How to Update Your Pivot Profile
What is PIVOT?

The Office of the Vice President for Research subscribes to Pivot, which is a web-based discovery and workflow tool that combines a comprehensive source of global funding opportunities with the largest collection of scholar profiles into one intuitive solution.

With Pivot, faculty, research administrators, postdocs, and graduate students can easily explore new avenues for funding, view funding opportunities uniquely matched to their scholar profile, collaborate with colleagues, and build a funding strategy that supports both immediate and long-term funding needs.
