New Member Eligibility Policy
The way in which fraternities and sororities recruit new members clearly differs from other student groups. New member recruitment and intake is a process that can be fun, exciting, and a tremendous learning experience for students. Limiting membership through the establishment of high standards and appropriate guidelines is not necessarily a problem. However, the New Member Education Program is a time when abuses are not unheard of and have occurred throughout the nation. Therefore, we need to establish a new member education process that supports the academic pursuits of students; does not interfere with the lives of the students not wishing to affiliate with fraternities and sororities; does not interfere with the normal day-to-day operations of the University; allows students to make educated choices; promotes objective, non-discriminatory selection; promotes inter-fraternity/sorority cooperation and a positive fraternity/sorority image; and is a positive experience for the new member. The following guidelines must be adhered to:

A. All students wishing to join a fraternal organization at Stony Brook University must be a full-time, regularly enrolled student, have at least a 2.5 cumulative grade point average, and have earned a minimum of 12 credit hours (credit hours must have been accrued during matriculation at a college campus. Advance placement credits or other credits acquired during high school cannot be included). No student may be offered membership/a bid unless they have been cleared as eligible by the Department of Student Engagement and Activities.

B. No student is allowed to participate in a new member education process without first being confirmed by signing a Fraternity/Sorority Membership Acceptance Agreement with the Department of Student Engagement and Activities. Upon signing the agreement and meeting the minimum requirements, the student will be approved to participate in the new member education process. The Department of Student Engagement and Activities must be notified in writing within 24 hours of any changes to a new member class roster. Omission of students participating in the new member process and failure to submit accurate Membership Acceptance Agreements and Initiation Reports is a violation of this policy. All membership list submitted to the Department of Student Engagement & Activities must match information provided to national offices. Students who withdraw or are removed from a new member process must meet with the Department of Student Engagement & Activities for an exit interview. It is the New Member Educators responsibility to ensure exit interviews are schedule and records are accurate when a change occurs.

C. All organizations must follow the recruitment procedures of their specific sub-council (NPHC, PGC, LGC, IFC, Panhellenic, MGC) and the Department of Student Engagement and Activities.

New Member Activity Policies

A. The purpose of all recruitment and new member education programs shall be to develop well rounded members of the fraternal community. A new member activity is defined as any activity or event taking place during the new member process in which new members are present. Each new member activity must be purposeful in keeping with the University’s mission of education and human development. Alcohol and drugs may not be in any way part of the recruitment/intake or new member education process.

B. Stony Brook University recognizes the following legitimate purposes of new member education:
   - To educate the potential new members about the ideology, history, and ceremonies of the fraternity or sorority.
   - To instruct potential new members on their purpose and responsibility to the fraternity or sorority, to the University and to the community.
   - To broaden the understanding between active members and the potential new members, and to promote a sense of unity between them.
   - To carry out activities of campus and civic value.
   - To continue the tradition of fraternity and sorority membership as a matter of special pride and achievement as long as these traditions do not violate university policies, or place the prospective member in physical, mental, or emotional jeopardy.

C. Individuals may only join an organization during the University’s designated recruitment and new member education timeline. The University shall set the official dates (one in the fall semester and one in the spring semester) and each recruitment/intake process will be coordinated by the respective council. No organization may recruit or intake outside of the University-sanctioned dates. All recruitment/intake and new member activities must take place on Stony Brook University’s campus.

D. Individuals may join only one fraternity or sorority at a time and may withdraw from the new member education process at any time.

E. The maximum length of the New Member Education Period is six (6) weeks. The day that bids are distributed/participation in a new member process is offered is considered the start of the new member process. New member activities cannot begin before “Bid Day” as determined by the Department of Student Engagement and Activities and all new members must be initiated before the initiation deadline for the semester. A new member education program plan must be
submitted and approved by the designated deadline. An extension of activities may be requested ONLY by a national headquarters and must provide sufficient reasoning as to why an extension is necessary. There is to be no prograning during “Spring Break;” this week will not count as week therefore the program may last a total of 7 weeks if Spring Break falls within the program.

F. During the new member period, all new member activities are restricted to the Stony Brook University campus and may only take place during the below hours (unless your National organization mandates earlier hours): New member activities may NOT take place in personal residences either on or off campus or residence hall rooms.

Sunday - Thursday 10:00am -11:00pm & Friday & Saturday 10:00am –Midnight

However, in the interest of promoting and maintaining a highly positive, well-rounded educational pledging experience, off-campus activities involving cultural events, community service projects and other educational opportunities shall be allowed with mandatory prior, written, approval by the Department of Student Engagement and Activities and may require advisors be present. For any off-campus activity, organizations must submit the Event Request Form for official approval through the office and provide all required paperwork.

G. New member activities should allow for adequate class/study time and must not conflict with the academic regulations and requirements of Stony Brook University. New members whose class and work schedules conflict with the scheduled new member activities must be excused from those activities and/or those activities must be rescheduled for such a time when they do not interfere with a new member’s class schedule. All academically related study times must be approved via the program submission.

H. All new members must attend a Fraternity & Sorority Life Informational Workshop before the required deadline.

I. All new members and active members must complete an online hazing prevention module provided by the Department of Student Engagement & Activities.

Alumni/Affiliate Involvement Policy

A. During the new member period, all new member activities must involve only current undergraduate students who are registered students at Stony Brook University. Each organization is responsible for the actions of any of its members, alumni members, or their affiliates from other schools, in any activity relating to the organization in general and new member activities. Any organization found to be encouraging or arranging new member involvement with alumni members will be in jeopardy of having their new member process suspended. Organizations whose national process requires alumni participation must receive written approval by the Department of Student Engagement and Activities prior to the start of the new member process. Alumni who are registered volunteers with a national organization functioning in this role will be approved to participate in new member activities as long as proper notice is given.

B. Stony Brook University does not permit any activity that incorporates a cross-campus process. Thus, chapters recognized by Stony Brook University may not recruit/bid non-Stony Brook University students. Furthermore, the practice of influencing and/or harassing new members of another fraternity or sorority is prohibited.

Anti-Hazing & Jurisdiction Policies

A. In accordance with New York State Law, Stony Brook University does not approve, condone, or tolerate any form of hazing or other illegal activities.

B. It is the responsibility of each chapter to ensure that all new members attend the Fraternity & Sorority Life Informational Workshop scheduled by the Department of Student Engagement and Activities each semester.

C. All new members and active members must complete an online hazing prevention module provided by the Department of Student Engagement & Activities.

D. All fraternities and sororities recognized by Stony Brook University are under the jurisdiction of the Department of Student Engagement and Activities. Stony Brook University and Department of Student Engagement and Activities policies supersede all national and local organization policies. Groups found in violation of these policies are subject to judicial sanctions.

E. Hazing is a violation of the Stony Brook University Code of Student Responsibility which states, “In connection with an affiliation to any organization, group, team, or sports club: no student shall (i) endanger the mental, physical, or emotional health of a person, intentionally or recklessly, by commission or omission, regardless of whether the other person has consented to the activity; (ii) participate in activities on or off University property, involving the forced or expected consumption of alcohol, drugs or other substances, or damage, destroy, tamper with, or remove public or private property.”
