Your student health insurance coverage, offered by Aetna Student Health*, may not meet the minimum standards required by the health care reform law for the restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are $1.25 million for policy years before September 23, 2012; and $2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions for annual dollar limits for student health insurance coverage are $100,000 for policy years before September 23, 2012, and $500,000 for policy years beginning on or after September 23, 2012, but before January 1, 2014. Your student health insurance coverage includes an annual limit of $100,000 per condition on all covered services including Essential Health Benefits. Other internal maximums (on Essential Health Benefits and certain other services) are described more fully in the benefits chart included inside this Plan summary. If you have any questions or concerns about this notice, contact (877) 373-0741. Be advised that you may be eligible for coverage under a group health plan of a parent’s employer or under a parent’s individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent’s employer plan or the parent’s individual health insurance issuer for more information.

STONY BROOK UNIVERSITY

STUDENT ACCIDENT AND SICKNESS INSURANCE PLAN

This is a brief description of the Accident and Sickness Medical Expense benefits available for Stony Brook University students and their eligible dependents. The plan is underwritten by Aetna Life Insurance Company (called Aetna). The exact provisions governing this insurance are contained in the Master Policy issued to the University and may be viewed at the University’s Student Health Insurance Office during business hours.

STUDENT COVERAGE

ELIGIBILITY

Participation in Stony Brook University’s Student Health Insurance Plan is required for all full-time matriculated students, for all nursing students, and for professional health sciences students, who will be automatically enrolled in the Student Health Insurance Plan, and the premium for the Plan will be added to your tuition bill.

Part Time Student Coverage

Some part-time students may be eligible to enroll. To do so, please contact the West Campus Student Health Insurance Office (SHO-RSHIP@notes.cc.sunysb.edu) no later than September 15, 2012. For newly enrolled Spring 2013 Students and their dependents the Spring Semester enrollment deadline is February 15, 2013. For newly enrolled Summer 2013 students and their dependents the Summer Semester enrollment deadline is May 15, 2013.

WAIVER PROCESS/PROCEDURE

Eligible students will automatically be enrolled in this plan. If you have alternate coverage and wish to waive coverage under the SHIP, you must submit a waiver. To do so you must go to your SOLAR account Home Page and look for “Campus Financial Services” on the menu bar. You then look for “Health Insurance Waivers” and follow the instructions. Waivers for the 2012-2013 academic year will be accepted online until the following deadlines below:

<table>

</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>9/15/12</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>2/15/13</td>
</tr>
</tbody>
</table>

The Summer Semester deadline, for students whose first semester is the Summer, is 14 days after classes begin. Coverage cannot be waived after a deadline and you will be responsible for the cost of the Plan.

Waiver submissions may be audited by Stony Brook University, Aetna Student Health, and/or their contractors or representatives at any time during the school year. You may be required to provide, upon request, any coverage documents and/or other records demonstrating that you meet the school’s requirements for waiving the student health insurance plan. By submitting the waiver request, you agree that your current insurance plan may be contacted for confirmation that your coverage is in force for the applicable policy year and that it meets the school’s waiver requirements.

REFUND POLICY

If you withdraw from school within the first 31 days of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After 31 days, you will be covered for the full period for which you have paid the premium, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness).

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person and any covered dependents upon written request received by Aetna Student Health within 90 days of withdrawal from school.
DEPENDENT COVERAGE

ELIGIBILITY
Covered students may also enroll their spouse, domestic partner, and dependent children under age 26.

ENROLLMENT
To enroll the eligible dependent(s) of a covered student in the Fall Semester, please contact the West Campus Student Health Insurance Office for an enrollment form and any necessary questionnaires not later than September 15, 2012. For newly enrolled Spring Students and their dependents the Spring Semester enrollment form deadline is February 15, 2013. For newly enrolled Summer students and their dependents the Summer Semester enrollment form deadline is May 15, 2013.

Please note: Dependents must be enrolled either:
• within 31 days from the date of birth of a newborn child OR
• within 31 days of adoption of a child OR
• within 31 days of the marriage date of the insured student
If the above enrollment dates are missed, then enrollments of dependents may be made ONLY during the open enrollment period at the start of each semester. Coverage is NOT retroactive.

