These Terms of Occupancy are in effect for all University Residence Halls/Apartments and Southampton Residences.

B. Non-Discrimination Policy

Consistent with Federal and State guidelines, Stony Brook University does not discriminate on the basis of any protected class including race, religion, sex, sexual orientation, gender identity, color, national origin, age, disability, marital status, veteran status, disabled veteran in its educational programs/activities or in employment.

Pursuant to Title IX of the 1972 Education Amendments, Stony Brook University does not discriminate on the basis of sex; prohibited sex discrimination includes sexual harassment and/or sexual violence. Complaints of suspected violations of this policy should be made to the Title IX Coordinator, please visit here for more information.

C. General Policies

1. The offer of on-campus housing is a privilege and not a right. This document creates a license to use on-campus housing and is not a lease. Occupancy in on-campus housing implies acceptance by each student of the terms set forth below.

2. Using established procedures, the University has the right to suspend or withdraw accommodations, guest privileges or access to a campus residence to any person(s) for violations of these regulations, for health and safety reasons, or for nonpayment of bills. In addition, the University may seek financial or other restitution for loss or damage to residence hall/apartment property.

3. Through the provisions listed herein, the University reserves the right to conduct inspections to ensure the health, safety, and general welfare of University community members, and/or the physical security of University property.

4. The University reserves the right to enter and inspect residential quarters without advance notice, including individual bedrooms and common areas, on receipt of a complaint of unauthorized activity or a violation of the Code of Student Responsibility. Personnel from the Division of Campus Residences, as well as emergency personnel, may access residential quarters in the event of an emergency (i.e. fire alarms, fires, floods, etc.) to complete maintenance requests, to prevent harm or damage to persons or property, and/or to enforce provisions of the Terms of Occupancy.

5. Upon residency, the student must carry room/suite/apartment key(s) and ID/access card at all times and provide such ID when requested by University staff member.

6. The existence of other sets of rules governing social behavior within the on-campus housing community is presumed. In addition to adherence to these Terms of Occupancy, students must comply, and should become familiar with, the Residence Hall and Apartments Eviction Procedures, the Code of Student Responsibility, and the SUNY Rules for the Maintenance of Public Order.

7. The University **shall not be liable** to any injury to the resident(s) or guest(s) or damages to any personal property caused by water, rain, fire, steam, sewer, pipes, plumbing, stoves, refrigerators, laundry machines, dryers, or anything else that is beyond the control of the University.
8. Liability for risks or injury and/or damage to personal property are expressly assumed by the resident. It is strongly recommended that each resident obtain appropriate insurance for personal property.

II. Occupancy Guidelines

A. Eligibility

1. General Eligibility

a) The offer of on-campus housing is extended to full-time matriculated students who are eighteen (18) years of age or older, or who will attain the age of eighteen within their first two semesters of enrollment at Stony Brook University.

Note: Although Stony Brook University does not typically provide on-campus housing for students who enroll at the age of 17 but will not turn 18 years old until after their first year of studies have ended, such applicants may contact the Associate Director of Residential Programs for Administration and Services, at 631-632-6750 or reside@stonybrook.edu to request special consideration for on-campus housing. Students under the age of 17 at the time they enroll are not considered for on-campus housing.

b) In order to reside on campus, students must maintain their eligibility during the entire Fall and Spring academic semesters.

c) Any change in eligibility status (e.g. from full-time student to part-time student, from student to non-student, or from undergraduate to graduate student) may result in relocation or termination of on-campus housing. Residents who terminate enrollment for any reason, including graduation, must vacate their assignment within 72 hours of the date their enrollment terminates.

d) Students who wish to reside in Chapin, Schomburg, or West Apartments Building I must be full-time matriculated students enrolled in a graduate studies program, or undergraduate students who are married, living in a domestic partnership, or have a dependent child (allowed to live in Chapin Apartments only).

e) Stony Brook University is not permitted to classify students according to race, religion, national origin, disability, sexual orientation, or gender identity. Assignments cannot and will not be made or changed based on these factors.

