Complaint Procedure for Allegation of Discrimination¹

I. Introduction

Stony Brook University (including Stony Brook Medicine, Long Island State Veterans Home, and all other Stony Brook University facilities and programs), referred to herein as the “University,” has a longstanding commitment to equal employment and educational opportunity, and to creating and maintaining workplace, educational, and recreational environments that are safe and accessible, and free of all forms of **discrimination**.

As part of the University’s effort and consistent with SUNY policy and Federal and State law, the University’s Office of Institutional Diversity and Equity has published this Complaint Procedure for Allegations of Discrimination (Complaint Procedure) for the prompt, effective and impartial investigation of the following violations of University policy:

1. **Discrimination** on the basis of race, sex, sexual orientation, gender identity or expression, religion, age, color, creed, national or ethnic origin, **disability**, marital status, familial status, pregnancy, genetic predisposition, criminal convictions, **domestic violence** victim status, and veteran or military status and all other protected classes under federal or state laws. Harassment on the basis of any protected category is **discriminatory harassment** and is a form of **discrimination**².
2. **Sexual Misconduct**, which is a form of **discrimination** on the basis of sex, gender and/or gender identity and includes, but is not limited to: **Discriminatory Harassment and Sexual Harassment, Non-Consensual Sexual Contact, Non-consensual Sexual Intercourse and/or Penetration, Non-consensual Physical Violent Contact During Sexual Contact, Sexual Violence or Assault, Domestic Violence, Dating Violence and Stalking**.
3. Violations or irregularities in the EEOC Search and Selection Process.
4. **Retaliation** against any individual for filing a **discrimination** complaint or participating in any investigation under the jurisdiction of OIDE. **Retaliation** against an individual who files a Complaint or participates in an investigation is a form of **discrimination**.

The above allegations, if substantiated, constitute prohibited conduct and a violation of the Stony Brook University Policy Manual, the Code of Student Responsibility and/or the Stony Brook University Non-Discrimination Statement

¹ This Complaint Procedure has been written in compliance with Stony Brook University Policy, SUNY Policy, SUNY Research Foundation Policy, Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Americans with Disabilities Act, the Rehabilitation Act of 1973, New York State Human Rights Law, New York State Human Rights Law, New York State Education Law § 129B and all other applicable federal and state laws.

This document is provided for informational purposes only. It is not intended to be interpreted or relied upon as legal advice. Anyone seeking or requiring legal advice should consult an attorney.

² Refusal to provide or inadequate provision of a **reasonable accommodation** to otherwise qualified disabled individuals or inaccessible facility(s) is a form of **disability discrimination** under the Americans with Disabilities Act and a violation of Stony Brook policy. Initial requests for accommodation should be made to the applicable Human Resources (HR) office (for employees) or the Disability Support Services (DSS) (for students). Initial concerns about facility access should be made the applicable Building Manager or FIXIT. Please use the OIDE Complaint Intake Form found in Appendix C to file a complaint if you do not receive a satisfactory response after following these processes. Contact information for the various HRs, DSS and FIXIT can be found in Appendix D.

and Title IX Notice of Non-Discrimination.³ Prohibited conduct and important terms (highlighted in bold throughout) are outlined in more detail in the definitions provided in Appendix B.

Stony Brook University shall make reasonable efforts to investigate and address instances of **discrimination** of which it becomes aware, at times in the absence of a complaint or cooperation of a **Complainant**. Please note, however, that OIDE's ability to conduct an exhaustive investigation may be limited in cases where OIDE is unable to identify an alleged victim of **discrimination** or the **Complainant** refuses to or fails to participate in the investigation.

II. Applicability of Complaint Procedure

This Complaint Procedure may be used by any University student and/or employee or any **third-party** individual outside the **University community**, including, but not limited to guests, visitors, vendors and volunteers who are participating in a University-sponsored program or affiliated activity. If you consider yourself to be or have been a target of **discrimination** or harassment at any University-related facility, program, activity or event you may file a complaint with the Office of Institutional Diversity and Equity under this Complaint Procedure.

