- Vehicle Class 3 to Class 8 (GVWR 10,001 lbs. and higher)
- Private, Public and Non-Profit Fleets
- Domiciled and Operate 70% time in 30 Non-Attainment NY Counties
Rubber Meets Road: DHL EVs

• 22 all-electric (BEV) cargo vans used in NYC
• Zenith Motors creates opportunities for electrification
• NYT-VIP creates flexibility to right-size vehicles and range for fleet needs
Rubber Meets Road: Verizon Hybrids

- 238 hybrid-electric vans replace gasoline-powered NYC fleet
- Produced by XL and funded by NYT-VIP
- Verizon chief sustainability officer: “And with the addition of these hybrid vehicles, our fleet is as efficient as ever as we continue to use less full year after year.”