2. West Apartments, Chávez Hall, and Tubman Hall Eligibility

a) Students must have Junior (U3) or Senior (U4) standing;

b) Students must have a cumulative Stony Brook University GPA of 3.0 or greater;

c) Students must be in good conduct standing with the University (see below)

All criteria must be met and eligibility must be continually maintained through the residency period. Acceptable conduct history at the University: students that are on residential or disciplinary probation maybe ineligible to reside in West Apartments, Chávez Hall, and Tubman Hall. If a student at the time of housing selection is on residential or disciplinary probation with the university they will be ineligible to select West Apartments, Chávez Hall, and Tubman Hall.

Students may appeal to the Associate Director of Residential Programs for Apartment Living for an exception. Loss of eligibility may result in reassignment to a space in a traditional residence hall or loss of on-campus housing.

3. Graduate Student Eligibility
a) The University cannot guarantee on-campus housing to all students. Priority for on-campus housing will be given to first time graduate students who submit their housing request and room deposit by May 15th.

b) Graduate students may remain in their apartment assignment up until the final day of the month in which they are graduating (May or December).

4. Family Housing Eligibility

One and full two bedroom apartment units are designated for use by single heads of household, married couples, domestic partners, and their dependent children only. Applicants for family housing must provide two or more of the following documents to prove marriage, domestic partnership, or financial interdependence while sharing the same living domicile for a minimum of six months:

a) Marriage/Domestic Partnership (two [2] or more of the following are required):
   (1) Marriage License
   (2) Joint Credit Card with Joint Bank Account (only both will be accepted)
   (3) Joint ownership of property with joint utility bills
   (4) Lessor verifying that the joint couple has lived together at least six (6) months

b) For Dependent Children (one [1] or more of the following is required):
   (1) Birth Certificate
   (2) Legal Guardianship Documentation
   (3) Adoption Certificate

5. Family Housing Assignments/Safety

a) All families with children who reside in University housing will be assigned to Chapin Apartments.

b) Families with two adults living with one child under the age of five are permitted to share a one bedroom apartment. The child must sleep in the bedroom and no bedding is permitted in the living room/common area of the apartment.

c) Single parents with a child are permitted to share a one bedroom apartment with their child, regardless of the child’s age. This is permitted as long as only one adult is occupying the apartment.

d) Families with two adults living with a dependent child who is age five or older, or have two or more children residing, must occupy a full two bedroom apartment.

e) Parents should be advised that their children should not be left unattended, or else risk a conduct referral. Specifically, if/when using a portable plastic and/or inflatable children’s pool, children must be supervised at all times. The University shall not be responsible for or liable to the resident(s) or their guest(s) for injury to any person using such items. We also require that when pools are not being used, the owner of the pool empty all water and store the pool in a safe place.

B. Continuing, Changing, and Revoking of Housing Contract

1. A continuing resident will be allowed to renew their housing agreement on a space available basis, according to published policies at the time of the renewal request. Academic responsibilities or obligations, such as an internship or research that extends for one semester or longer, that require the student to be away from campus may serve as reasons for a resident to terminate their housing agreement without financial penalty. There is no guarantee that accommodations will be available should a student re-apply for housing.

2. For residents of Chapin, Schomburg, and West Apartments building I, housing rates are based upon 12 months of occupancy, from June 1st through May 31st of each year. In March/April of each year, residents who intend to renew their housing for the following year participate in the
online room selection process (Room Selection). Graduate students have two options for renewing their housing:

a) A full year housing agreement: June 1st through May 31st of the following year. Graduate students must pay rent during the summer months, regardless of whether they intend to physically occupy the space during that time.

b) Short term housing agreement: June 1st through July 15th of that year, with no extensions possible beyond July 15th

3. For residents of West A, B, C, D, E, F, G, and H Apartments, Chávez Hall, and Tubman Hall housing rates are billed by semester. Residents who renew their housing agreement during Room Selection are responsible for rent for the Fall and Spring semesters. Summer housing is available as a separate application process, but every attempt will be made to keep the resident in their same assignment if they apply for summer housing by the published application deadline, and if the building is available.

4. If the continued presence of a student would constitute a danger to the student, or to the safety of persons, or to the property in the residence halls/apartments, or would pose a threat of disruptive interference with the normal conduct of residence hall/apartment activities and functions, or if otherwise warranted due to the seriousness of a student’s behavior, the University may suspend the student’s privilege of on-campus housing.