Employee grievance procedures established through negotiated contracts, academic grievance review committees, student disciplinary grievance boards, and any other procedures defined by contract will continue to operate as before.

This Complaint Procedure is intended to balance the rights of those bringing complaints of **discrimination** [the **Complainant(s)** or **Reporting Individual(s)**] with those against whom such claims are brought [the **Respondent(s)**].

III. The Office of Institutional Diversity and Equity (OIDE)

OIDE is charged with promoting the University's commitment to equal employment and educational opportunity. Part of this role is the equitable investigation of alleged incidents of **discrimination**. OIDE is a neutral fact-finding office. OIDE investigators are trained in conducting investigations into **discrimination**-based complaints. Both **parties** will have the opportunity to offer relevant information in support or defense of an allegation for the investigator's consideration. OIDE does not advocate on behalf of any **party** to a complaint - we represent the University's principles of equal opportunity, nondiscrimination, diversity and equity.

A. Title IX Office

OIDE serves as the University Title IX Office and the OIDE Director serves as the Title IX Coordinator. As Title IX Coordinator, the OIDE Director oversees investigations filed under this Complaint Procedure.

B. ADA Office

OIDE serves as the University ADA Office and its Director serves as the ADA Coordinator.

1. Requests for Accommodation should be brought to the appropriate Human Resources (for employees) or Disability Support Services (DSS) office (for students) to begin the Accommodation Process.

2. Concerns regarding an inaccessible or non-compliant facility should be brought to the attention of the applicable Building Manager or FIXIT.
3. Complaints regarding the Accommodation process or initial response to concerns regarding inaccessibility to University facilities should be brought to this office.

Please see Appendix D for contact information regarding requesting an Accommodation or reporting an accessibility concern to FIXIT - <https://www.stonybrook.edu/fixit/> or the appropriate Building Manager. Names and contact information for building managers should be posted in the building lobby.

IV. Jurisdiction

The University will investigate any alleged acts of **discrimination** of which it becomes aware. Based on information received by the OIDE, the OIDE Director or designee may exercise his/her own discretion and initiate an investigation into any alleged incident of **discrimination** in the presence or absence of an official complaint.

Depending on the circumstances, allegations of **discrimination** may be referred to and/or investigated concurrently by OIDE and other University offices, including Employee and Labor Relations (“Labor Relations”) and the Office of University Community Standards (UCS). For example in cases where non-sexual misconduct **discrimination** is alleged against a student, UCS may take the lead and consult with OIDE as necessary throughout the process.

If at any time during the course of investigating a complaint the OIDE Director or designee determines that a complaint is not within the jurisdiction of the office, the complaint and **Complainant** and/or the **Reporting Individual** shall be referred to the appropriate office and the matter shall be considered concluded by OIDE.

The OIDE Director or designee may determine that a specific complaint is of such a serious nature that the matter must be referred immediately to another University office, including, when necessary due to the existence of an on-going threat to the **University community**, the University Police Department (UPD).

V. Filing a Complaint

A complaint regarding an incident of **discrimination** at any University-related facility, program, activity or event may be filed with OIDE by any member of the **University community** or a **third-party** in writing using the form included in this Complaint Procedure, on-line using OIDE’s on-line complaint forms or by appointment. Although written complaints are not required, OIDE may request **complainants** to submit a written complaint to better ensure documentation of the complaint and a full and fair investigation of the facts. The included form in Appendix C can be submitted in person at the OIDE office, via email, fax or US mail. [You may also file a written complaint electronically 24 hours a day 7 days a week at www.stonybrook.edu/reportit.](http://www.stonybrook.edu/reportit) If you require assistance completing this form or filing a complaint in writing, please contact OIDE for assistance.

If you continue to experience on-going **discrimination** after filing a report, including **retaliation**, please report this to OIDE promptly. If at any time you feel unsafe for any reason, contact University or local police immediately.

Please see contact information for filing a complaint below:

Complaints may be filed against any member of the **University community** or any third-party who is participating in a University sponsored program or affiliated activity. Please note, however, that the University may only have limited jurisdiction over **third-parties**. (i.e. **Respondents** who are not employees or students of the University). This may limit the action or actions that the University may take against such **parties**.

