Opportunities Week of 4-16-21

**Toxicology Mentoring and Skills Development Training Program:** The Toxicology Mentoring and Skills Development Training Program (ToxMSDT) is a special opportunity for undergraduate science students to participate in a year-long toxicology training and mentoring program. Funded by NIH grant R25GM139200, with the Society of Toxicology as a partner, the goal of this program is to attract diverse, high achieving undergraduate students from around the United States to pursue careers in biomedical research, especially in the field of toxicology. Successful applicants will be teamed with a mentor and visit the mentor work site, attend three conferences, engage in online learning modules, and interact with the other students and program leaders. There is travel support for participation in all program activities. This program supplements the regular academic pursuits of the ToxMSDT students. The program starts September 1, 2021, and will conclude June 30, 2022.

**Student Application Deadline:** May 1, 2021

**Fulfill your SPK Requirements by taking JRN 120:** Fundamentals of Public Speaking. The School of Communication and Journalism is offering several sections of this online course during both summer sessions and again in the fall. JRN 120 is designed to help students learn to present themselves well in online and in-person meetings, classes and interviews. Completing this requirement now will put you in a better position to complete your degree requirements as we prepare for the next academic year.

Learn more about the summer term.

**Applying to Graduate School? Discussion & Learn about SUNY GREAT Program and NSF GRFP Fellowship:** Are you interested in applying to graduate school? Join us to talk about it! You will get information about the best times to apply and how to get funding. Please join Susan Brennan, SUNY Research Fellow for Innovation in Graduate Education, Professor at Stony Brook University for a discussion on this topic.

Date and Time: Wednesday, April 28 from 3pm - 4:30pm

**Grow More Foundation Internship:**

**SUMMER:** Grow More Foundation is seeking interns to join us in-person in the lab and remotely. Interns will assist in the development of the ENABLE program which seeks to empower laboratories across Africa with the means to improve native crops via biotechnology. A minimum of two credit hours (7-9h per week) is required. See flyer for more information. Apply [here](#).

**FALL:** Grow More Foundation is seeking interns to join us in-person in the lab and remotely. Interns will assist in the development of the ENABLE program which seeks to empower laboratories across Africa with the means to improve native crops via biotechnology. A minimum of two credit hours (6-8h per week) is required.

**Lab Interns (In-Person):** will assist by following and testing protocols in the lab as well as constructing cloning kits. Lab interns will be expected to spend at least 6h per week in the lab and to attend weekly Zoom meetings. See flyer for more information. Apply [here](#).

**Communications Interns (Remote):** will assist by developing outreach, communication and educational resources as well as organizing meetings and collaborative group work. Communications interns will be expected to spend at least 6h on general tasks and to attend weekly Zoom meetings. See flyer for more information. Apply [here](#).
Work Study/ Non-work study Jobs Available in the Department of Neurobiology and Behavior: We need to fill 1-2 positions to assist in the upkeep of our zebrafish colony. Shifts are 2-3 hours in the morning or afternoon, longer on weekends. Sophomore or Junior Biology/Biochemistry/Marine Sciences major preferred. MSF Chapter: "Doctors Without Borders/Médecins Sans Frontières (MSF) is an international medical humanitarian organization working in more than 60 countries to assist people whose survival is threatened by violence, neglect, or catastrophe." Not only has MSF saved countless lives, but it has also inspired many people to learn the healing arts and devote themselves caring for people around the globe. In a world where hope and healing are in short supply, MSF sets the standard for outgoing and effective altruism. On April 20 at 4:00 PM, come join Doctors Without Borders for ninety minutes of gritty reality and powerful inspiration. It could change your life, and it could help you to change the lives of others.

Date and Time: April 20, 2021