C. Check In/Check Out

1. Check In

a) Billing begins on the first day of the housing agreement, regardless of whether physical occupancy of the space is also taken at the same time. Billing continues until the student properly checks out of the space, which includes returning the key to the space, or until the University determines that the space has been vacated.

b) Upon occupancy of a room, suite, or apartment, the resident(s) should make an initial inspection of the premises and furnishings. Within three days of occupancy, a staff member will email residents their electronic Room Condition Report (RCR) or Apartment Condition Report. Residents are responsible for reviewing and re-submitting this report via the RCR online system. The report will be retained online for the entire duration of occupancy. The report shall be the basis for determining damage, cleaning, and billing if there are discrepancies during the checkout process. Consult Appendix C regarding all check in procedures.

2. Check Out

a) To properly check out, a student must completely remove personal property and clean the space. They must report to either the Quad/Area Office or Residence Hall/Apartment Office to return the key to a professional staff member or a Resident Assistant. A Residential Programs professional staff member will assess any damages.

b) Residents are also offered the Express Checkout option as a checkout procedure. For the Express Checkout option, obtain an Express Checkout envelope from the Quad/Area Office or Residence Hall/Apartment Office. Once all personal property is out of the room/suite/apartment, lock the door, complete the form in its entirety, and place keys in the attached envelope. Place the envelope in Express Checkout box, which is located outside the respective Quad/Area Office or Residence Hall/Apartment Office.

c) Upon leaving, any resident who fails to check out through either of the above procedures shall be assessed the current fees for failure to return room key(s) and improper checkout. In addition, the resident will continue to accrue, and be responsible for, rent charges through the date the University determines the space has been vacated. Additionally, the resident will be responsible for damages that may occur to that
d) Items for which charges may be assessed include, but are not limited to:

1. Labor and material costs to clean or repair rooms/suites/apartments that are not returned in the same condition as when the student took occupancy. Reasonable wear and tear is an exception.
2. Nail/pinholes and other decorating damages, which includes damage from adhesive materials
3. Scarred and/or broken furniture
4. Soiled, stained and/or damaged carpets
5. Burns/scorching of any kind
6. Damage to walls, wood, metal surfaces, countertops, screens, doors, etc., beyond normal wear and tear
7. Cost of removal of debris and/or personal items left behind from interior and/or exterior of room/suite/apartment
8. Failure to return key(s) issued by the University

D. Room Change

As a campus committed to promoting diversity, room change requests that are based on the lack of tolerance for others because of race, creed, color, disability, national origin, religion, sexual orientation, status as a disabled or United States veteran, will not be considered or approved. Published procedures must be followed when requesting a room change. Current room change procedures may be obtained in any Quad or Apartment Office, and online. Residents who move without prior approval will be directed to return to their assigned space, will lose their room change privileges until the following semester, and will be subject to conduct referral. Consult Appendix C below for a description of the current room change procedures.

E. Consolidation

The University reserves the right to consolidate residents upon notice (a minimum of 24 hours, unless extenuating circumstances exist). Residents who live in a room/suite/apartment that is not filled to design capacity may be relocated.

F. Guest Policy

1. Responsibility

Residents hosting guest(s) assume full responsibility for the actions of their guest(s), regardless of whether the guest has been formally registered, and regardless of duration of visit. This may include liability for the cost of property damage caused by a guest and/or any campus conduct referral instituted as a result of guest behavior. For additional guidelines on the University guest policy, please refer to the Code of Student Responsibility.

2. Late Night/Overnight Guests

a) Residents are permitted to host overnight guests, which is any person or persons remaining in a residential community between the hours of 11:00 pm and 9:00 am. Residents seeking to host a late night/overnight guest must follow all published procedures. Procedures are available within each residential building from the Residence Hall Director, or their designee. This policy applies to on-campus residents not assigned to the space, non-resident guests, non-students, and all other affiliates/non-affiliates.

b) Only late night/overnight guests whose hosts have followed the published procedures are permitted to stay in a residential facility. No individual may be a late night/overnight guest for more than three (3) nights in any seven (7) day period, and a maximum of six (6) nights in any thirty (30) day period.
3. Limitations

a) Permitted guests may not become another resident’s guest as a means of extending their visit.

b) Guest frequency may not be used as a means of obtaining on-campus housing without being assessed housing fees. Residents may be denied guest privileges, face conduct referred, and/or billed restitution for the cost of the period of unauthorized residency.

c) A guest may not occupy a residence hall/apartment bedroom or suite/apartment common area in the absence of the assigned occupants of the room.

d) Each resident of a room/suite/apartment may host no more than two guests. Total occupancy may never exceed twice the number of residents assigned to that space. For example, a six-person suite may be occupied by a MAXIMUM of 12 persons total.

