HOUSING INFORMATION

Will be communicated through your Stony Brook email. Assignments are not final until an official notification of assignment is sent to each student.

It is recommended students obtain Renters/Personal Property Insurance

- Housing is guaranteed for New First Year students who apply for housing by May 1st (December 15th for Spring admits)
- Housing is not guaranteed for Transfer students
  - Accommodated on a space available basis for both Fall and Spring semesters
- If you have any questions regarding your specific housing please contact Campus residences at (631) 632-6750
HOUSING INFORMATION

- Transfers who will receive housing will be advised from Housing Services when the housing portal will open.

- New Transfers should assume they will live in H or Roosevelt Quads and do not qualify for West Apartments, Chávez or Tubman Halls.
When will I receive my housing assignment

• Campus Residences makes every effort to notify new students of their specific room assignment as early as possible. Although students will know their assignment as soon as they select it in the portal, assignments are not final / verified until notification by the University is sent.

• For the fall semester, notification of room assignments is typically sent electronically to all new admits by the first week of August.

• Notification of assignment is sent via the student’s Stony Brook email address.
HOUSING COMMUNITIES

Various Communities Throughout Campus May Offer These Features:

- Substance Free

APARTMENTS

New Students are not eligible for Apartments
Due to the growing need for on-campus housing, temporary housing is necessary to accommodate the number of students who are guaranteed housing through a tripling process.

Most of the 90% of new resident student (First year and Transfer students) that chose to live on campus should be expected to be tripled.
Tripling Information Con’t

• Most students will be offered a permanent space within the Fall semester. Some students may be tripled into the Spring semester.

• Students who are initially tripled will have an opportunity to join a detripling waiting list after the start of the semester. When spaces become available within the community that they are assigned to, detripling offers will be made using this waiting list.

• Students who are tripled will each receive approximately a 15% reduction of the cost of their room rate for the duration of the time that they are living in a tripled room. This credit is posted to the student's account after the room has been detripled. **If a room is offered the opportunity to detriple and all the residents of the space decline the offer, the triple credit will end and the residents will begin paying the published double room rate for the space.**
Detripling

- Residents who are tripled must join a detripling waiting list by **October 1, 2019** to be considered for detripling. Residents who fail to join the detripling waiting list by **October 1st, 2019** become voluntary triples and pay the double room rate for their space.
