EST 106: The Digital Generation: Creating a Professional Web Presence

Instructor:
Dr. Al Pisano
Al.Pisano@stonybrook.edu

Instructor:
Don Heberer
don.heberer@stonybrook.edu

Course Description
Creating a positive digital profile can be a challenging task for the 21st century student. In this course, learn how to utilize the power of the Internet and social media to enhance your web presence and digital profile. We will explore a number of topics including building a strong web presence, leveraging social media, creating and uploading video content, blended and distance learning as well as mobile devices as a learning tool. The culminating activity for this course the creation of a positive and sustainable web presence and digital profile. Discover how technology and social media impact society now and future forward.

Required Tools
There is no textbook required for this course. However, you will be expected to have a device to connect to the internet and complete assignments. PC/MAC or Chromebook is required. Some students have had difficulty solely using iPads, tablets and smartphones to complete assignments. You will also need a webcam to complete the voicethread assignments and a microphone (most webcams have them) to complete the screencast final project.

Learning Objectives
● Understand how to utilize mobile devices to access social media
● Explore social media software and ecosystems and measure their personal and societal impact
● Utilize a collaborative communication medium to work with others towards a common goal
● Analyze the importance of their digital footprint and online reputation
● Research and discover how to effectively and positively portray your identity online
● Analyze best practices and devices for social media and determine effective strategies
● Leverage blended and distance learning to enhance digital portfolio and increase social media awareness and perspective
● Utilize multimedia software tools to plan, develop, create and share digital content online for specific audiences and stakeholders
● Evaluate a wide variety of technologies and networks and how they are part of the larger ecosystem of the internet
● Discover how technology and social media impact society now and future forward

Overview
Learning is the responsibility of the student. Creating the conditions that promote learning and providing opportunities for study, analysis, discussion, and personal reflection is the responsibility of the instructors. Communicating in writing is a critical skill; students will be required to practice this skill in the ongoing social media as well as a variety of activities and assignments. The instructors will monitor activities and student progress within the required assignments. Students will submit graded
weekly assignments, papers and projects through the “Assignments” section in Blackboard.

All assignments and papers should be typed with normal margins, 12pt Arial font, double spaced. You will send in the document via SafeAssign. It is the responsibility of the student to make sure the file was accepted.

Office Hours
There are virtual office hours via an appointment from 5:30 PM to 6:30 PM on Wednesdays throughout the duration of the course. Please let us know at least 24 hours ahead of time and we will send you a Zoom Link to video chat.

Grading Breakdown and Due Dates
- **Graded Weekly Assignments / Discussion Board Tasks - 50%**
  - Session 1 - Syllabus Quiz - Due 2/16 (8%)
  - Session 2 - Weekly Assignment - Due 2/16 (8%)
  - Session 3 - Discussion Board Task - Due 2/16 (6%)
  - Session 5 - Weekly Assignment - Due 2/29 (8%)
  - Session 7 - Discussion Board Task - Due 3/15 (8%)
  - Session 8 - Discussion Board Task - Due 3/22 (6%)
  - Session 9 - Weekly Assignment - Due 3/29 (6%)

- **Social Media Tool/Technology Research Paper - 10% - Due 2/23**
  - (3 - 5 pages, plus references)

- **Social Media/Technology Issue Presentation - 15% - Due 3/8**
  - (15-20 slides - plus references)

- **Digital Portfolio Project and Reflection (positive web presence) - 25% - Due 4/8**
  - (3-5 minute video)
  - (2-3 page reflection)

Note: The first three assignments/tasks are not due until 2/16, this is to allow adds and drops, however you should complete them each week they are assigned.
Also: the final project is due on Wednesday, 4/8.

Keys to Success
- **Online Environment and Responsibility**
  - This is an online course. Online courses are different than traditional courses. They offer flexibility to the student. However, some students find online courses to require more focus, dedication and personal responsibility. Materials will be provided to you. The responsibility for you to learn and understand it is on you. We will be available to help you and answer any questions but you must remain focused and motivated throughout the course. Take some time to understand where assignments, discussion board tasks and projects are posted.

- **Assignments and Deadlines**
  - Assignment due dates are extremely important. WE DO NOT ACCEPT ANY LATE ASSIGNMENTS. Most assignments, discussion boards and project are due at 11:59PM
on a Sunday (except the last project). Please make time to note all due dates for this course. Missing one assignment could have devastating effects on your grade. There is no extra credit.

