HUS 272: Science, Technology, and the Environment in Latin America

Undergraduate 3 credits
SBC: CER; STAS

Studies the dialogues between scientific and literary discourses in Latin America, discussing the ethics and responsibility of dealing with our current environmental emergency. Special focus will be on cultural and literary interventions in the debates about sustainability, infrastructure, climate change, and global warming, and on the place that the discourses of science and technology have played in them.

Session 2       Mario Henao       Online Asynchronous

HUS 290: Latin American Cinema

Undergraduate 3 credits
DEC: J  SBC: ARTS; DIV; GLO

A contextual introductory approach to the national cinemas of Latin America and their local politics in a global context. Students develop skills in film analysis and examine performance techniques and visual languages, while studying cinema in relation to national identity, the self, and the function of culture in society. Formerly offered as HUS 390; not for credit in addition to HUS 390.

Session 1       Loreto Barranco  Online Asynchronous