B. Time Limits

In the interest of ensuring a safe and welcoming environment at University facilities and University sponsored programs or affiliated activities there is no time limit which bars the reporting of an incident of alleged **discrimination**. Note, however, that the more time that lapses between the incident and the investigation the more difficult it will be for the University to obtain complete and accurate **witness** statements and other information to address the complaint.

C. Supervisory Responsibility

Complaints or concerns that are reported to, or act(s)/conduct that is observed by an administrator, manager or supervisor involving an alleged act of **discrimination**, should be promptly referred to OIDE for appropriate action. All other employees are also encouraged to make such reports to OIDE or a Deputy Title IX Coordinator.

D. Sexual Misconduct Complaints

All individuals reporting incidents of **sexual misconduct** will be informed by OIDE of their options and resources. **Reporting Individuals** and **complainants** will be provided information describing their rights, available options, including pursuing a criminal complaint with local or state law enforcement and/or pursuing the University's investigation and disciplinary process and/or pursuing both options at the same time. A list of available resources, including counseling services, medical services, and other on and off campus community resources will also be provided. This information and assistance will be made available whether or a complaint is made, contemplated or even possible. Many of these resources are included as Appendix D.

- 1. Right to Report to the University or Law Enforcement or Not to Report:** Individuals who are victims of **domestic violence, dating violence, stalking**, or sexual assault have the right to make a report to University Police, local law enforcement and/or state police, or choose not to report; to report the incident to Stony Brook University, to be protected by the University from **retaliation** for reporting an incident and to receive assistance and resources from the University.
- 2. Student Drug and Alcohol Amnesty Policy:** In recognition of the importance of the health and safety of every Stony Brook University student and to encourage students not to hesitate to report any incident of **sexual misconduct** out of fear of the possible consequences for their own use of drug or alcohol use in violation of the Student Code of Responsibility, students acting in good faith that disclose any incident of **domestic violence, dating violence, stalking**, or sexual assault to Stony Brook University officials or law enforcement will not be subject to action for violations of alcohol and/or drug use policies occurring at or near the time of the reported incident. [For more information, please see section VII.C.3. Amnesty of the University Code of Student Responsibility at: http://studentaffairs.stonybrook.edu/ucs/docs/universitystudentconductcode.pdf.](http://studentaffairs.stonybrook.edu/ucs/docs/universitystudentconductcode.pdf)

E. Interim Measures

Interim measures, such as a “No-contact Directive,” or housing restriction and/or reassignment, may be available as appropriate, during an investigation if the either or both **parties** live and/or attend class on-campus.⁴

OIDE staff may work with the Office of University Community Standards (UCS) or Employee and Labor Relations (Labor Relations) to issue a “No-contact” directive as appropriate and/or may refer the **parties** to the UCS or Labor Relations for assistance with making such arrangements. Any **party** may request a prompt review, reasonable under the circumstances, of the need for and terms of any interim measure, including potential modification and are permitted to present relevant information in support of his or her request.

F. Conflict of Interest

Any information concerning factors that could prejudice the outcome of an investigation or an objective evaluation of the relevant information in support or defense of an allegation should be brought to the attention of the OIDE Director immediately. In the event that a conflict of interest arises, the University will take necessary measures which may include reassignment of the investigation to another investigator or investigators. If an OIDE staff member is the **Respondent**, the matter may be referred to the President or his/her designee. If the President is the **Respondent**, the OIDE will refer the complaint to the Office of General Counsel.

G. Privacy versus Confidentiality

Stony Brook University offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information provided to OIDE or any other non-confidential resources will be relayed only as necessary for the OIDE or other applicable University Official to investigate and/or seek a resolution as required under Federal and State law.

OIDE staff conducts its investigation in a confidential manner to the extent practicable and/or permitted by law. Note, however, that the OIDE’s fact-finding may also be utilized by other offices, including, but not limited to, Labor Relations (as consistent with the collective bargaining agreements) or the Office of University Community Standards.

