Announcements:

- Digital copy of improvements from this semester has been posted on website.
- Kosher for Passover meals are available at Delancey Street. Delancey Street will be closing at 1 pm on Wednesday and will remain closed on Thursday to prepare for Passover.

New Feedback:

- Spoons are difficult to find at East.
- SAC Pizza is not served hot. Should be heated up prior to serving.
- Peet's hasn't had sauerkraut in weeks.
- Freestyle machine at SAC is out of most flavors.
- Mint chocolate ice cream and butterscotch ice cream is delicious. East does not rotate flavors as much as West does. Students dining at East would like strawberry and other flavors.
- Soups offered at location often do not match what is on Nutrislice.
- Baseball Opening Day event at dine-in was very well received. Great event! The hot dog cart was a big hit and smelled good. Students also loved the Dippin' Dots. At ESD they ran out of product which was disappointing for those who had class until 2:30 pm.
- The quality of the square waffles used for most recipes is not good. They are floppy, soggy and you have to tear them apart. This is not only because of steam. It is an inferior product.
- Iced coffee at West is great. Would like it at East too.
- The coffee cups at dine-in are very small.
- Can we have coffee sleeves at dine-in?
- Want more chai tea.
- La Olla rice is overcooked.
- Can Island Soul be put on Nutrislice? People don't want to travel from West to East unless they know what is being served.
- Would like garlic knots/bread/rolls at dine-in Italian station.
- Can we have salted butter at the bagel station at dine-in?

- Please label ice cream at ESD like WSD does. It is confusing to have a sign on the top of the machine that says something different than the labels on the machine.
- Some students would like straws and thing you are out of them because there are no signs that say they are available on request.
- Happy to see blueberries available.
- Students do not want to have to ask for grilled chicken every time they want it. Can it be put out on the line?
- Late night at West is very congested.
- Flavored cream cheese is great.
- Need more cookies at East.
- Lemon pepper seasoning runs out quickly.
- The burrito station had only one meat available which limited variety and some people couldn't participate in the special.
- Servers at the deli stations should change their gloves more often.
- Can we have white rice as a staple at ESD?
- At ESD, most of the pasta on the pasta bar contains meat, and the one that doesn't contain meat rarely changes making it difficult for vegetarians to find variety.
- A chocolate fountain pop-up would be nice.

The following items received rave reviews:

- Garden veggie pizza
- Maple bacon donuts
- Make your own trail mix
- SAC – Pesto ricotta pizza is great!
- Hungarian Beef Goulash at ESD was excellent.
- La Olla ribs and rotisserie chicken is great.
- Cheesecake at West is awesome

Other:

- Students believe elevators are a good place to communicate dining programs and special events.
- A "Did you Know" digital campaign would be helpful to reduce the number of paper signs in the dining halls.
- Many students are not aware that they receive a 10% discount when using DD at dine-in.