NEWBORN INFANT AND ADOPTED CHILD COVERAGE
A child born to a Covered Person shall be covered for Accident, Sickness, and congenital defects, for 31 days from the date of birth. At the end of this 31 day period, coverage will cease under the Stony Brook University Student Health Insurance Plan. To extend coverage for a newborn past the 31 days, the Covered Student must: 1) enroll the child within 31 days of birth, and 2) pay the additional premium, starting from the date of birth.

Coverage is provided for a child legally placed for adoption with a Covered Student for 31 days from the moment of placement provided the child lives in the household of the Covered Student, and is dependent upon the Covered Student for support. To extend coverage for an adopted child past the 31 days, the Covered Student must 1) enroll the child within 31 days of placement of such child, and 2) pay any additional premium, if necessary, starting from the date of placement.

Please note: Previously Covered Persons must re-enroll for dependent coverage by September 15, 2012 for the Fall Semester, and by February 15, 2013 for the Spring Semester, in order to avoid a break in coverage for conditions which existed in prior policy years. Once a break in continuous coverage occurs, a condition existing during such a break which is a Pre-Existing Condition will not be payable. See Continuously Insured Section of this Brochure.

For information or general questions on dependent enrollment, contact Aetna Student Health at, (877) 373-0741.

CONTINUOUSLY INSURED
Persons who have remained continuously insured under this Plan or other policies will be covered for any Pre-Existing Condition, which manifests itself while continuously insured, except for expenses payable under prior policies in the absence of this Plan. Previously Covered Persons must re-enroll for coverage, including dependent coverage, by September 15, 2012, for the Fall Semester, and by February 15, 2013, for the Spring Semester in order to avoid a break in coverage for conditions which existed in prior policy years. Once a break in continuous coverage occurs, the Pre-Existing Conditions Limitation will apply.
PREFERRED PROVIDER NETWORK

Aetna Student Health has arranged for you to access a Preferred Provider Network in your local community. Acute care facilities and mental health networks are available nationally if you require hospitalization outside the immediate area of the Stony Brook University campus.

To maximize your savings and reduce your out-of-pocket expenses, select a Preferred Provider*. It is to your advantage to use a Preferred Provider because savings may be achieved from the Negotiated Charges these providers have agreed to accept as payment for their services.

You may obtain information regarding Preferred Providers by contacting Aetna Student Health at (877) 373-0741, or through the Internet by accessing DocFind at www.aetna.com/docfind/custom/studenthealth/index.html.

1. Click on “Enter DocFind”
2. Select zip code, city, or county
3. Enter criteria
4. Select Provider Category
5. Select Provider Type
6. Select Plan Type – Student Health Plans
7. Select “Start Search” or “More Options”
8. “More Options” enter criteria and “Search”

* Preferred providers are independent contractors and are neither employees nor agents of Aetna Life Insurance Company, Chickering Claims Administrators, Inc. or their affiliates. Neither Aetna Life Insurance Company, Chickering Claims Administrators, Inc. nor their affiliates provide medical care or treatment and they are not responsible for outcomes. The availability of a particular provider(s) cannot be guaranteed and network composition is subject to change.

STUDENT HEALTH SERVICES REFERRALS

Students’ health care needs can best be satisfied when an organized system of health care providers at The Stony Brook University Student Health Service manages the treatment. If you are enrolled in the Student Health Insurance Plan, it is to your advantage to always first seek treatment at the West Campus Student Health Service (SHS) unless you have a life-threatening medical condition. By starting at the Health Service you will reduce your out-of-pocket expenses.

For Students, the per-condition deductible will be reduced for Preferred Care from $400 to $200 when care is initiated at the SHS, and outside care is referred by a SHS clinician. Referrals are not required to seek care from providers outside of SHS. Referrals cannot be given after care is rendered by outside providers.