The **parties** and **witnesses** are expected to cooperate fully in the investigation, and respect and preserve the integrity of the investigative process and the privacy of all **parties**.

H. Obligation to Investigate

If a student discloses an alleged incident of sexual misconduct to a non-confidential employee that disclosure may be reported to the Title IX Coordinator whether or not the student requests confidentiality. Certain Stony Brook employees, designated as responsible employees, are required to report incidents of sexual misconduct.

If the Title IX Coordinator becomes aware of an incident of sexual misconduct, Stony Brook may be required to investigate. The Title IX Coordinator may not be able to honor a request not to investigate or for confidentiality if failure to investigate does not adequately mitigate a potential risk of harm to the reporting individual or other members of the community. The Title IX Coordinator must weigh the request against Stony Brook’s obligation to provide a safe, welcoming and non-discriminatory environment. Factors used to determine whether to or not to honor a request for confidentiality or not to investigate include (but are not limited to):

1. whether the respondent has a history of violent behavior or is repeat offender;
2. the increased risk that the respondent will commit additional acts of violence;

⁴ [For more information on Interim Measures please see the Code of Student Responsibility VII.D3. available on-line at https://www.stonybrook.edu/commcms/studentaffairs/ucs/conduct.php](https://www.stonybrook.edu/commcms/studentaffairs/ucs/conduct.php)

3. whether the accused used a weapon or force;
4. whether the reporting individual is a minor;
5. whether the University has other means to obtain evidence such as security footage;
6. and whether available information reveals a pattern at a given location or by a particular group.

Stony Brook may provide interim measures or other assistance to a reporting individual regardless of whether that individual consents to an investigation.

If an individual discloses information through a public awareness event such as candlelight vigils, protests, or other public event, Stony Brook is not obligated to begin an investigation based on this information.

VI. Procedures for Investigating Complaints

This Complaint Procedure provides an outline of the process for investigating complaints⁵. A flow chart depicting this process can be found in Appendix A.

A. Overview

The review and investigation process follows the outline below:

1. Receipt of inquiry, report or complaint.
2. Initial **Complainant** Interview
3. Conduct Comprehensive investigation (if indicated following preliminary review).
4. Determination: Refer for appropriate administrative action or conclude matter.

B. Time Frame

Absent extenuating circumstances the investigation process, from receipt of a complaint through determination is expected to take place within ninety (90) calendar days from the University's receipt of the complaint⁶. Note however, the period of time required to take in an initial inquiry, report or complaint from the initial interview process through the conclusion of the investigation and resolution, may be impacted by various factors, such as the complexity of the case, immediate availability of **parties, witnesses** and other information in support or defense of an allegation, on-going criminal investigations, etc. Therefore the time frame may exceed ninety (90) days.

C. Expectations

The University's procedures are not designed to replicate a judicial process. The following outlines OIDE's expectations of the **parties**:

1. The **parties** are expected to meet with OIDE staff as needed and requested;
2. The **parties** shall be prohibited from using audio or video recording devices at any time;
3. OIDE will provide the **parties** with periodic updates, as deemed appropriate and/or necessary;
4. At the conclusion of the investigation, OIDE will provide the **parties** with written notice of whether the complaint has or has not been substantiated.

⁵ [More information regarding complaints with student respondent\(s\), including an outline of the hearing board or review panel process is available in the University Code of Student Responsibility which can be found at:
http://studentaffairs.stonybrook.edu/ucs/docs/universitystudentconductcode.pdf](http://studentaffairs.stonybrook.edu/ucs/docs/universitystudentconductcode.pdf)

D. Advisors

1. Advisors, advocates and representatives of either **party** may not participate at any meeting convened by OIDE. OIDE may allow an advisor, advocate or representative to attend and observe an interview or meeting at OIDE's discretion.
2. The **parties** are expected to communicate with OIDE directly, not through any advisor, advocate or representative, including legal counsel. Exceptions may be made at OIDE's discretion, such as in cases where a translator or an accommodation for a **disability** is necessary or when a language barrier exists.

