

OLLI at SBU COVID-19 POLICIES

Up to date as of 8/10/22

Updates To Be Provided From New York State & Stony Brook University Which May Include But Are Not Limited To/Are Subject To Change.

Please be advised that if you are not vaccinated against COVID-19 you are not permitted to proceed with registration and participate in OLLI at SBU. If you proceed with registration, you will be contacted and removed from the registration process entirely.

Vaccination Status Requirement

Per New York State policy, if you are registered for at least one in-person workshop, or accessing in-person services or facilities at any Stony Brook campus, you are required to obtain a COVID-19 vaccination.

You are required to attest to your COVID-19 vaccination status at the time of registration.

Booster Status Requirement

Per New York State policy, if you are registered for at least one in-person workshop, or accessing in-person services or facilities at any Stony Brook campus, you are required to obtain a COVID vaccine booster as soon as you are eligible in order to continue your participation in the OLLI at SBU Program.

You are required to attest to your COVID-19 vaccine booster status at the time of registration

Masks

Stony Brook University has lifted the indoor mask mandate as of Wednesday, March 2, 2022, on the West Campus – and nobody can ask another to mask (in classrooms, etc.) – we encourage all members of the campus community to respect individuals' decision to wear masks if they choose.

We continue to advise wearing a mask if you:

- Develop COVID-like symptoms
- Receive a positive COVID-19 test while you are on the campus
- Are concerned you could transmit a respiratory illness (*please remember not to come to campus if you're not feeling well*)
- Believe you have an increased risk of severe illness if exposed to and infected by a respiratory illness

All faculty, staff, students, and visitors must continue to wear face coverings while inside all Hospital buildings – regardless of their vaccination status.

Keeping You Safe and Healthy

Stony Brook University continues to follow the guidelines provided by the Centers of Disease Control and the New York State Department of Health, and we continually monitor and assess our protocols to ensure the safety and well-being of our campus community.

While we hope to put COVID -19 behind us, we still need you to do your part to help achieve that goal and keep us all healthy and safe.

- Wash your hands often or perform hand hygiene using hand sanitizer.
- Stay home if you do not feel well.
- You should cover your mouth and nose when you cough or sneeze with a tissue or in your elbow.
- DO not share drinks, utensils, and personal belongings.