4. Refusal of Guest Status

A guest may be denied permission to be a guest in the future by University officials based on behavior that includes, but is not limited to, posing a potential threat to students and/or the University, or is otherwise in violation of the Code of Student Responsibility or Rules of Public Order. The guest shall be informed of that reason when they are asked to leave the halls. Guests who have been denied authorization in one residential community may not request guest status in another residential community.

G. Unauthorized Occupants or Trespassers

Facilities not authorized for sleeping quarters may not be used for that purpose without the consent of the Assistant Vice President for Campus Residences, or their designee. Any person doing so will be considered a trespasser. Unauthorized occupants shall be subject to a charge at the prevailing daily rate for a comparable space during the entire period of improper occupancy and may be subject to criminal and/or conduct proceedings as well. Public spaces that are not authorized sleeping quarters include, but are not limited to: unoccupied residential rooms/spaces, lounges, recreation rooms, laundry rooms, storage areas and classrooms.

H. Subletting

- Graduate and Family residents of Chapin, Schomburg and West Apartment I Building have 12 month housing agreements that run from June 1st- May 31st, annually. During the summer months (June 1st - July 31st, only), Graduate and Family occupants who plan to be away from the campus continue to incur rent charges. To accommodate the needs of those individuals who plan to be away from the campus during this period, the University offers a sublet option as follows:

- Current residents of Graduate and Family Housing may only sublet to an eligible Graduate or Family Housing student (e.g., a current graduate student who does not have housing, an incoming graduate student who needs housing during the summer but is not living on campus going forward, a post doctoral or OPT student, or a visiting scholar). Apartment residents cannot sublet to an undergraduate (unless they are seeking family housing) or someone without an affiliation to the University as described above.

- Residents wishing to sublet for all or part of the summer, may only sublet their specific space, and cannot occupy the space at the same time as their sublessee.

- Individuals entering into a sublet agreement cannot charge more for rent than the University charges the assigned occupant of the space. The resident can charge less than their full rent. Further, the assigned occupant of the space continues to be responsible for their rent. The assigned resident manages collections and payment to the University from their sublessee.
Once a resident identify a sublessee, there will be paperwork that both the sublessor and sublessee must complete in person with their respective Apartment Living Coordinator.

All roommates and apartment mates must consent to the presence of a sublessee in their apartment for the sublet request to be considered.

Residents who sublet their space are responsible for the conduct of your sublessee while away from campus as outlined in the Terms of Occupancy Guest policy. As such, individuals interested in subletting should be selective in identifying a candidate to sublet their space.

The University takes the safety and security of our residents and the overall community seriously. Individuals who violate or fail to adhere to the sublet policy established by the University can face an immediate termination of their housing agreement.

III. Financial Obligations

A. Housing Charges

1. Housing fees in Residence Halls are billed by the semester and Apartments are billed by the month. Click here for a listing of room rates.

2. Most undergraduate students must submit an advance room deposit (currently $200.00) at the time of application or reapplication each year, which is credited towards the room fees for the appropriate semester. Exceptions to this requirement are delineated in the housing application materials.

3. For graduate students, there is a $200.00 advance payment that will be applied to September rent. This payment must be made prior to May 15th of the year the applicant first applies for apartment housing. However, exceptions can be made based on documented financial hardship.

4. Graduate and Family Housing

   Housing fees are assessed on a monthly basis.

   a) Assessment of housing charges will begin as soon as the resident signs their Apartment housing agreement and take the key to the space.

   b) Residents moving in after the first day of the month will assume all remaining housing charges for the balance of the month based on the date of check in.

   c) Residents vacating their assignments any time during the agreement period are liable for the entire year's room charges unless occupancy is at full capacity and a waiting list exists to fill the anticipated space.

   d) In accordance with the University’s billing schedule, the monthly room charge is payable on the first of the month. Late fees will be applied to any account when the rent payment is not received by the 15th of the month. Payments made by mail must be received by the due date or will be considered a late payment.

   e) A payment check returned by the bank for any reason is subject to a Return Check Fee of $30.00.

B. Utilities

All utilities are included in the stated room fees except for the cost of telephone unit and service beyond the campus.

