Opportunities Week of April 6, 2018

**Reminder- Jeffrey Eng Memorial Scholarship:** Applications for the Jeffrey Eng Memorial Scholarship in environmental sciences are currently being accepted. Applicants should be full-time undergraduate students studying any area of the environmental sciences at Stony Brook University. Applicants should demonstrate academic excellence and promise, as well as financial need. This will offer a one-time $500 scholarship.

**Deadline to apply is Thursday, April 12th at 5 PM**
For more info and application directions, see attached file.

**Student Job Search Survey:** In partnership with the College of Business the Career Center has launched an IRB-approved research study into student job search attitudes & behaviors. All students are invited to participate! The web-based Qualtrics survey takes maximum 10 minutes to complete - on a mobile device or computer. Several Amazon gift cards of $100 will be raffled off, and the results will be used to improve career development support for students - all majors and career intentions.

To participate in the survey, please see attached flyer for URL.

**Peer Tutor Positions:** The ASTC and Residential Tutoring Centers will be holding a Job Fair on Monday, 4/23 from 3-6pm for peer tutor positions. We will be offering onsite interviews and are strongly encouraging that students pre-register for an interview slot.

**Students must submit their applications by April 20th.**
For more information, see [http://www.stonybrook.edu/commcms/academic_success/students/become-a-tutor](http://www.stonybrook.edu/commcms/academic_success/students/become-a-tutor)

**Peer Academic Success Coaches:** The ASTC is looking for Peer Academic Success Coaches for Fall 2018. Students should have strong interpersonal skills and demonstrate effective academic success strategies. The first semester as a PASC is an internship position (for 2 credits or as a volunteer - 0 credits). Students who continue in the position after one semester can choose to earn credit or pay.

**Deadline to apply is Wednesday, April 18th**
For more info and to apply, see [http://www.stonybrook.edu/commcms/academic_success/students/peer_academic_success/become-a-pasc](http://www.stonybrook.edu/commcms/academic_success/students/peer_academic_success/become-a-pasc)

**Fall 2018 Course offerings in Latin:** Elementary Latin I (LAT 111) and Readings in Latin Literature I (LAT 251) are being offered in Fall 2018. LAT 111 is designed to prepare the beginning student to translate Latin that may be needed for use in undergraduate or graduate study. Focus of the course is on the fundamentals of grammar and techniques of translation. Within the Latin 111 curriculum are lectures and projects where students with an interest in medicine and biology will learn the Latin roots used in medical terminology and anatomy.

For more info, see attached flyer or contact Kathleen de Riesthal (Kathleen.deriesthal@stonybrook.edu)

**Altius Summer MCAT Scholarship Offer:** Altius is offering 50% tuition discounts on their MCAT prep programs. The first 200 students that contact Altius in the month of April get a 50% discount on their choice of package. **To claim any of the above offers, you must call (435) 671-5783 to obtain an exclusive discount code.**
For more info on Altius, see [https://altiustestprep.com/](https://altiustestprep.com/)

Fall 2018 Course Offerings in
LATIN
Latin 111/591
M/W/F 10am
T/TH 2:30-3:50PM
T/TH 5:30-6:50PM
Latin 251/593 - M/F 1-2:20PM

*Latin is a language for readers.* It trains you to read with an analytic eye, to break down words to their simplest forms and then put the pieces back together with greater meaning. It explains those short-italicized phrases that literary critics love to include in their work like “ad hominem” or “a priori.” It contains the origins of our words, something that not only teaches you new words but also deepens your understanding of familiar ones.1

*Latin is a language for writers.* It teaches you things like what the subjunctive mood is, what a transitive verb is, when to use “whom” or “who.” It will make you learn the rule, and, more importantly, understand the logic behind the rule.

*Latin is a language for scientists.* Latin is an analytical language that is particularly attractive to physicists, biologists and other science majors. Over the course of the past three years, we have taught many science majors who have enjoyed the language because of its logical structure. Many words in science have roots in Latin.

**LAT 111/591 - Elementary Latin I**
Designed to prepare the beginning student to translate Latin that may be needed for use in undergraduate or graduate study. Focus of the course is on the fundamentals of grammar and techniques of translation.

**LAT 251/593: Readings in Latin Literature I**
This course serves as an introduction to authentic Latin prose. The students will be introduced to the Roman literature of the Republic and beginning of the Empire. The course includes a brief intensive review of grammar. Additional grammatical constructions will be taught through the literature. The students will read a sampling of several authors including Eutropius, Cornelius Nepos, Caesar, and Sallust

1 Special Thanks to English major and Latin student Jessica Vestuto
Jeffrey Eng Memorial Scholarship – Deadline Thursday, April 12th, at 5 P.M.

Applications for the Jeffrey Eng Memorial Scholarship in environmental sciences are currently being accepted. Applicants should be full-time undergraduate students studying any area of the environmental sciences at Stony Brook University. Applicants should demonstrate academic excellence and promise, as well as financial need. A one-time $500 scholarship will be available to the winning recipient, and the award will be announced around April 20th.

Please submit the following documentation to apply:
1) A short statement from the candidate explaining his or her interests in the area of environmental science
2) A brief statement explaining financial need and a short resume
3) A college transcript (unofficial is acceptable)
4) A letter of support from a professor or graduate teaching assistant (sealed in an envelope).

Please submit all applications to Martha Nolan, Secretary of the Ecology and Evolution Department in the Life Sciences Building 650, campus zip Z-5245, with all materials for each candidate together in a single package, clearly marked with the applicant's name and "Eng Scholarship" on the outside envelope.

**DEADLINE IS APRIL 12th, 5 P.M.**
Stony Brook Students: Your Voice Matters!

What are your thoughts about the job/internship search process?

Be entered to win one of five $100 gift cards!
