Opportunities Week of October 26, 2018

**Micro-Mentoring Application:** The Career Center is currently accepting applications for a Micro-Mentoring Session. If you are interested having a one-time career conversation (micro-mentoring) with an alum who’s working in the career field you are interested in possibility pursuing, this is the perfect time! Networking is the process of meeting people, having conversations, exchanging information, and nurturing relationships. A good network of professional contacts can help you stand out in an applicant pool, be considered for opportunities to grow, and potentially lead to promotion.

To fill out the application for a mentoring session, see [here](#).

**SBU Pre-Dental Society Opportunities:**

**Community Service:** The next opportunity to volunteer at the Child Care Center is on Tuesday, October 30th, 3:00-5:00 PM. This is a first-come first-serve basis that you must sign up for in advance. To sign up, please see [https://goo.gl/forms/jHQqFThMMrx6tv2u1](https://goo.gl/forms/jHQqFThMMrx6tv2u1)

**Greater New York Dental Meeting:** The GNYDM is the largest professional dental meeting in the northeast and is an amazing opportunity to learn about various aspects of dentistry, explore different exhibits and grab some free stuff. This is a business casual event. Meeting will be held on Sunday, November 25th at the Javits Center in New York City. The deadline to sign up to volunteer is October 28th. To sign up, you must fill out BOTH of the following forms: [https://goo.gl/forms/pUQxjcDaM1tqRWWD2](https://goo.gl/forms/pUQxjcDaM1tqRWWD2) and [https://www.gnydm.com/about/host-volunteers/](https://www.gnydm.com/about/host-volunteers/)

**Discover Dental School Summer Scholars Program:** This is a weeklong program from July 29-August 3, 2019, where students are exposed to every aspect of dentistry including all specialities. The applications is now open. To apply, see [http://dentistry.stonybrookmedicine.edu/student/discover](http://dentistry.stonybrookmedicine.edu/student/discover)

**Stowers Institute for Medical Research:** Stowers is a non-profit institution dedicated to improving human health through basic biomedical research. Our laboratories are run by established scientists who publish in top peer-reviewed journals and perform cutting-edge research in fields such as chromatin biology, neuroscience, developmental biology, and cell division.

**Stowers Summer Scholars Program:** This is an eight-week commitment during the summer, in which Stowers Scholars spend the majority of their time in the laboratory. All Scholars are required to attend weekly scientific seminars, a weekly lunch, and present their work in a poster session at the end. Application deadline is February 1, 2019. For more info and eligibility requirements, see [https://www.stowers.org/gradschool/scholars](https://www.stowers.org/gradschool/scholars)

**Ph.D. in Biology at the Stowers Institute:** The research labs are highly collaborative and program includes a $36,000 salary for all students who maintain a good academic standing. The Stowers Institute is located in Kansas City, Missouri. For more info about the Stower Institute’s Graduate programs, see [https://www.stowers.org/gradschool](https://www.stowers.org/gradschool)

**Survey Opportunity:** If you have participated in undergraduate research, researchers at Arizona State University need your help! We are requesting your assistance to improve undergraduate research experiences across the United States! As a part of the Biology Education Research Team at Arizona State University, we are interested in students’ positive and negative experiences in undergraduate research. We would like you to complete a short ~10-minute survey about your experience in undergraduate research. Your input will be completely confidential and used only for educational research; your responses in this study will not have any effect on your research experience and no one from your lab will ever see your answers or opinions. As a token of our thanks, you will be entered to win one of four $50 gift cards from your choice of Starbucks, Chipotle, Amazon, or Target. If you are interested in participating, click the following link to fill out our short survey: [https://asuclas.qualtrics.com/jfe/form/SV_6ng59Tpn4ABqYql](https://asuclas.qualtrics.com/jfe/form/SV_6ng59Tpn4ABqYql)

At the end of the survey, you will have an opportunity to indicate whether you are interested in participating in an online follow up interview to further discuss your experiences in undergraduate research in exchange for a
$15 gift card from your choice of Starbucks, Chipotle, Amazon, or Target.
If you have any questions, please contact Sara Brownell at sara.brownell@asu.edu.

Southern Teachers Job Openings: Southern Teachers is recruiting for the 2019-2020 school year. Southern Teachers is the premier recruiter for private schools in the South. Hundreds of schools throughout the South will thousands of jobs with us, and there will be plenty of jobs for candidates seeking biology teaching jobs. These schools want candidates who have a strong background in biology and a desire to impact the lives of students. A teaching license or education major is NOT generally required.
For more info, see here

*Disclaimer: Undergraduate Biology does not endorse or take responsibility for any off-campus programs listed in Opportunities emails. While we do our best to vet any opportunity that is shared, please let us know immediately if you are suspicious of any employers/programs.