- Do not email at the end of the course asking to make-up missed assignments or redo assignments with an approved university exemption.
- Plan accordingly. If you know you are traveling or will be in a location without internet connection, make sure your assignment/project is completed ahead of time.

### Professional Communication
- There are two instructors for the course - please include both of us on all email communication - don.heberer@stonybrook.edu and al.pisano@stonybrook.edu.
- When emailing the instructors, you must include your full name, SBU ID number, course number and section and semester (ie: EST 106-30, EST106-31 or EST106-32)
- You cannot use a non-SBU email to email the instructors.
  - Not including proper email information might result in your email being missed or a delay in a response.
- When posting in the discussion board - it can be informal, but please remember to communicate in a respectful manner, as you would in a traditional classroom setting. Be mindful of slang, text-speak and other forms of communication.
- When completing written assignments and/or projects please keep a formal tone. Include references/works cited on all materials, including materials provided by the instructors. Failure to cite references will result in failure on the assignment and possible additional action.

### Formatting
- Unless otherwise stated all Weekly Assignments and Projects should be about a page long to a page and half long. All assignments should be submitted in a word document or PDF format or directly in the submission box at the bottom. The font should be Arial 12 pt font, double spaced, 1 inch margins - top, bottom, left, right.
- Only .doc/.docx or PDF format. Format .pages will not be accepted.
- You must cite at least three sources and include a works cited page. You must cite all materials that are used. This includes sources that we provide as instructions. Please use MLA format and use the parenthetical citation in your responses. Simply providing just a web link or improper citations will result in lost points.
- All work must be in Blackboard, not via email.

### SafeAssign
- SafeAssign checks all assignments for plagiarism or similar responses. Refer to the Academic Honesty Policy for more information.

### Weekly Assignments and Discussion Board Tasks - 50%
Students will be responsible for a constructed response on the week's topic and materials. Students may need to read articles, watch videos, complete tasks, and do their own research. After careful thought, students will complete a one page response. These responses should be original in thought
and reflect your interpretation of the course materials. Some weeks will complete these tasks on Voicethread.

**Project #1: Social Media Tool/Technology Research Paper - 10% (3 - 5 pages)**
The goal of this paper is for you select a particular social media tool or technology. Students should:

- research the tool/technology
- explain what the tool/technology does and describe the purpose of the tool
- explain how the tool/technology has changed or evolved over the years
- explain how people are using the tool/technology and the demographics of users
- speculate how the tool/technology might change and/or be used in the future
- share best practices for using the tool/technology professionally/personally/academically

**Project #2: Social Media Issue Presentation - 15%**
*(10-15 slides not counting reference slides)*

The goal is for this presentation is to research and evaluate an issue surrounding a social media topic and explore the impact it has on society. For this project students:

- will pick a social media issue from the list below
- pick an audience: other college students, adults, business professionals, high school students, middle school students, elementary school students, etc.
- will research the social media issue (background information, peer review articles, online videos, etc.)
- will create a presentation on a selected social media issue in PowerPoint
- Sign-into Voicethread with your NET ID: [https://it.stonybrook.edu/services/voicethread](https://it.stonybrook.edu/services/voicethread)
- Create a new Voicethread, by uploading your Powerpoint to Voicethread.
- Using Voicethread, narrate each slide *(all slides, except references)* as if you were presenting your presentation.
- Share the Voicethread so that anyone with the link can view it.
- In Blackboard, under Projects--> Project 2, please submit the link to your voicethread and the original PowerPoint you created.
- The voicethread link you post must be an active link with the correct shared settings. You must verify that the link you provide work for the general public to view. **Invalid links/permissions will receive zero credit. No exceptions.**

The Presentation should include:

- a clear audience that the presentation is targeting
- an objective overview the social media issue
- highlights examples about the issue - impact on society, education, corporate world etc. - “good” and “bad”
- resources, articles, charts/graphs, infographics, images, embedded video content etc.
- an explanation of what society can do to solve, mitigate, prevent or avoid this issue
- references and links to research materials
Social Media Issues choices include:
- Addiction/Dependency on Social Media
- Cyber-bullying
- Sexting and Sexual Harassment
- Trolling / Griefers
- Oversharing
- Selfie Syndrome
- Catfishing / Fake Profiles
- Identity Theft
- Viruses and Malware
- Dangers of Filter Bubbles
- Illegal Activities/File Sharing
- FOMO - Fear of Missing Out
- Online Dating / “Hook-up” Apps
- Crowdfunding
- Digital Memorials
- Citizen journalism and “fake news”
- Add your own (requires at least 1 week prior to deadline, professor approval via email)

