Opportunities Week of March 6, 2020

**Reminder: URECA Summer Program:** The URECA (Undergraduate Research and Creative Activities) Program supports SB students doing full-time faculty-mentored research or creative activity for ten weeks (i.e. 9-5 Monday-Fridays). At the end of the ten-week period, the URECA participants will prepare abstracts of their work and commit to presenting their work at the University's annual poster symposium in the following spring.

**Application deadline is March 13th, 2020**
For more info and application, see [https://www.stonybrook.edu/commcms/ureca/summer/urecasummer.php](https://www.stonybrook.edu/commcms/ureca/summer/urecasummer.php)

**Reminder: Explorations in STEM:** The Explorations in STEM program -- administered by the Dept. of Technology & Society, URECA and the Career Center -- seeks to provide research/professional development in STEM areas to undergraduate students. Students with demonstrated need (e.g. Pell-eligible students) and/or underrepresented students, particularly freshman/sophomores considering STEM careers, are encouraged to apply. This program particularly encourages the application of students majoring in electrical, mechanical, civil engineering, chemical engineering and/or engineering science. The Explorations in STEM supports SB students doing full-time faculty-mentored research in a STEM field for ten weeks. A major component of the program is the opportunity for students to participate in weekly professional development workshops/events, which include workshops on communicating science, poster design, applying to graduate school, etc. At the end of the ten-week period, the participants prepare abstracts of their work and will be required to present at the closing poster symposium at the end of the summer.

**Application deadline is March 13th, 2020**
For more info and application, see [https://www.stonybrook.edu/commcms/ureca/summer/ExplorationsinSTEM.php](https://www.stonybrook.edu/commcms/ureca/summer/ExplorationsinSTEM.php)

**InnovateIT 2020:** InnovateIT is a 24-hour makeathon on our campus from March 27-28. This year's topic is Health and Wellness and presents an educational opportunity for students to use their skills in business, art, engineering and more to design solutions on an international scale. Students are encouraged to volunteer or participate in InnovateIT as it would be a great way to get involved with the Stony Brook community and work with fellow peers to create out-of-the-box solutions. In addition to the wide range of space, equipment and supplies there will also be seminars, socials, and a keynote speaker, Cathrine Duffy. RSVP is required.

**Event is March 27-28.**
For more info, see attached flyer. Register at [https://www.stonybrook.edu/commcms/innovation/events/innovateit/](https://www.stonybrook.edu/commcms/innovation/events/innovateit/)

**LIU College of Veterinary Medicine Admissions Presentation:** Long Island's first Veterinary Medical School will be opening its doors to its first class this fall. The Stony Brook Pre-Vet Society is excited to bring the schools founder and dean of admissions to Stony Brook University to answer their questions and concerns about the new program.

**Event is April 7, 2020, 4:00PM, Frey Hall Room 309**
For more info, see attached flyer

**Summer Job Opportunity with the Office of Undergraduate Colleges:** The Office of Undergraduate Colleges is in search of a student to fill the Summer Enrollment Assistant position this summer. Summer Enrollment Assistants (S.E.A.) are current Stony Brook Undergraduates that will help on-board and pre-register incoming first-year students to Stony Brook. Students will gain knowledge in the areas of enrollment functionality, data management, and customer service as they work to enroll first year students in classes before they arrive at Stony Brook University. 15-20 hours/per week is required with a $13 hourly pay rate.

**Employment Dates are May 28 – August 23, 2020**
Application Deadline is March 23, 2020
For more info and to apply, see attached flyer and visit https://docs.google.com/forms/d/e/1FAIpQLSeYCW4tHdzlXHulhwY0HcHEM27yZ_XI2-TcXhj7_SpPg2hMyw/viewform

*Disclaimer: Undergraduate Biology does not endorse or take responsibility for any off-campus programs listed in Opportunities emails. While we do our best to vet any opportunity that is shared, please let us know immediately if you are suspicious of any employers/programs.
