OFF-CAMPUS HOUSING

The Office of Commuter Student Services & Off Campus Living has put together a list of resources to aid your off-campus search.

OFF CAMPUS LIVING ......................... (631) 632-7353

What you should know:

• International students are strongly recommended to live-on campus for at least their first semester, because acclimating to a new community can be challenging when you are also getting comfortable at a new school.

• You should not assume that just because a landlord, website, or agent speaks your native language, or is originally from your home country, that they have your best interests in mind.

• Social Host Law: It is illegal for anyone who owns or rents a home to “knowingly allow the consumption of alcohol or alcoholic beverages by any person under age 21 on the premises. The law also punishes any homeowner or tenant who learns that alcohol is being consumed by minors there and fails to take corrective action.

• Red Flags: “Red flags” are warning signs that a rental property may be unsafe, or that someone may be attempting to scam you. An in-depth explanation of red flags can be found on our website linked above.

• Legal housing: House Rental License/Accessory Apartment License are issued to a landlord when the town deems that the house or apartment has met all applicable housing, sanitary, building, electrical and fire codes, rules, and regulations. Legal housing options can be found on the Commuter Student Services website.

Checklists to keep handy during searching:

• Search process Renter’s checklist: Utilize this checklist to compare every credible option, and track the condition of rental rooms, evaluating properties against one another.

• Move-in checklist: Utilize this checklist to mark the condition of the furniture. This is recommended so that you and the landlord are on the same page, and is helpful so that you aren’t charged for wear-and-tear that was present before your arrival.

Budgeting tips can be found on this website.

• It’s advisable to bring a sheet, towel, and some toiletries initially. Some students also suggest bringing basic cooking utensils, especially if they’re cheaper in your home country.
• Bus service from campus to shopping centers and grocery stores is available year-round.
• Just remember, if you pack it, you’re going to have to carry it around at least two airports!

U.S. Customs and Border Protection

You might want to check with CBP about the items you plan to bring back to be sure they’re not prohibited or restricted. **Prohibited items** are forbidden by law (e.g., dangerous toys, illegal substances). **Restricted items** require special licenses or permits from a federal agency before the item is allowed to enter the US (e.g., firearms, certain fruits and vegetables, animal products, animal by-products).

To view a detailed list of such items and other important information, view [CBP Prohibited and Restricted Items website](#).

Campus Residences

The department has put together a list of **recommended items** and **prohibited items** (for students living on-campus).

WHAT TO PACK

We recommend cash, credit cards, and travelers’ checks are carried in a discreet money belt. Be sure to carry with you:
1. Airline ticket(s) for your flight(s) to New York
2. Any prescription medications that you need to bring, with the written prescriptions from your doctor
3. Your passport, valid at least six months into the future, with a valid visa stamp (not applicable for Canadian citizens)

WHAT IS A SCAM?
A scam is a dishonest attempt to obtain money, information, or something else of value. Scammers are people who will lie and misrepresent themselves as people with authority, often using intimidation to manipulate individuals into doing what they want.

IDENTIFYING A SCAM
Do not answer phone calls from numbers you do not know. Let the unknown call go to voicemail first. Prior to calling back, check to verify that you are calling a listed number. For example, if someone leaves a voicemail claiming to be your doctor, make sure that the return number is listed on your doctor’s website or documentation they have provided you.

Watch out for “spoofed” numbers. Number “spoofing” makes the victim’s caller ID display a legitimate phone number even though the call is originating from somewhere entirely different. If you have doubts about a caller’s identity, do not answer and call the listed number for that agency to speak to a representative.

If you receive a suspicious email, check the validity before responding or clicking the links. If the contents seem unusual (for example, a supervisor asking you for gift cards) or “too good to be true” (such as an offer to make $1,000/week for three hours of work), confirm the authenticity of the message directly with the sender or unit in person or over the phone.

Never give personal or financial information to someone you do not know. No official will ever demand money or have the power to revoke your immigration status. If you receive any form of communication (such as calls, emails, etc.) from someone claiming to represent the Student and Exchange Visitor Program, a law enforcement officer, a tax agent, or any other government or university authority, demanding money or confidential details, exercise extreme caution as it is likely a scam.

