Opportunities Week of April 12, 2019

**Seacamp at Newfound Harbor Marine Institute:** Hiring science instructors and other positions to work at their camp in the Florida Keys this summer. Internships and employment throughout the year are also available. A thorough training program and many benefits are provided. 
For more info see the attached file, [https://www.seacamp.org/](https://www.seacamp.org/) and [https://www.nhmi.org/](https://www.nhmi.org/). Our own Assistant Director Nancy Black is a former employee, so you can also contact her at nancy.black@stonybrook.edu if you would like additional information.

**College Advising Corps (CAC) at New York University:** CAC is a full-time program that seeks to increase the number of first-generation college-bound, low-to-moderate income, and underrepresented high school and community college students who enter and persist in college. The CAC achieves this mission by placing near-peer, recent college graduates to serve as full-time college advisers in underserved schools across New York City to provide college application and financial aid guidance to students and their families. CAC is currently hiring young and enthusiastic advisers, specifically on pre-professional paths who are looking to take a gap year to study for the LSAT, MCAT, GRE etc. Advisers are eligible for tuition remission at NYU. 
To learn more, please visit our website at: [www.advisingcorps.org](http://www.advisingcorps.org) Candidates can apply directly by sending a cover letter or resume to jk166@nyu.edu

**Discount on Princeton Review Classes:** The Princeton Review is offering a discount for Stony Brook students on Review classes, online classes, and tutoring to prepare for the MCAT, LSAT, GRE and GMAT. 
For more info, see attached flyer and [www.princetonreview.com/stonybrook](http://www.princetonreview.com/stonybrook)

**TEACHING ASSISTANT POSITION for Self-Management Workshops in Mindfulness:** A great resume builder with a letter of recommendation upon conclusion of the semester. Only 1 hour a week commitment, with an additional possibility of earning 1-credit to fulfill the SBC EXP+ requirement. Undergrads and first-year students welcome. 
Info sessions are being held the first week of Fall 2019 
If interested, sign up for more info at: [http://bit.ly/1S7Euoj](http://bit.ly/1S7Euoj)

**Dr. Mow Shiah Lin Scholarship:** This scholarship is for students of Asian heritage with a U.S. student visa matriculating toward a doctoral degree in Environmental & Energy Technology, Biology, or Chemistry. 
The deadline for submitting applications for this scholarship is June 7, 2019. 
For more info and to apply, see attached file
EXPERIENCE THE
FLORIDA KEYS
AT
Seacamp

Visit our website:
www.Seacamp.org

SEACAMP is a non-profit organization offering a unique marine science/SCUBA residential camp for teenagers 10-17 and a marine science day camp for youth 10-13. Established in 1966, it is located near the most extensive coral reef in the continental United States, in the middle of the Florida Keys National Marine Sanctuary. SEACAMP offers courses in marine science, SCUBA diving, sailing, windsurfing, canoeing, kayaking, arts and crafts, photography, and camp newspaper. For more information visit our website www.seacamp.org or call (305)872-2331.

SCIENCE INSTRUCTOR POSITION OPENINGS:
Course topics include marine biology, coral reef ecology, ichthyology, animal behavior, invertebrate biology, shark biology, fisheries science, environmental science, marine aquaria, and marine research. Courses are taught in local habitats which include mangroves, coral reefs, tide pools, and shallow marine systems. Each course involves lab work, lecture, and field trips. Instructors participate in all camp functions, serve as cabin counselors, and assist in camper supervision.

REQUIREMENTS:
Science Instructors must be at least 21 years of age with a current, valid driver's license and a clean driving record to meet insurance requirements. Must have a B.S. or B.A. in Biology, Marine Science or related field. Must be comfortable in the water and have strong swimming skills. SCUBA certification is preferred, but not required. Employment dates are May 22-August 31; March 31st-December 22nd; or a one-year position.

BENEFITS:
Salary, room and board, opportunities for snorkeling, SCUBA diving (if certified), sailing, windsurfing, and practical experience teaching environmental awareness in a tropical marine setting. Year-round employment opportunities are available.

* Develop leadership, decision-making, and communication skills
* Gain experience teaching others
* Establish professional references and contacts

COMPREHENSIVE EXPERIENTIAL TRAINING PROGRAM:
Training from professionals in the field include seminars, program observation, teaching field oriented marine education, program development, seamanship, boat operation skills, and leadership training. Upon successful completion of coursework, certification in American Red Cross Waterfront Lifeguarding, First Aid, and CPR/AED for the Professional Rescuer; and NAUI Skin Diving Instructor and NAUI Rescue Diver (if SCUBA certified).

