

STONY BROOK UNIVERSITY CAREER CENTER

Music

The music industry is one of the most dynamic and interesting in today's economy. Increasingly sophisticated personal music devices have revolutionized the way people record and distribute music in an industry that generates billions of dollars every year. Jobs are available not just for performers, but also technicians, managers and theorists. Stony Brook University's renowned music program offers students a balanced curriculum of music performance, composition, theory and history that positions them for either career or matriculation into a graduate program.
