Dear Deans and Department Chairs,

As you may be aware, OEE has been in contact with designated Assessment Coordinators from each non-accredited academic program to coordinate the program assessment process for the 2022-2023 academic year.

As we continue to offer relevant training opportunities, consultations, and a campus-wide forum to prepare programs for this assessment cycle, we wanted to keep you informed of the following communication which will be sent to all Assessment Coordinators tomorrow afternoon.

Please see the attached communication for your reference, which details a variety of resources available to support programs with their Fall assessment, including an annotated report template, quick reference guide, and sample completed template.

Thank you for your continued support in this process.

Best,
Catherine Scott
Director, Office of Educational Effectiveness
Office of the Provost
