SBU or Psychology Department News/Events

2020 Celebration of Undergraduate Research - Psychology Student Presentations
Wednesday, May 6, 2020, 1 - 3:10 PM
Although we will greatly miss the lively interactions that occur at our annual in-person poster symposium event in the SAC Ballroom, our virtual URECA exhibition is an opportunity for students to showcase the work they've done with faculty mentors and gain experience in research presentation. (See flyer here)
PSI CHI and Psychology department will host our student presentation via Zoom
Host: PSY CHI
Zoom link:
https://us02web.zoom.us/j/82443218185?pwd=S20xazlRYYpZmRQcWMZILBFdDNXz09
Meeting ID: 824 4321 8185
Password: 012003
Reminder: use SBU zoom login with NetID and password

The Career Center has Gone Virtual
The Career Center is still offering all of their normal services for students and alumni to use virtually. All of the information on how to access career center services virtually is on their website. Here are some highlights:
1) Meet with a Career Coach: meetups, drop-ins, and appointments for students and alumni. Each of Career Field Experts hosts a meetup every week - those dates can be found on Handshake and the career center website.
2) Job Search Resources: see a list of resources on career center website
3) Upcoming Events: Employers are also adding events to Handshake every day sharing valuable information with students. This is a great opportunity for students to connect with companies they may be interested in.
4) Career Center Social Media: The Career Center is putting out daily content for students and alumni with information about events, services, and job/internship search tips during this time period. For the most up to date information students should:

Job opportunities and career-related news

Job opening: Clinical Research Assistant - 2000973
The incumbent will assist with MRI brain imaging research studies of depression and Mild Cognitive Impairments in older adults. They will interact directly with study participants, including phone calls, and administering behavioral and computer tests. They will coordinate scheduled visits with other research team members and coordinate MRI scans. They will accompany participants to MRI scans, and will be trained to conduct scans during after hours and weekends, when an MRI technologist is not available. The incumbent will be trained to assist in MRI data processing. They will also assist with maintaining the integrity of collected data in an electronic database and assist with maintaining the study protocol documents and compliance with all Institutional Review Board policies. The successful incumbent must have excellent interpersonal, organizational and time-management skills.
Please find more details about the job requirement and apply here.
* Note. This job position will be open until May 10, 2020.

New York State Ed is hiring virtual interns to work in a variety of departments - UG & GR
Applications close on June 1st, 2020 at 5:00 pm
We have a special arrangement for SUNY campuses - all SBU applicants must apply through the Career Center and we will then batch them for the employer.
Students must submit their resumes/apps through Handshake:
NYS Education Department Internship Program Summer 2020