Referrals for each new medical condition must be issued for each policy year. The University recommends you always visit the Health Service first for any new medical issues. A referral is not necessary to reduce the deductible under the following conditions:

- The treatment of an Emergency Medical Condition. However, the student must return to Student Health Services for necessary follow up care.
- When SHS is closed.
- Treatment rendered at SHS Counseling Center;
- Gynecological and Obstetrical Services, including maternity.
- Medical care received when more than 50 miles away from campus.
- Medical care that is obtained when a student is no longer eligible to use the SHC, due to a change in student status.
- Treatment for Physical therapy.

The Student Health Center is not available to covered dependents. Dependents should choose a Primary Care Provider from the Aetna Network, but the plan deductible cannot be reduced.
PRE-CERTIFICATION PROGRAM

Pre-certification simply means calling Aetna Student Health prior to treatment to obtain approval for a medical procedure or service. Pre-certification may be done by you, your doctor, a hospital administrator, or one of your relatives. All requests for certification must be obtained by contacting Aetna Student Health at (877) 373-0741 (attention Managed Care Department).

The following inpatient services require pre-certification:
- All inpatient admissions, including length of stay, to a hospital, convalescent facility, skilled nursing facility, a facility established primarily for the treatment of substance abuse, or a residential treatment facility.
- All inpatient maternity care, after the initial 48/96 hours.
- All partial hospitalization in a hospital, residential treatment facility, or facility established primarily for the treatment of substance abuse

Pre-Certification does not guarantee the payment of benefits for your inpatient admission. Each claim is subject to medical policy review, in accordance with the exclusions and limitations contained in the Policy, as well as a review of eligibility, adherence to notification guidelines, and benefit coverage under the student Accident and Sickness Plan.

Pre-Certification of Non-Emergency Inpatient Admissions, Partial Hospitalization, Identified Outpatient Services and Home Health Services:
The patient, Physician or hospital must telephone at least three 3 business days prior to the planned admission or prior to the date the services are scheduled to begin.

Notification of Emergency Admissions
The patient, patient’s representative, Physician or hospital must telephone within one 1 business day following inpatient (or partial hospitalization) admission.

PRE-EXISTING CONDITIONS/CONTINUOUSLY INSURED PROVISIONS

Dependent: Pre-Existing Conditions will apply to covered dependents of covered students who elect coverage more than 31 days after the date such person becomes eligible for coverage under the Plan.

Students: Pre-Existing Conditions are covered.

Pre-existing Condition
A pre-existing condition is an injury or disease that was present before a Covered Person’s first day of coverage under a group health insurance plan. If a Covered Person received medical advice, treatment or services for that injury or disease, or a Covered Person took prescription drugs or medicines for that injury or disease during the 6 months prior to a Covered Person’s first day of coverage, that injury or disease will be considered a pre-existing condition.

Limitation
This pre-existing limitation does not apply to Covered Persons under age 19.

Expenses incurred by a dependent of a covered student as a result of a Pre-Existing Condition will not be considered covered expenses unless no charges are incurred or treatment rendered for the condition for a period of 6 months while covered under this Plan, or, the Covered Person has been covered under this Plan for 12 consecutive months, whichever happens first.

Pre-existing limitation for pregnancy is 10 months from the date of enrollment.

Continuously Insured
A dependent has been continuously insured if a dependent (i) had “creditable health insurance coverage” (including but not limited to: COBRA, HMO, another group or individual policy, Medicare or Medicaid) prior to enrolling in this plan; and (ii) the creditable coverage ended within 63 days of the date a Covered Person enrolled under this plan. If both of these tests are met, then the pre-existing limitation period under this plan will be reduced (and possibly eliminated altogether) by the number of days of a Covered Person’s prior creditable coverage. The dependent will be asked to provide evidence of his/her prior creditable coverage.
Once a break of more than 63 days in your continuous coverage occurs, the definition of Pre-Existing Conditions will apply. Any limitation as to a pre-existing condition will not apply in the case of a newborn enrolled within 31 days of the date of birth or a child who is adopted or placed for adoption before attaining 18 years of age and enrolled within 31 days of adoption of placement for adoption.