E. Process

1. Receipt of Inquiry, Report or Complaint

- a. Review the allegation(s);
- b. Confirm OIDE's jurisdiction over the matter and that OIDE is the appropriate University office to address the allegation(s);
- c. Determine whether complaint merits further review and an investigation is required, assign investigator as appropriate;
- d. Determine if any extraordinary procedures such as interim measures should be implemented to prevent any potential on-going **discrimination** and ensure the safety of the **parties** and the **University community**; and
- e. Relay information to other offices, such as Employee and Labor Relation and University Community Standards (as necessary).

2. Conduct Initial Complainant Interview: The OIDE staff will ask the **Reporting Individual** and/or **Complainant** to participate in an initial intake interview, the goals of which will be the following:

- a. Review the completed Complaint Intake Form. The **Complainant** should complete this form prior to the intake interview. Please contact OIDE if you require assistance completing this form.) (See Appendix C);
- b. Discuss and clarify the allegations;
- c. Identify relevant **witnesses** and any other person potentially impacted by alleged **discrimination**;
- d. Review OIDE complaint investigation process;
- e. Review the University's policy prohibiting **retaliation**;
- f. Review OIDE's privacy versus confidentiality policy in on-going investigations;
- g. Advise **Complainants** of their right to also contact University and or local and or state police at any time if they are concerned that there has been a violation of the penal law; and
- h. Provide information regarding rights and resources that are available, including interim measures if applicable.

3. **Comprehensive Investigation:** If it is determined that an investigation is necessary, OIDE will begin the neutral fact finding process. All **parties** and identified and relevant **witnesses** will be contacted and given the opportunity to make statements and submit relevant and available information in support or defense of an allegation. During the investigation, the OIDE staff will:
 - a. Schedule an interview with the **Respondent**;
 - b. Review all University records that concern the complaint;
 - c. Interview identified, relevant and available **witnesses**;
 - d. Review statements provided by **Reporting Individual** and/or **Complainant, Respondent** and any other identified, relevant and available **witnesses**; and
 - e. Collect and review other relevant and available information in support or defense of an allegation

4. **Determination:** At the conclusion of the investigation, OIDE will make a determination and contact the **parties** in writing as to whether or not there was a violation of University policy based upon the relevant and available information in support and defense of an allegation. If violation of University policy is found:
 - a. **For Student Respondents** – the OIDE may refer the matter to the Office of University Community Standards for appropriate action (if any) under the applicable Code of Student Responsibility.
 - b. **For Employee Respondents (including student employees):** OIDE may refer the matter to the **Respondent’s** supervisor, the Office of Labor Relations, or any other pertinent administrative offices for further action, as appropriate.

If OIDE determines that insufficient information of a policy violation was found OIDE will notify the **parties** in writing of that determination and the matter will be considered closed.

Upon concluding its investigation, OIDE will ensure that steps will be taken to prevent **discrimination** and harassment, to prevent the reoccurrence of **discrimination** and harassment, and to remedy the discriminatory effects on the **Complainant(s)** and others, if appropriate.

5. **Appeal:** There is no right of appeal from the findings of an investigation conducted by OIDE.

F. Evidentiary Standard

The evidentiary standard applied in all OIDE investigations is the “preponderance of the evidence” standard. Put another way it means that it is determined to be more likely than not that any alleged violation of University policy occurred. “Preponderance” means the balance of more convincing information in support or defense of an allegation taking into account its probable truth or accuracy - not simply the weighing the volume of total information in support or defense of an allegation.

G. Respondent’s Refusal to Cooperate

If an identified **respondent** refuses to cooperate and/or respond in a timely manner to requests for an interview regarding allegations of **discrimination**:

Employees: OIDE may take any action it deems necessary and appropriate to address the situation including foregoing completion of an investigation and refer the matter to Labor Relations, as appropriate.

Students: OIDE may forego completion of an investigation and refer the matter to the University Community Standards Office and/or Student Affairs, as appropriate.

Third-Party: OIDE may not have jurisdiction over third-party respondents and will, as necessary, refer the matter to University office(s) able to take steps necessary to prevent any further or on-going **discrimination**, including University Police.