C. Payment of Housing Charges/Billing
1. Payment of all housing fees is required by the due date on the resident’s University account. Failure by a resident to maintain their account in good standing will result in having late fees assessed by the University Bursar, and could result in termination of the resident’s housing agreement upon 72 hours written notice.

2. Residents assigned to temporary spaces (doubles occupied as triples or lounges assigned as bedrooms) will receive an approximate 15% credit on their room rate (maximum of $565 per semester). Once the resident is offered a permanent space, the credit will be posted to the University account. If the offer of a permanent space is declined or ignored for any reason, the daily credit will be discontinued from the date the permanent space was offered.

3. Only residents in good financial standing will be permitted to participate in the annual room selection process.

D. Rate Changes

Rate changes resulting from a change in occupancy status will become effective as of the first day the space is made available to the student. A resident will not be allowed to upgrade their room/suite (i.e. transfer from a lower to a higher monthly room charge) or renew their housing agreement unless all prior rental charges and outstanding student account bills have been paid.

E. Meal Plans

All first year and transfer residents must participate in a resident meal plan for their first two semesters in on-campus housing, regardless of room/building assignment. Beyond the first year of enrollment, any student assigned to a designated meal plan residence hall must register for one of the Residential Meal Plans offered by the University, regardless of class standing. Students beyond their first year of enrollment who reside in designated cooking buildings have the option of whether to purchase a meal plan, subject to all published terms and conditions for meal plan contracts.

F. Damage Fees & Individual/Multiple Liabilities

1. Each person assigned residency in a residence hall/apartment will be held responsible for any damage beyond normal wear and tear to their assigned room or quarters, the furniture, fixtures, structural components contained therein, and for any damage caused by them or their guest to any other part of the residence hall/suite/apartment premises. Fees will be assessed for damage to the room/suite/apartment.

2. In the event that two or more persons occupy the same room/suite/apartment and it cannot be ascertained which student is responsible for the damage, the charge will be assessed against residents equally. It is the student’s responsibility to keep the facilities and furnishings of the University in good condition for use by future students.

3. The room conditions will be determined by the electronic Room Condition Report (RCR) or Apartment Condition Report to be completed by the residence halls/apartments staff. The Residence Hall Director/Apartment Living Coordinator will do a final inspection to determine if damage requires the student to be billed.

4. Students are strongly advised to have all of their personal property protected against theft and other loss by appropriate individual or family insurance coverage, as the State of New York and Stony Brook University provide no such insurance coverage and will not be responsible for any such theft, damage, or other loss.

G. Voluntary Housing Cancellation Policy

1. Termination after a Residency Period has commenced

   a) When occupancy levels in the residence halls/apartments are at or above 100% of usable space, residents who cancel their on-campus housing will be assessed housing charges on a daily basis through the date that a proper check out is processed. However,
once occupancy in the residence halls/apartments falls below capacity and there is no active waiting list for on-campus housing, residents who cancel their on-campus will be assessed housing charges through the end of that semester/contract period with no proration of fees extended. Additionally, the resident will remain responsible for any damages that may occur to that room despite the resident's non-occupancy.

b) Individuals seeking to request an exception to the guidelines for early agreement termination may submit a letter of appeal to the Associate Director of Residential Programs for Administration and Services.

2. Cancellation prior to First Day of Residency Period

All requests for cancellation of on-campus housing must be made in writing to the Division of Campus Residences. The cancellation date will be that on which the space can be reassigned. Advanced payment room deposits will be refunded as appropriate under the cancellation schedule published each year.

H. Withdrawal or Dismissal from the University

Residents who withdraw or are dismissed from all classes will have their housing agreement terminated and will be expected to check out within 72 hours of the change in their academic status. It is incumbent upon the individual to notify the Division of Campus Residences of the change in status immediately, and to make arrangements for proper check out.

I. Eviction Procedure

1. Any resident who fails to pay any fee or assessment, unless properly deferred or waived, as required for residence, will have their housing agreement cancelled. In addition, they may be subject to general University regulations regarding non-payment of fees.

2. Only residents in good financial standing will be permitted to participate in the annual room selection process. Residents who fail to meet their financial obligations to the University by established payment dates, and who have been unable or unwilling to arrange for proper deferment, may be subject to the eviction guidelines indicated below.