As used above: “creditable coverage” means a person’s prior medical coverage as defined in the New York Insurance Law section 3232

**DESCRIPTION OF BENEFITS***

**Please note:**

The Stony Brook Student Health Insurance Plan may not cover all of your health care expenses. The Plan excludes coverage for certain services and contains limitations on the amounts it will pay. Please read the Stony Brook Student Health Insurance Plan Brochure carefully before deciding whether this Plan is right for you. While this document will tell you about some of the important features of the Plan, other features may be important to you and some may further limit what the Plan will pay. If you want to look at the full Plan description, which is contained in the Master Policy issued to Stony Brook University, you may view it at the Student Health Insurance Office or you may contact Aetna Student Health at (877) 373-0741.

This Plan will never pay more than $100,000 per condition per Policy Year. Additional Plan maximums may also apply. Some illnesses may cost more to treat and health care providers may bill you for what the Plan does not cover.

All insurance coverage is subject to the terms of the Master Policy and applicable state filings. Under health care reform legislation, student health plans may be required to eliminate or modify certain existing benefit plan provisions, including, but not limited to, exclusions and limitations. Aetna reserves the right to modify its products and services in response to federal and/or state legislation, regulation or requests of government authorities.

*Benefit descriptions have been added to this brochure to help illustrate new Health Care Reform (HCR) requirements. HCR requirements are currently being filed for support in individual states and will appear in policy contracts and certificates of coverage once approved.

**CLINICAL RELATED INJURY PLAN**

All undergraduate medical, dental, SHTM, and nursing students, and all graduate medical, dental, SHTM and nursing students will be required to enroll in the “Clinical Related Injury” plan.

**For all undergraduate medical, dental, SHTM and nursing students, and all graduate medical, dental, SHTM and nursing students:**

**Clinical Related Injury**
**Covered Medical Expenses** for the covered student include expenses incurred for those charges related to a Clinical Related Injury.

**Covered Medical Expenses** for the donor who is the source of the Clinical Related Injury are limited to those charges related to laboratory tests to assist with the diagnosis of the covered person.

**Covered Medical Expenses** are payable at 100% of the Negotiated Charge or Recognized Charge.

Your benefit maximum under this Plan is increased to $250,000 per incident per lifetime for Clinical Related Injuries.

**Clinical Related Injury:** This is any Incident which exposes a Covered Person acting as a student in a clinical capacity, at the time of the Incident, to injury or sickness that requires testing and/or treatment. Incidents include, but are not limited to needle sticks, unprotected exposure to blood and body fluid, and unprotected exposure to highly contagious pathogens.
SUMMARY OF BENEFITS CHART

Subject to the terms of the Policy, benefits are available for you and your eligible dependents only for the coverages listed below, and only up to the maximum amounts shown. Please refer to the Policy for a complete description of the benefits available.

<table>

*Plan Deductible will be decreased to $200 for students only in the following circumstances:
1) if treatment is rendered or referred by SHS;
2) if treatment is rendered at SHS Counseling Center;
3) if SHS is closed and the covered student has an emergency medical condition that must be addressed immediately.

At no time can a referral from Student Health Services be provided after care has been received from an outside provider. In these situations, the full annual deductible will apply.

Per visit or admission deductibles do not apply towards satisfying the plan Deductible.

**Waiver of Annual Deductible**
In compliance with Federal Health Care Reform legislation, the Annual Deductible is waived for Preferred Care Covered Medical Expenses (refer to specific benefit types for list of services) rendered as part of the following benefit types: Routine Physical Exam Expense (Office Visits), Pap Smear Screening Expense, Mammogram Expense, Routine Screening for Sexually Transmitted Disease Expense, Routine Colorectal Cancer Screening, Routine Prostate Cancer Screening Expense, Well Woman Preventive Visits (Office Visits), Screening & Counseling Services (Office Visits), Routine Cancer Screenings (Outpatient), Prenatal Care (Office Visits), Comprehensive Lactation Support and Counseling Services (Facility or Office Visits), Breast Pumps & Supplies, Family Contraceptive Counseling Services (Office Visits), Female Voluntary Sterilization (Inpatient and Outpatient)