H. Complainant's Inaction, Failure to Pursue or Withdrawal

During an investigation, if a **complainant** declines to cooperate with OIDE or notifies OIDE that they no longer wish to pursue a complaint, OIDE may consider the matter closed and may take no further action, with appropriate notification to the **parties**. OIDE also reserves the right to continue its investigation, regardless of **complainant** cooperation or involvement.

VII. Other Available Options

A. On-Campus and Off-Campus Resources

Various on-campus and off campus resources are available to assist individuals who have been affected by **discrimination**. Services offered may include counseling, health care, mental health care, victim advocacy, legal assistance, visa and immigration assistance, student financial aid services, class scheduling and housing assistance, among others. A list of these offices and organization is included as Appendix D. Resources and assistance may be available whether or not a complainant chooses to participate in the investigative or disciplinary process.

B. Law Enforcement

This Complaint Procedure does not deprive a **complainant** of the right to report any alleged **discrimination** to any appropriate law enforcement agency, including the Stony Brook University Police, New York State Police, Suffolk County Police or any other applicable federal, state or local law enforcement agency if they believe there may have been a violation of the penal law. Any questions about whether a specific incident violates the penal law should be directed to law enforcement, the District Attorney or competent legal counsel.

The University will comply with law enforcement requests for cooperation, and such cooperation may require the campus to temporarily delay the fact-finding aspect of an investigation while the law enforcement agency is in the process of gathering evidence. The University will resume its investigation as soon as it is notified by the law enforcement agency that it has completed the evidence gathering process. The University will implement appropriate interim steps during the law enforcement agency's investigation period to provide for the safety of the victim(s) and the campus community, as described in Section V.E. Interim Measures.

C. External Agencies

This Complaint Procedure does not deprive a **complainant** of the right to file a complaint with outside enforcement agencies, such as the New York State Division of Human Rights, the United States Equal Employment Opportunity Commission, the Office for Civil Rights of the United States Department of Education and the Office of Federal Contract Compliance of the United States Department of Labor. The **complainant** is not required to pursue the University's internal Complaint Procedures before filing a complaint with a state or federal agency. If the **complainant** chooses to pursue the University's internal Complaint Procedure, the **complainant** is free to file a complaint with the

appropriate state and/or federal enforcement agencies at any point in the process, subject to applicable time limitations. It is important to note that filing an internal complaint pursuant to this Complaint Procedure does not extend the time limits established by state and federal enforcement agencies. A list of state and federal enforcement agencies are listed in Appendix D.

Upon filing with an external agency, the University internal complaint may be referred to the Office of General Counsel for review, defense or, if deemed appropriate, mediation, conciliation, or settlement with the external agency, or such other actions as may be in the interests of the University, including the termination of the internal process.

Notice of Determination to Both Parties

Appendix B Definitions

For purposes of this Complaint Procedure the following are defined as:

Consent or Consensual

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

1. Non-consent / Limitations of Consent

- a. Consent to any sexual contact or any specific sexual act cannot be given if an individual is under the age of 17.
- b. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any sexual act.
- c. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with any other person.
- d. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- e. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by:
 - (i) A physical or mental condition, infirmity or disability that limits informed decision making;
 - (ii) The lack of consciousness or being asleep;
 - (iii) Being involuntarily restrained; or
 - (iv) If an individual otherwise cannot consent.
- f. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants (whether voluntary or involuntary) may be incapacitated and therefore unable to consent.
- g. Consent cannot be given when it is the result of any coercion, intimidation, force or threat of immediate or future harm.
 - (i) Coercion is the use of an unreasonable amount of pressure to engage in sexual activity. Coercion is more than an effort to persuade entice or attract another person to engage in sexual activity.
 - (ii) Intimidation is an implied threat that menaces or causes reasonable fear in another person.
- h. Consent cannot be given when it is the result of the use of physical intimidation to secure compliance with sexual activity.
- i. Intoxication or impairment of the Respondent is no defense to charges of sexual misconduct.

2. Revocation of Consent

- a. When consent is withdrawn or cannot be given, sexual activity must stop.