MANY OTHER POSITIONS AVAILABLE:
*Program Assistants/Counselors *Unit Leaders *SCUBA Instructors* Arts & Crafts and Photography Instructors *Windsurfing and Sailing Instructors

15th Annual
Dr. Mow Shiah Lin Scholarship

for students of Asian heritage
established by the
Asian Pacific American Association
at Brookhaven National Laboratory

BERA’s Asian Pacific American Association (APAA) has established the Dr. Mow Shiah Lin Scholarship, honoring the late Dr. Lin who was a distinguished scientist at the U.S. Dept. of Energy’s BNL Energy Sciences and Technology Department.

In honor of Dr. Lin’s research, remarkable achievements, and inventions, a one-time award of $1,500 will be granted this year to a student of Asian heritage with a U.S. student visa matriculating toward a doctorate at an accredited institution of higher education on Long Island (including Queens and Brooklyn) in Environmental & Energy Technology, Biology, or Chemistry.

The first Dr. Lin Scholarship was presented in September 2005. Each year, a winner will be chosen by a selection committee consisting of scientists at BNL and members of the APAA.

The criteria for selection include academic records, references, career goals, and other factors deemed appropriate by the Committee. The scholarship will be granted independent of financial need and without regard to other forms of aid to the student.

Dr. Lin began his career at Brookhaven in 1975 as a postdoctoral fellow in the Chemistry Department. Over the years, he advanced to Senior Scientist and, ultimately, to Principal Investigator of a BNL team working with a Californian environmental remediation company to use selected bacteria to convert toxic oil wastes, such as oil spills and used motor oil, into useful products. Dr. Lin owned 9 patents, published 85 papers, and won many national awards, including the 2001 R&D 100 award. In 2003, he was posthumously nominated for the Lemelson, MIT life-time award.

His career ended abruptly due to a brain aneurysm in September 2003 while on a flight to China where he was invited to present his research at the National Petroleum Research Institute. Dr. Lin is survived by his wife and three daughters.

With this scholarship, the Lin family hopes to make a difference for students who come to the United States, like Dr. Lin, to pursue a higher education and achieve their research goals with the purpose of making significant contributions to the environment and improving the lives for all humankind.

Administered by the BNL Diversity Office, the APAA is now accepting applications for the next Dr. Mow Shiah Lin Scholarship through June 7, 2019. School transcripts from the previous two semesters, two professional letters of reference, and an essay, which summarizes the objectives of the applicant’s education program and long-range research goals must be attached to the application. Additional information such as a CV, a publications list, or involvement in civic/volunteer activities and personal interests is encouraged. The essay should be concise, limited to 1 – 2 pages, and double-spaced.

For more information or to obtain copies of the application form, please contact the BNL Diversity Office via phone (631-344-6253) or email (Samantha.Lin@stonybrook.edu), or visit the APAA web site at http://www.bnl.gov/bera/activities/apaa/.
CALL FOR APPLICATIONS

2019

Dr. Mow Shiah Lin Scholarship

for students of Asian heritage
established by the
Asian Pacific American Association
at Brookhaven National Laboratory

BERA’s Asian Pacific American Association (APAA) has established the Dr. Mow Shiah Lin Scholarship, honoring the late Dr. Lin who was a distinguished scientist at the U.S. Department of Energy’s BNL Energy Sciences and Technology Department.

This annual scholarship is a one-time award of $1,500 to be applied towards expenses associated with a doctoral program at an accredited institution of higher education.

Eligibility Requirements
To be eligible to receive this award, you must be:

- A student of Asian heritage with a U.S. student visa (F-1 status).
- Enrolled in a doctoral program through May of 2020 at an accredited institution of higher education on Long Island (including Queens and Brooklyn).
- Matriculating toward a doctorate in Environmental & Energy Technology, Biology, or Chemistry.

Instructions to Applicants

- Fill out the application form completely. You may insert extra pages if additional space is required.
- Mail the signed application form, together with a typed statement of educational and career goals, and transcripts from the last two (2) semesters of study (photocopies are acceptable), and two professional letters of reference to:
  Dr. Lin Scholarship
  Brookhaven National Laboratory
  P.O. Box 5000
  Bldg. 400B – Diversity Office
  Upton, NY, 11973-5000

All of the above items must be mailed to arrive by June 7, 2019. Applications with incomplete or missing information will not be considered. Additional information, such as a CV, a publications list, or involvement in civic/volunteer activities and personal interests is encouraged.

- APAA reserves the right to request further information during the selection process.
- The scholarship winner will be selected and informed by mid-August of 2019. The scholarship will be awarded in September 2019 after proof of fall enrollment is provided.

- For an acknowledgement that your application has been received, please enclose a stamped, self-addressed envelope. Materials will not be returned.

For more information or for a copy of the application form, please contact the BNL Diversity Office via phone (631-344-6253) or email (Samantha.Lin@stonybrook.edu), or download the application form from the APAA web site at http://www.bnl.gov/bera/activities/apaa/.
