Program

This program is designed for students preparing to teach biology in secondary schools. Consult the director of undergraduate studies in biology for more details about appropriate biology courses. The content Director for undergraduate Biology majors is Dr. Eugene Katz.

Chemistry Teacher Preparation Program

This program is designed for students preparing to teach chemistry in secondary schools. Consult the director of undergraduate studies in chemistry for more details about appropriate chemistry courses. The content Director for the undergraduate Chemistry program is Dr. Robert Kerber.

Earth Sciences Secondary Teacher Education Program

This program is designed for the student who is preparing to teach earth sciences in secondary schools. Consult the director of undergraduate studies in the Department of Geosciences for further details about appropriate disciplinary courses. The content Director for the undergraduate Earth Science program is Dr. Gilbert Hanson.

General Science Secondary Teacher Education Program

This program is designed for the student who is preparing to teach general science in the secondary schools. This course of study can be requested at the time of certification in any of the other sciences. Forty credits in Science are required for certification. Consult the PEP Science Education Coordinator for further details about appropriate disciplinary courses.

http://www.stonybrook.edu/ugbulletin
### Pathways to Certification

Students must apply for admission and be formally accepted into each program.

### Professional Licensure

- Three years of teaching at Level (first year–mentored)
- Functionally relevant Master’s Degree
- NYSTCE; ATS-P

### License Maintenance

- 175 hours of in-service coursework within 5 years

### Notes

1. All teachers in New York State must be U.S. citizens or non-U.S. citizens who are lawful permanent residents, otherwise they will not be licensed.
2. New NYSED requirements are effective February 2004.
3. Please note that segments dealing with Integration of Technology in the Curriculum, Inclusion of the Special Child, Multi-Culturalism and Diversity in the Classroom, and Literacy (the teaching of reading and writing English in each content field) must be included in a) the two foundations courses, b) the methods courses, and c) a specially designed course that will be taught across the curricula.

++ Fieldwork is a co-requisite of each methods course.

* One year of a language other than English is required of all teachers in the State of New York, and may include American Sign Language (ASL).

** Two years of a language other than English is required for TESOL and may include ASL.

# All teachers are required to submit evidence of completion of Child and Substance Abuse, and Violence Prevention Seminars. Fingerprint certification is also required.

## All teachers must submit evidence of completion of the LAST, ATS-W, and CST.

---

### Physics Secondary Teacher Education Program

This program is designed for the student who is preparing to teach physics in secondary schools. Consult the director of undergraduate studies in physics for further details about appropriate physics courses. The content Director for the undergraduate Physics program is Dr. Robert McCarthy.

### Requirements for Initial Certification in Any of the Sciences

A. Completion of the requirements for the biology, chemistry, earth and space science or physics major

B. Professional educational requirements:

1. PSY 327 Human Growth and Development in the Educational Context

2. SSE 350 Foundations of Education

3. LIN 344 Language Acquisition and Literacy Development (3 credits)

4. SCI 410 Pedagogy and Methods for Science Education I

5. SCI 420 Pedagogy and Methods for Science Education II

6. SCI 449 Field Experience I

---

**http://www.stonybrook.edu/ugbulletin** 185
Requirements for Initial Certification

A. Preparation in Social Sciences
   1. A major in one of the following social science departments: Africana Studies, Anthropology, Economics, History, Political Science, or Sociology. These are the only majors that are acceptable for social studies certification.
   2. A minimum of 48 credits in the social sciences, including courses in the departments mentioned above but excluding psychology, linguistics and multidisciplinary studies. Students should note that not all courses offered through interdisciplinary programs (Africana Studies and Women's Studies, in particular) are considered social science courses for the purpose of state certification. Check with a program advisor before enrolling in such courses.

3. The Program has established a number of specific requirements that must be satisfied through the 48 social science credits required by the program. Consult with the Program Director for detailed information.

B. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. LIN 344 Language Acquisition and Literacy Development
   4. SSE 397 Teaching Social Studies
   5. SSE 398 Social Studies Teaching Strategies
   6. SSE 449 Field Experience I
   7. SSE 450 Field Experience II
   8. SSE 451 Supervised Teaching—Social Studies, Grades 7-9
   9. SSE 452 Supervised Teaching—Social Studies, Grades 10-12
   10. SSE 454 Student Teaching Seminar

Notes:
1. To enroll in SSE 397/449, students must have declared a major in an appropriate social science department, and been accepted into the teacher education program.
2. Courses taken for Pass/No Credit may not be used to satisfy the 48-credit Requirement A, Preparation in Social Science.
3. Business courses may not be used to satisfy the economics course requirement.
4. Students must have a g.p.a. of 2.75 or higher to qualify for student teaching.

Teaching English to Speakers of Other Languages (TESOL) Pre-K-12 Teacher Education Program

INTERIM PROGRAM DIRECTOR: Ximena Zate, Ph.D., P.D., Department of Linguistics

The TESOL Teacher Education Program prepares undergraduates for initial certification as Pre-K-12 social studies teachers. Students wishing to apply to the program should consult with the program director as early as possible in their academic careers to insure completion of program requirements in a timely manner.

Requirements for Initial Certification

A. Completion of all requirements for the major in Linguistics.
B. A 3.00 g.p.a. in the major and a 2.75 g.p.a. overall.
C. Two years of college-level study of a language or languages other than English. (Completion of Skill 3 Basic Foreign Language Competence satisfies the first year of this requirement.)

D. Linguistics and foundations courses:
   • LIN 101 Introduction to General Linguistics
   • LIN 201 Phonetics
