Opportunities Week of April 24, 2020

Reminder: URECA’s first virtual campus-wide undergraduate research symposium: Although we will greatly miss the lively interactions that occur at our annual in-person poster symposium event in the SAC Ballroom, the virtual URECA exhibition is an opportunity for students to showcase the work they've done with faculty mentors and gain experience in research presentation. Any SB undergraduate participating in mentored research (working with grad students, post docs and/or faculty; taking independent research classes; and/or working on a senior project/thesis) is invited to participate!

Abstract, PDF poster submission & registration Deadline is April 28, 2020
Poster display will be live on May 6, 2020.
For more info, visit https://www.stonybrook.edu/commcms/ureca/celebration/registration.html

SUNY-wide and SBU-specific NSF GRFP Advising for Rising Seniors: The NSF Graduate Research Fellowship Program recognizes and supports outstanding graduate students in NSF-supported science, technology, engineering, and mathematics disciplines who are pursuing research-based Master’s and doctoral degrees at accredited United States institutions. The SBU NSF GRFP Boot Camp is designed to walk students through the process of creating the most competitive application possible. Stony Brook NSF GRFP applicants are fortunate to have resources at both the campus and system level. The first assignment for Boot Camp will be to attend a series of webinars hosted by SUNY from April 27 - May 4 that features Stony Brook's very own Dr. Susan Brennan, please see the attached flyer. Note that the first webinar in the series is targeted at undergraduates, while the remaining three are for both undergrad and graduate students.

First SUNY Webinar will be held Monday, April 27, 2020, 2:00PM – 3:30PM
For more info on the NSF GRFP, visit https://www.nsfgrfp.org
For the webinar schedule, please see attached flyer.
For more info on the SBU Advising Bootcamp, please contact fellowships@stonybrook.edu

Graduate School Visitation Programs at Princeton University Info Session: Princeton University is inviting students to participate in visitation programs at Princeton University this fall. These visitation programs offer an opportunity for students to explore a graduate program of interest, interact with current graduate students, engage with faculty members, participate in admissions and funding workshops, and tour the Princeton University campus. Travel, meal, and lodging costs will be covered.

Info Session will be held April 30, 2020 at 3:30PM EST.
To register for the info session visit https://docs.google.com/forms/d/e/1FAIpQLSeqKKsdlfK6LyRvdcPbdUex9NP5hj_8hvX7nZhskghyVaCHXA/viewform
For more info on the visitation programs, visit https://graddiversity.princeton.edu/prospective-phd-preview-p3 and https://molbio.princeton.edu/research/scholars-program

JFEW SUNY Global Scholars 2020-2022: The JFEW-SUNY International Relations and Global Affairs Program, funded by the Jewish Foundation for Education of Women (JFEW), is a two-year program for students from Stony Brook, Binghamton, and Geneseo with a preference for females. The integrated program includes two years of scholarship support (up to $5,500 each year), a monthly seminar series for two academic years, and a paid internship in a New York-based global organization during the summer between the Junior and Senior years. The Two-Year Academic Program will start in September 2020. The goal of the program is to prepare students for careers as practitioners in the field of international relations and global affairs and to create strong mentor and peer networks that will continue to support students’ goals through their careers. Students from all backgrounds who match the criteria are encouraged to apply.

Deadline has been extended to mid-May
For more info and to apply, visit https://stonybrook.joinhandshake.com/jobs/3526938/share_preview

Fall 2020 Research Experiences for Undergraduates (REU) Program at Bermuda Institute of Ocean Sciences: The Bermuda Institute of Ocean Sciences (BIOS) has received funding from the National Science Foundation, for the REU program to support internships for undergraduate student research
at BIOS during fall 2020 (arrive August 30 and depart November 21, 2020). An REU internship at BIOS is a great way to gain the experience necessary to embark on graduate studies or careers in the marine and atmospheric sciences. Funding includes return air travel from the U.S. to Bermuda, campus accommodation and all meals. Each successful REU applicant will also receive a competitive stipend. Applicants must have completed at least one year of undergraduate study and will not have graduated/ will still be enrolled as an undergraduate in Fall 2020.

**Application Deadline is May 31, 2020**
For more info, visit [http://www.bios.edu/education/reu/](http://www.bios.edu/education/reu/)

**HAS 190- Intro to Health Professions and SLP pre-requisite course offerings:** The Health Science Department is offering HAS 190- Intro to the Health Professions summer session 1 (online) on Wednesdays from 1:30-3:45pm. This is a great opportunity for any student considering a health profession. Also, it is ideal for students minorin in Health and Wellness (LHW), as this class will count toward the minor! For any students interested in Speech Language Pathology (SLP), there are a couple of upcoming SLP pre-requisite courses that will be offered as well:
- **Fall 2020-** HAS 310 Applied Phonetics of American English
- **Winter 2021-** HAS 311 - Speech and Language Development
- **Spring 2021-** HAS 312- Anatomy and Physiology of the Speech, Language and Hearing Mechanism
- **Summer 2021-** HAS 313 - Speech Science

For more info, see attached flyers and contact [Nirla.Pierre@stonybrook.edu](mailto:Nirla.Pierre@stonybrook.edu) or [Renee.Fabus@stonybrook.edu](mailto:Renee.Fabus@stonybrook.edu)

*Disclaimer: Undergraduate Biology does not endorse or take responsibility for any off-campus programs listed in Opportunities emails. While we do our best to vet any opportunity that is shared, please let us know immediately if you are suspicious of any employers/programs.*
The School of Health Technology and Management is offering speech-language pathology (SLP) pre-requisite courses. These courses are designed for students who are interested in applying for admission to graduate programs in SLP.

*Summer Session 1
*Wednesdays from 1:30-3:45pm (online)
*Taught by Prof. Erik Flynn
Webinar for Students

SUNY is sponsoring a series of four webinars to prepare rising junior and senior undergraduates as well as first- and second-year graduate students in STEM fields to apply to NSF’s prestigious Graduate Research Fellowship Program (GRFP).

Webinars will be conducted by Prof. Susan Brennan of Stony Brook University (recently returned from NSF). Registration is separate for each webinar.

NOTE:
If you have not used ZOOM before, you will be prompted to download software once you have clicked on the registration links. You will receive a confirmation email.

--

**WEBINAR #1** For Undergraduates Only

Are You Ready for Graduate School? Finding Fellowship Funding

Monday, April 27 • 2:00PM - 3:30PM

Are you curious about or excited by the prospect of a career in research? Are you thinking about a career in some leadership role? Are you wondering about the best time to apply to graduate school, and how to get someone else to pay for it? This webinar may help you decide.

**WEBINAR #2**

Applying to NSF’s Graduate Research Fellowship Program

Wednesday, April 29 • 2:00PM - 3:30PM

This webinar will include all the basics about GRFP, such as the benefits, eligibility, parts of the application, the review process, and basic tips. Please bring your questions!

**WEBINAR #3**

Winning Strategies for GRFP (and How to Get Started)

Friday, May 1 • 2:00PM - 3:30PM

This webinar will include discussion of NSF’s review criteria (Intellectual Merit and Broader Impacts), how to maximize the impact of your planned research, and other winning strategies.

**WEBINAR #4**

Write! (As if Your Career Depends on it)

Monday, May 4 • 2:00PM - 4:00PM

This webinar will cover how to write about your research in an interesting and lively way, tailored to your audience (recommended for all fellowship and grant writers).

GRFP requires that applicants be U.S. citizens, nationals, or permanent residents. For more information, see www.nsfgrfp.org. Please send questions to Jacquie.Spano@rfsuny.org.
