Opportunities Week of 4-9-21

**Rutgers Medical School Admissions Seminars:** Our upcoming event is designed for prospective students interested in a meaningful career in medicine. Attendees will have the opportunity to learn more about Rutgers New Jersey Medical School (NJMS) including all aspects of our admissions process, the curriculum, clinical and research opportunities, student programs and support services. The event will also include faculty and student perspectives and a dedicated Q&A session. **Registration is required and limited to only one session to ensure everyone has the opportunity to participate.** Upon receiving your registration, you will receive a confirmation email with the Zoom meeting information.

**Upcoming Sessions:**

**Rutgers Virtual Graduate & Professional School Expo:** Attend the virtual fair to learn more about graduate schools in a live online event. Speak to admissions representatives on Zoom during this virtual fair highlighting biomedical sciences, as well as education, social work, communications, and other programs. Representatives from Rutgers Graduate and Professional degree programs will be available to discuss areas of study and the admissions process. This event is free and open to the public. Current Rutgers students as well as students from other colleges across the US and internationally who are interested in learning about Rutgers graduate school are invited to attend this unique virtual event where you can meet admissions representatives and faculty from schools representing multiple areas of study.

**Date and Time:** Thursday, April 15th at 3:00 - 4:45 PM ET

For registration details and more information [click here](#).

**Scholarship Information Session for Women Interested in International Relations:** The JFEW SUNY Global Scholars program aims to address the gender imbalance in the field of international relations. Up to $11,000 in scholarships for your junior and senior years; A guaranteed 9 week paid summer 2022 internships in NYC; Career & professional development programming. The scholarship is sponsored by the Jewish Foundation for Education of Women. All religions and majors are invited to apply.

**Information Session Date and Time:** Wednesday, April 14th at 3 PM

**Queer Diagnosis: The LGBTQ+ Health Podcast:** SBU students Zarya Shaikh, Srihita Mediboina, and Jameson Coleman interview LGBTQ+ patients, medical students, and
healthcare providers to cultivate an inclusive culture in medicine. New episodes released biweekly on Wednesdays at 5 AM!

**Episode 05. Sarah Islam** - Available on Spotify and Apple Podcasts now! Read the transcript here.

MS4 Sarah Islam pilots her own medical care with Non-Radiographic Axial Spondyloarthritis in a system that failed to provide affirmative care. Acutely aware of homogeneity and heteronormativity in healthcare, she emphasizes the involvement of LGBTQ+ providers in gender-affirming surgery and care through the emergence of wraparound clinics. Sarah advocates for self-care and therapy, especially for her South Asian parents. She is a MS4 at Indiana University School of Medicine who recently matched to a psychiatry residency in Hennepin Healthcare and Regions.

**Part-Time and Full-time Medical Scribe Positions:** A Medical Scribe is responsible for relieving a physician of their clerical duties, thereby allowing a physician to focus their attention on providing the best care to the patient. They are responsible for locating and obtaining a patient's medical history, documenting dictated notes during a patient visit on the Electronic Medical Record (EMR), facilitating diagnostic tests, all while providing unparalleled customer service to our patients.

**Part-time position Applications are due on September 30, 2021 at 1:50 PM**

Apply [here](#) for part-time positions and [here](#) for full-time positions.

**Other Medical Scribe Opportunities can be found here**

**Summer Pharmacy Technician:** The Pharmacy Technician position provides individuals with an opportunity to work in a leading retail pharmacy company and in a role that positively impacts the lives and health of others. You will work in an environment where the highest professional and ethical standards are maintained as well as full compliance with all Federal, State and Local laws and regulations. Pharmacy Technicians take important steps to ensure all medication needs and regulatory compliance standards are met for our patients and they demonstrate ethical conduct and maintain patient confidentiality at all times.

**Applications are due on June 30, 2021**
