"I am passionate about informing students about the AAPI community and its histories! As an intern, I enjoy creating engaging events that attract future AAS majors and minors, and informing them of the many opportunities including study abroad, courses, lectures, fellowships, and internships."

"The classes I took have been some of my favorites at SBU and I often found myself coming away from them with more understanding, compassion and pride for my community. Not only have I felt more empowered with the knowledge I have gained, but it has fueled creativity and hope in my life as I enter the next chapter in my life."