3. Any resident who is evicted for non-payment will be given 30 days' notice, from the time written notice is served by means of campus mail or Division of Campus Residences staff member, concerning their account before eviction procedures are enforced. Written notice may take the form of a University bill.

IV. Standards of Living

A. Cooking

Cooking may occur only in apartment/suite kitchens or University provided public kitchens. Food that is cooking should not be left unattended and should be checked regularly. Any knives used for cooking purposes must be kept clean and stored away. No knives should be visible in any bedroom or common room/area. Kitchens must be kept clean and free from dirt, grease, garbage, and trash. Range hoods, cooking tables, and adjacent surfaces must be kept free of grease. Residents must dispose of grease properly and not in bathroom, hall, or public sinks. Hot grease must not be discarded in waste receptacles. Failure to comply with cleanliness standards will result in conduct referral and/or assessment of cleaning fees. Outdoor grilling or cooking is prohibited on any residential property.

B. Prohibited Appliances

The following electrical appliances are prohibited from possession and/or use in bedrooms/suites/apartments and are subject to removal by staff:

1. Washing machines not provided by the University
2. Irons without automatic shut-off
3. Air conditioners not supplied by the University
4. Space heaters not supplied by the University
5. Non-University issued lamps, which includes lamps with built-in outlets/USB ports
   a) EXCEPTION: Except lamps without built-in outlets/USB ports that use compact fluorescent bulbs (CFL) or light-emitting diode (LED) bulbs.
6. Any motorized (or motor propelled) devices including, but not limited to: hoverboards, motorized skateboards, and segways
7. Any heat-generating appliances including, but not limited to: hot plates, non-University issued/provided microwaves, grill cookers, non-single brew coffee makers without automatic shut-off, and toaster ovens

C. Authorized Appliances

1. Community Kitchens: Residents who reside in halls with a community kitchen may only use pots and pans for food preparation. Pots and pans must be stored in rooms/suites when not in use and kept clean.
2. Designated cooking buildings (Irving, Hand, Gershwin, James): Residents may use pots, pans, rice cookers, and crock pots in designated kitchens. Storage of all appliances must be cooled down, stored in rooms/suites, and kept clean. In suite style cooking buildings, all appliances must be stored in the kitchen area.
3. Apartments: Students in University Apartments with a kitchen may use regular slotted toasters, pots, pans, rice cookers, and crock pots. All appliances must be stored in the kitchen area.
4. Single cup coffee brewers (e.g. Keurig) with automatic shut-off and electric kettles with automatic shut-off are permitted for use in bedrooms and common areas.
5. Humidifiers: Residents may use a single/small room humidifier with an automatic shut-off. Requests to use a larger humidifier can be directed to Residential Risk Management.
6. Dehumidifiers: Residents may use a single/small room dehumidifier with an automatic shut-off. Dehumidifiers must have an internal collection bin. Dehumidifiers cannot be ported through windows, into sinks, or other drains. Requests to use a larger dehumidifier can be directed to Residential Risk Management.
7. All approved appliances must be U.L. (Underwriters Laboratories) approved and free from frays or defects in wiring.

D. Refrigerators

1. Only refrigerators with a maximum of 1.5 amps and five cubic feet will be allowed beyond University-provided refrigerators, where applicable.
2. All refrigerators must be plugged directly into wall outlets. The use of extension cords and/or surge protectors for plugging in refrigerators is prohibited. Plug-in of such devices should be done directly to wall electrical outlets.
3. One refrigerator per person allowed. During the check in period and throughout the semester, refrigerators will be inspected for external cleanliness and deterioration in an attempt to deter pest infestation.
4. The Division of Campus Residences reserves the right to remove/store any personal appliance or heavy electrical equipment that is unauthorized or found to be a health and safety hazard. Students will be charged an appropriate removal fee and will be subject to conduct referral.

E. Furnishings and Keys

1. Alterations to physical facilities are not permitted.
2. Residents are not permitted to install window treatments, or take down those provided by the University.

3. The campus shall provide each resident with adequate living space, furniture, and appropriate and sufficient heat, light, and hot water. All furnishings will be clean, sturdy, and of acceptable appearance.