Before responding to suspicious messages/calls, check with VIS or University Police. No matter what situation you are in, we are here to help you.

If you are unsure if a request is a scam or not, please contact the University Police Department at (631) 632-6350 or Visa and Immigration Services at (631) 632-4685 or vis@stonybrook.edu.

SCAMS AND FRAUD REGARDING FEDERAL AND STATE TAX RETURN
Thousands of people have lost millions of dollars and their personal information to tax scams. Scammers use the regular mail, telephone, or email to set up individuals, businesses, payroll and tax professionals.

The IRS doesn’t initiate contact with taxpayers by email, text messages or social media channels to request personal or financial information. Recognize the telltale signs of a scam. See also: How to know it’s really the IRS calling or knocking on your door.

IF YOU RECEIVE A THREATENING CALL FROM SOMEONE CLAIMING TO BE A GOVERNMENT OR LAW ENFORCEMENT OFFICIAL
• Do NOT give out your personal or financial information
• Get contact information from the caller (name, badge number, telephone number)
• End the conversation immediately if threats / intimidation continue
• Contact the Homeland Security Investigations Tip Line
• Complete the IRS Impersonation Scam Reporting Form
• J-1 Exchange visitors should complete an incident report and email it to AGalert@state.gov.

TIP: KEEP YOUR PIN SAFE AND DO NOT LEAVE ATM RECEIPTS LAYING AROUND!

DEBIT CARDS
When you open a checking account, you are typically given a debit card. These cards will have either the Visa or MasterCard logo and can be used to make purchases wherever credit cards are accepted.

While they look like and can be used like a credit card, these debit cards are connected to your checking account. When you use your debit card as credit, the funds for that purchase come directly out of your account. In other words, you don’t get to buy now and pay later like you can with a credit card. Therefore, it is very important to keep track of your account balance and make sure you have enough in your account to cover the purchase. Otherwise you may end up paying overdraft and insufficient fund fees!

DOCUMENTS NEEDED WHEN OPENING A Bank Account
U.S. banks require certain documentation when opening an account. Below is a list of things commonly needed and it is suggested you bring these with you. Please note, some banks may require additional documentation.

• Passport
• Visa
• Form I-20 / DS-2019
• Form I-94 Arrival/Departure Record, printed from i94.cbp.dhs.gov

• Proof of Address:
  • If you live on campus - your residence hall and mailbox information is needed (you can find this on SOLAR)
  • If you live off campus - lease agreement, utility bill, etc. that shows you live at that address

MAIL PACKAGES AND DELIVERIES

CAMPUS RESIDENCE MAILROOM
Residents have the ability to receive mail on campus. During the start of the semester the mailroom operation experiences peak utilization, therefore it is strongly encouraged that students wait to ship large items so that the item arrives after the student reaches campus. Please note that we are unable to receive packages for individuals not currently residing on campus. The delivery of extremely large items requiring freight or other carrier delivery services such as auto parts or furniture will be refused.

FEDEX SHIPPING IN MELVILLE LIBRARY
The FedEx Office Print Service Center provides quick turn-around black and white and color copies, large format printing for posters, banners and signs, packing and shipping services and supplies, direct mail services, “kitting” for presentation pieces, and a summer storage program.

Visit the FedEx Office location in the lower level of the Melville library, room 0320. You can email your order to the store at usa0116@fedex.com.

CARS AND DRIVING

DRIVING IN THE U.S.
According to the New York State Department of Motor Vehicles (DMV), you can drive in New York State with a valid driver license from another state or country, as long as it has not expired. While you aren’t required by the DMV to have an International Driving Permit, the permit verifies in several languages that you have a valid driver license. This is helpful to police officers who can’t read the language on your foreign driver license.

An International Driving Permit can only be obtained in your home country. Contact the authorities in your home country to get an International Driving Permit.

Visit the VIS office website for more information on Applying for a NYS Driver’s License

PARKING ON CAMPUS
If students want to park on campus, their vehicle must be registered and display a valid parking permit. Violators are obligated to pay all parking tickets incurred. The University only recognizes parking permits issued by Parking Services or official disabled parking permits. All other parking permits are invalid.

For more information on getting parking permits, please visit Mobility & Parking Services (MAPS) to learn more.
