Each year, immediately following Commencement, our Campus Operations and Maintenance team begins to perform routine maintenance and repairs to the high-temperature hot water (HTHW) system on campus. This system provides hot water and heat to many of our buildings on campus, and must be shut off in order to perform several of the scheduled repairs.

Phases of This Year’s Project
This year’s four-phased approach to address needed repairs will safely restore the system to the greatest number of buildings in the shortest amount of time possible. In preparation for Phase I, the HTHW for the following West campus buildings will be shut down May 6th through June 2. Building Managers in each of these buildings have been notified, and can provide additional information as needed. These buildings include:

- Old Heavy Engineering
- Math Tower
- Physics

Most other West campus buildings will have their HTHW shut down on May 20th at 6pm through June 2.

Non-Affected Buildings
Not all of the West campus buildings are supplied with HTHW and instead rely on their own internal heating equipment to satisfy either their space heating, hot water, or both. The West campus buildings that will not be affected by the HTHW shutdown include:

- Benedict Kitchen
- Charles B. Wang Center
- Chavez and Tubman Halls
- Computing Center
- East Side Dining
- Gray, Ammann, Irving and O’Neil Halls
- Island Federal Arena
- Athletic Indoor Practice Facility
- LaValle Stadium
- RHD Apartments (all quads)
- Schomburg Apartments
- Simons Center
- Sports Complex
- Starbucks
- West Apartment Complex

Additionally, none of the buildings in East campus, South campus, or R&D Park are affected by this HTHW shutdown.

Contact Information
As we progress through the four phases of project repairs, we will post any changes or notifications on the Facilities & Services website.

If you have any questions or concerns about the HTHW shutdown, please contact Edward McErlean at 631-632-9614. If you have specific HVAC-related concerns, please contact James Scuderi at 631-632-3214. You may also reach out to your Building Manager at any time for facilities questions.

We apologize for any inconvenience and thank you for your patience as we make these necessary HTHW repairs so our campus will be ready for the Fall 2022 semester.

Kindly,
Terence Harrigan
Associate Vice President
Campus Operations & Maintenance
REPAIRS TO BE DONE IN 4 PHASES

PHASE 1: MAY 6TH - JUNE 2ND
PHASE 2: MAY 21ST - JUNE 2ND
PHASE 3: JUNE 2ND - JUNE 13TH
PHASE 4: JUNE 2ND - AUGUST 1ST