Guidelines:

1. Each resident will be provided with adequate room/suite/apartment and lounge furniture. As a minimum, each resident will be provided with a bed. In the case of over-assignment a resident may have to share: a desk, a dresser, and a closet or a wardrobe cabinet.
2. The Division of Campus Residences assesses the condition of all bedroom furniture during each academic year, and utilizes the target amount recommended by SUNY Central Administration for replacement of furnishings. It is the responsibility of all residents to report any maintenance problems to their RHD/AC or Quad/Area Office as soon as problems are identified.

D. Standard IV

The campus shall establish procedures for routine and emergency repairs to residence hall and apartment facilities guidelines.
Guidelines:

1. All requests for repairs should be entered in the online work order system located here. In the event of a facilities related emergency, residents should alert their RHD/AC or Quad/Area Office, if during business hours, or by calling University Police, if during nights and weekends to reach the staff member on duty. Should residents have a question about the status of a service request, they may check on that status by logging onto the work order system and searching for the status of their specific request.

2. To the extent possible, major rehabilitation or other capital projects will take place at times when residents are not in occupancy. Major construction projects that are disruptive to ongoing programs will not continue during scheduled exam periods. If this is impossible, arrangements will be made to house residents elsewhere.

3. Storage space after check out: Due to space limitations, the University cannot provide storage for students’ belongings. Students must be prepared to move their belongings immediately upon checking out of the residence halls/apartments. The disposal of found property will be done in accordance with the terms set by the New York State Personal Property Law. See Appendix A.

E. Standard V

The campus establishes procedures for redress for student residents in the event of the loss of services such as heat, light, and hot water in the residence halls and apartments for extended periods that are within the control of the campus.

Guidelines:

1. Planned outages that extend for a significant period of time will result in a reduction in the basic housing rate for all affected students.

2. Should a residential area lose basic service such as heat, hot water, or light, and that loss is expected to persist for an extended period of time, alternate space will be identified, to the extent possible, to accommodate the affected residents. Residents will have the option of acceptance an alternate space as either a permanent reassignment or as a temporary living space until service is restored in their regularly assigned space.

3. If sufficient space in other areas to accommodate affected residents does not exist, to the extent possible, arrangements will be made to find alternative living accommodations. If this is not possible, a portion of the resident’s room charges will be credited to their account.

Appendix B - Housing Eligibility

All criteria must be met, and eligibility must be continually maintained throughout the residency period. Loss of eligibility may result in reassignment to a space in one of the traditional residence halls or loss of on-campus housing.

A. Students must have Junior (U3) or Senior (U4) standing;
B. Students must have a cumulative Stony Brook University GPA of 3.0 or greater;
C. Students that are on Residential or Disciplinary Probation will not be allowed to select West Apartments, Chávez Hall, and Tubman Hall during room selection. Students may appeal to the Associate Director of Residential Programs for Apartment Living and Residential Community Standards for an exception.

A. Honors College students will be assigned to a designated residence hall (currently Toscanini College).
B. Women in Science and Engineering (WISE) will be assigned to a designated residence hall (currently Gray College).
C. University Scholars are assigned to one of the six designated residence halls on campus (currently Dreiser, Greeley, Dewey, Amman, Benedict, or Cardozo).
D. High Achieving Business (HAB) students will be assigned to a designated residence hall (currently Langmuir College).

III. Accommodations for Disabilities

Any medical or physical related issues that require special housing accommodations must be brought to the attention of the Student Accessibility Support Center. Modification of housing will be processed based on recommendations from that office.

Appendix C - Room Occupancy Procedures

I. Assignment and Arrival
   A. Room Assignment

   Upon arrangement of a housing contract, residents will be assigned a space and a date to move in.

   B. Room Assignment Hold

   Room assignments will be held until 5:00 pm of the first day of classes, or until 5:00 pm of the day an assignment is given, whichever is later. Late check-ins may be requested through the Quad/Area Office. Failure to obtain approval for a late check in will result in the forfeiture of assignment.

   C. Electronic Room Condition Report (E-RCR)
1. When first occupying a room, suite, or apartment, the resident(s) should make an initial inspection of the room(s) to verify the condition of the premises and furnishings. Within three days of occupancy, a staff member will email residents a link to their electronic Room Condition Report.

2. Residents must enter their student identification number and room location (quad/apartment area, building, room number) when logging into the system. After being logged in, residents will complete the report.

3. Residents will be prompted with the following chart, which outlines all aspects of the facility and furnishings therein. Residents must note any issues with items listed on the report. In addition, there will be a listing of any pending work orders on the room/suite/apartment that the Quad/Area Office is aware of.

