Opportunities Week of 8-20-21

**Earn upper-division credits (EGL 488) and satisfy EXP+:** Through one of the following health-justice related internships:

**Health Justice and Healing in a Time of Pandemic--Mondays 6:30-8:30pm (via ZOOM)**
The Humanities Institute at Stony Brook, in collaboration with Herstory Writers Workshop, invites student interns to join health care providers, first responders, medical and nursing students, and those most impacted by healthcare disparities to join an inter-generational Zoom writing circle. Learn how story-based strategies for change can be mobilized to address health-related challenges, injustices and inequities that have become even more pronounced in the wake of COVID-19. Workshop participants will be invited to contribute to the "Pandemic Narratives Initiative," which brings together SBU students, faculty and community members to reflect upon the impact of the COVID-19 pandemic and create an archive for the future.

**Making Our Voices Heard: Memoirs to (Re)Imagine Mental Healthcare--Thursdays 4:30-6:30pm (via ZOOM)**
This workshop invites people who have been affected by the mental healthcare system, who may identify as mad, psychiatric survivors, psychiatric consumers, or neurodivergent, to write their memoir in a mad-affirming, human rights-driven, supportive environment. In this workshop, we will combat stigma and discrimination through the power of storytelling to change hearts, minds, and policies. We invite you to join us to use the power of your voice to (re)shape our mental healthcare system and (re)imagine care.

**Shaping Spaces: Disability Stories to Create a Movement--Saturdays 3-5 PM EST (via ZOOM)**
This intergenerational workshop creates a space for disabled people and disabled activists to shape their stories in community with other people with disabilities. This group is open to anyone who identifies as having a disability, be it physical, cognitive, neurodiversity, madness, mental illness, chronic illness, or any other disability experience. Join us in crafting stories and pushing toward a more just world for disabled people.

Find out more about Herstory Writing Workshops here.
To apply go to: Fall 2021 internship application.
Questions? Contact susan.scheckel@stonybrook.edu.

**APPLY NOW Grow More Foundation’s Remote Internship FALL 2021:** Grow More Foundation is seeking interns to join us in-person in the lab and remotely. Interns will assist in the development of the ENABLE program which seeks to empower laboratories across Africa with the means to improve native crops via biotechnology. A minimum of two credit hours (6-8h per week) is required.

**Lab Interns (In-Person)** will assist by following and testing protocols in the lab as well as constructing cloning kits. Lab interns will be expected to spend at least 6 hours per week in the lab and to attend weekly Zoom meetings. See flyer for more information. Apply here

**Communications Interns (Remote)** will assist by developing outreach, communication and educational resources as well as organizing meetings and collaborative group work. Communications interns will be expected to spend at least 6 hours on general tasks and to attend weekly Zoom meetings. See flyer for more information. Apply here
