Cancer is our sole focus at Moffitt Cancer Center - and you can be part of the cure. Working here is both a career and a mission. Our team members are dedicated to patient care, research and education that offer hope to those facing a cancer diagnosis. We are committed to furthering cancer’s prevention and cure.

Moffitt is the only National Cancer Institute-designated Comprehensive Cancer Center based in Florida. Our 6,000+ team members include some of the best and brightest minds from around the world.

Discover what it means to be part of the Moffitt team. Join our mission to contribute to the prevention and cure of cancer.

**REASONS TO WORK AT MOFFITT**

Jessica McDaniel, Ph.D.
Sr. Medical Science Liaison
Celgene Pharmaceuticals

“...this hands-on internship experience has been essential for me to gain experience in intellectual property outside of the laboratory setting that employers desire.”

Steven Gunawan, Ph.D.
Scientist, Catalent Pharma

“...provided me with insights on how business perceives science. It also taught me how to conduct myself professionally outside of lab benches.”

Ruchira Ranaweera, Ph.D.
Pathology Diagnostics Liaison
Bristol-Myers Squibb

“...gained valuable and broad experience in technology transfer and honed my communication skills, which helped me stand out as a job candidate.”