4. The report will be retained online for the entire duration of occupancy. The report shall be the basis for determining damage, cleaning, and billing if there are discrepancies during the checkout process.

II. Voluntary Room Changes

A. During published periods when room changes are permitted, residents may request a room change through their respective Quad/Area Office. Residents must complete a Room Change Request Form, and have it approved by the RHD/AC of the building(s) for the original and requested rooms.

B. During the academic semester, room changes are considered only when moving between spaces with identical rates.

C. As a campus committed to promoting diversity, room change requests that are based on the lack of tolerance for others because of race, creed, color, disability, national origin, religion, sexual orientation, or status as a disabled or United States veteran, will not be considered or approved.

D. Residents who move without prior approval will be directed to return to their assigned space, will lose their room change privileges until the following semester, and may be subject to conduct referral.

III. Check Out

A. Check out for Apartments: Residents are expected to check out by the posted closing time on the last day of their housing agreement. Residents must check out of their space within 24 hours after becoming non-matriculated, or not full-time student, either through graduation, withdrawal, or suspension/exclusion from the Apartments or the University.

B. Check out for Residence Halls: Residents must check out of their space within 24 hours following the end of their last final exam, or by 9:00 AM on the day after the last scheduled final exam, whichever is sooner. All residents are expected to check out by the posted closing time on the last day of their housing agreement.

C. To properly check out, a student must completely remove personal property and clean the space. They must report to either the Quad/Area or Residence Hall/Apartment Office to return the key to a professional staff member or a Resident Assistant. A Resident Programs staff member will assess any damages.

D. Residents are also offered the Express Checkout option as a checkout procedure. For the Express Checkout option, obtain an Express Checkout envelope from the Quad/Area Office or Residence Hall/Apartment Office. Once all personal property is out of the room/suite/apartment, lock the door, complete the form in its entirety, and place keys in the attached envelope. Place the envelope in Express Checkout box, which is located outside the respective Quad/Area Office or Residence Hall/Apartment Office.

E. Upon leaving, any resident who fails to check out through either of the above procedures shall be assessed the current fees for failure to return room key(s) and improper checkout. In addition, the resident will continue to accrue, and be responsible for, rent charges through the date the University
determines the space has been vacated. Additionally, the resident will be responsible for damages that may occur to that room/suite/apartment.

IV. Voluntary Termination of Housing Agreement

A. Prior to the start of the published residency period, requests by prospective residents who wish to cancel their housing must submit a request in writing to the Division of Campus Residences. The cancellation date will be that on which the space can be reassigned. Advanced payment room deposits may not be eligible for refund.

B. After the start of the published residency period, residents seeking to terminate their housing agreement prior to the end of their agreement period must submit a request in writing to the Associate Director of Residential Programs for Administration and Services.

C. When occupancy levels in the residence halls/apartments are at or above 100% of usable space, residents who cancel their on-campus housing will be assessed housing charges on a daily basis through the date that a proper check out is processed. However, once occupancy in the residence halls/apartments falls below capacity and there is no active waiting list for on-campus housing, residents who cancel their on-campus will be assessed housing charges through the end of that semester/contract period with no proration of fees extended. Additionally, the resident will remain responsible for any damages that may occur to that room despite the resident's non-occupancy.

V. Room Consolidation

The University reserves the right to consolidate residents upon notice (a minimum of 24 hours, unless extenuating circumstances exist). Residents who live in a room/suite/apartment that is not filled to design capacity may be relocated.

VI. Eviction from Residence Halls/Apartments by the University

Residents may be obligated to prematurely vacate their room for several reasons including, but not limited to:

A. Student receives three Letters of Warning for infractions of the Code of Student Responsibility or these Terms of Occupancy.

B. There is an outstanding balance on the account of the student and/or they have unpaid housing fees.

C. Student is dismissed from the University or from classes, or if the student’s course load falls below full-time status.

D. If the continued presence of a student would constitute a danger to the student, or to the safety of persons, or to the property in the residence halls/apartments, or would pose a threat of disruptive interference with the normal conduct of residence hall/apartment activities and functions, or if otherwise warranted due to the seriousness of a student’s behavior, the University may suspend the student’s privilege of on-campus housing in accordance with the Code of Student Responsibility.