Final Project: Creation of Digital Portfolio and Brand (positive web presence)- 25%
(Screencast, Website, Social Media and 3 reflection page paper)
Throughout the course you will create a digital portfolio and develop a positive web presence. For this assignment you will analyze your created digital portfolio and reflect on your newly created brand generating some ideas about steps you may want to take in order to promote yourself future forward. For this paper you will bring all of the knowledge learned in the course together, reflect on your digital portfolio and develop a long-term plan. This detailed reflection and plan should include the following:
  - a link to your digital portfolio
  - links to all associated social media supporting your personal brand(all links you post must be an active link with the correct shared settings. You must verify that the link you provide works for the general public to view. Invalid links or non-public links will receive zero credit. No exceptions.
  - a statement of your career goals/intentions beyond college
  - an explanation of how you have cleaned up your digital footprint/established your personal brand
  - explanation of what social media tools would best support your personal brand in your perspective field going forward
  - a statement of your long-term plans to promote your brand and web presence

For this project, students will explore a number of cloud based and web-based authoring tools to plan, develop, create and publish a multimedia digital portfolio and establish a brand(positive web presence).
  - Explore multiple types of digital portfolio tools.
● Review case studies of digital portfolios
● Choose medium or web-based tool for digital portfolio
● Personal exploration and establishing a brand
● Gather possible resources for portfolio
● Assess evaluate and reflect the best pieces of work for your portfolio
● Set a goal and create a plan for your desired brand and social web presence
● Research and select possible social media tools and websites to support your brand and web presence
● Creation of the portfolio - adding your content to define your positive web presence
● Share digital portfolio with links to supporting materials and social media tools with instructors and community
● Showcase to the class your completed brand and web presence through a 3 to 5 minute screencast video.

Final grades:
94-100    A
90-93      A-
87-89      B+
84-86      B
80-83      B-
77-79      C+
74-76      C
70-73      C-
67-69      D+
64-66      D
less than 70  F

Citations / Links and References
In many of the assignments for this course, you will be asked to use online sources and materials. These include discussion board tasks, major projects and weekly assignments. In any case where you use information directly or paraphrased, you should cite the source. We prefer MLA format for works cited and in text citations. Failure to use citations will result in a grading penalty or possible academic judiciary action. This includes materials provided by the instructors.

Academic Honesty
Each student must pursue his or her academic goals honestly and be personally accountable for all submitted work. Representing another person's work as your own is always wrong. Any suspected instance of academic dishonesty will be reported to the Academic Judiciary. For more comprehensive information on academic integrity, including categories of academic dishonesty, please refer to the academic judiciary website at www.stonybrook.edu/academicintegrity.

Disability Support Services
If you have a physical, psychological, medical, or learning disability that may impact your coursework,
please contact Disability Support Services at (631) 632-6748 or dss@notes.cc.sunysb.edu, or visit their website at http://studentaffairs.stonybrook.edu/dss/. They will determine with you what accommodations are necessary and appropriate. All information and documentation is confidential.

**On Campus Support**

Students who require assistance during emergency evacuation are encouraged to discuss their needs with their professors and Disability Support Services. For procedures and information go to the following website: http://www.sunysb.edu/facilities/ehs/fire/disabilities.shtml

**Critical Incident Management**

Stony Brook University expects students to respect the rights, privileges, and property of other people. Faculty are required to report to the Office of Judicial Affairs any disruptive behavior that interrupts their ability to teach, compromises the safety of the learning environment, or inhibits students’ ability to learn.

**EST 106 – Tentative Schedule – Spring 2020**

This class will be run as an online on a 11-week schedule as opposed to the traditional 15 - week face to face schedule. Since this is an online class, this class will continue through snow-days, holidays and Spring Break - please make any accommodations if you are traveling. You will still be responsible for participation that week. The tentative class schedule is listed below.
