ASSOCIATE/FULL PROFESSOR, DEPARTMENT OF PSYCHOLOGY
STONY BROOK UNIVERSITY

The Department of Psychology at Stony Brook University invites applications for an Associate or Full Professor position. We are particularly interested in a scholar whose research focuses on the aging brain and who has a strong focus on human neuroimaging (structural and functional MRI). Such research might investigate, for example, the affective and cognitive neuroscience of normal and pathological aging. Opportunities for collaboration exist across campus with units including the Center for Aging Policy Research in the School of Social Welfare; the Geriatrics and Geriatric Psychiatry programs in the School of Medicine; the Biomedical Orthopedics Laboratory in the College of Engineering and Applied Sciences; and the Disability Studies Program in the School of Health Technology and Management. Successful candidates will be investigators who have a strong record of scholarship and a record of procuring extramural funding for their research as well as experience in teaching and mentoring.

Candidates should email a letter of interest, curriculum vitae, statements of research and teaching interests, representative publications, and arrange to have three letters of recommendation emailed to: **Psychology_Search@stonybrook.edu**. Files will be reviewed beginning **October 10, 2019**, although applications will be accepted until the position is filled. Questions about this position may be sent to Appu Mohanty at Aprajita.Mohanty@stonybrook.edu.

The Psychology Department at Stony Brook University (SBU) encompasses doctoral programs in Clinical Psychology, Cognitive Science, Integrative Neuroscience, and Social and Health Psychology. We have a history of productive collaborations with numerous other departments on campus (e.g., Neurobiology & Behavior; Computer Science; Linguistics) and in the adjacent Schools of Medicine (including Neurology, Psychiatry, and the program in Public Health), Nursing, and Health Technology and Management, among others. SBU houses state-of-the-art imaging facilities including Social, Cognitive, and Affective Neuroscience (SCAN) Center with a Siemens MAGNETOM Prisma 3 Tesla system scanner, PET and simultaneous PET/fMRI imaging, Center for Understanding Biology using Imaging (CUBIT), as well as Rat Conscious Animal Scanner (RatCAP) among others. Stony Brook University is a member of the AAU. We are located 60 miles from New York City on the north shore of Long Island. Information about the department can be found at http://www.stonybrook.edu/commcms/psychology/. Stony Brook University is an Equal Opportunity/Affirmative Action Employer. Individuals from diverse backgrounds are encouraged to apply.
