Procurement Strategic Framework

**Vision**

Enable Stony Brook University’s strategic objectives while driving Procurement operational excellence through superior service delivery, process improvement, governance, and value capture.

**Mission**

To be a trusted partner, proactively engaging across the University to create and capture value.

**Success Pillars**

- **Sourcing & Contract Excellence**
  - Develop procurement, expenditure, and supply chain professional excellence by:
    - Developing category management and strategic sourcing competencies
    - Enhancing contract development and negotiation skills
    - Establishing data & business analytics capabilities
    - Improving customer service, training, and communication
    - Expanding the supplier diversity program

- **Accounts Payable Excellence**
  - Effectively manage and oversee supplier, employee, travel and credit card payments by:
    - Optimizing current technology solutions
    - Automating manual processes
    - Improving policy training and compliance
    - Enabling electronic invoicing and supplier engagement
    - Building a cohesive relationship with sourcing and suppliers to support procurement strategies

- **Central Services Excellence**
  - Operate as an integrated service center for Mail, Receiving, Property Control and Archiving by:
    - Optimizing processes and systems to gain efficiencies
    - Improving the cycle time for customer deliveries
    - Automating manual processes
    - Maximizing driver efficiency
    - Addressing service improvement opportunities
    - Maintaining all vehicles and equipment for maximum lifecycle

**Core Activities**

- **Talent Management**
- **Metrics and Compliance**
- **Communications & Training**
- **Diversity, Equity & Inclusion**