The Policy Year Deductible is not applicable to the following covered expenses:
- Female Generic Contraceptive Devices
- Female Generic Contraceptive Prescription Drugs

In addition to state and federal requirements for waiver of the Annual Deductible, this plan will waive the Annual Deductible for: Non-Surgical Physicians Expense, Ambulance Expense, Physician’s Office Visit Expense, Walk-In Clinic Visit Expense, Laboratory Expense, Treatment of Mental and Nervous Disorders (Inpatient and Outpatient), Alcoholism and Drug Addiction Treatment Expense (Outpatient), Prescribed Medicines Expense, and Elective Abortion Expense.

**COINSURANCE**
Covered Medical Expenses are payable at the coinsurance percentage specified below, after any applicable deductible, up to a maximum benefit of $100,000 per condition per Policy Year.

**OUT OF POCKET MAXIMUMS**
Once the Individual or Family Out-of-Pocket Limit has been satisfied, Covered Medical Expenses will be payable at 100% for the remainder of the Policy Year, up to any benefit maximum that may apply.

| Preferred Care Out-of-Pocket: | $3,000 per Covered Person |
| Non-Preferred Care Out-of-Pocket: | $6,000 per Covered Person |
All coverage is based on Recognized Charges unless otherwise specified.

GENERAL PROVISIONS

STATE MANDATED BENEFITS
The Plan will pay benefits in accordance with any applicable New York State Insurance Law(s).

SUBROGATION/REIMBURSEMENT RIGHT OF RECOVERY PROVISION
Immediately upon paying or providing any benefit under this Plan, Aetna shall be subrogated to all rights of recovery a Covered Person has against any party potentially responsible for making any payment to a Covered Person, due to a Covered Person’s Injuries or illness, to the full extent of benefits provided, or to be provided by Aetna. In addition, if a Covered Person receives any payment from any potentially responsible party, as a result of an Injury or illness, Aetna has the right to recover from, and be reimbursed by the Covered Person for all amounts this Plan has paid, and will pay as a result of that Injury or illness, up to and including the full amount the Covered Person receives, from all potentially responsible parties. A “Covered Person” includes for the purposes of this provision, anyone on whose behalf this Plan pays or provides any benefit, including but not limited to the minor child or Dependent of any Covered Person, entitled to receive any benefits from this Plan.

As used in this provision, the term “responsible party” means any party possibly responsible for making any payment to a Covered Person or on a Covered Person’s behalf due to a Covered Person’s injuries or illness or any insurance coverage responsible making such payment, including but not limited to:

- Uninsured motorist coverage,
- Underinsured motorist coverage,
- Personal umbrella coverage,
- Med-pay coverage,
- Workers compensation coverage,
- No-fault automobile insurance coverage, or
- Any other first party insurance coverage.

The Covered Person shall do nothing to prejudice Aetna’s subrogation and reimbursement rights. The Covered Person shall, when requested, fully cooperate with Aetna’s efforts to recover its benefits paid. It is the duty of the Covered Person to notify Aetna within 45 days of the date when any notice is given to any party, including an attorney, of the intention to pursue or investigate a claim, to recover damages, due to injuries sustained by the Covered Person.

The Covered Person acknowledges that this Plan’s subrogation and reimbursement rights are a first priority claim against all potential responsible parties, and are to be paid to Aetna before any other claim for the Covered Person’s damages. This Plan shall be entitled to full reimbursement first from any potential responsible party payments, even if such payment to the Plan will result in a recovery to the Covered Person, which is insufficient to make the Covered Person whole, or to compensate the Covered Person in part or in whole for the damages sustained. This Plan is not required to participate in or pay attorney fees to the attorney hired by the Covered Person to pursue the Covered Person’s damage claim. In addition, this Plan shall be responsible for the payment of attorney fees for any attorney hired or retained by this Plan. The Covered Person shall be responsible for the payment of all attorney fees for any attorney hired or retained by the Covered Person or for the benefit of the Covered Person.

The terms of this entire subrogation and reimbursement provision shall apply. This Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any potentially responsible party, and regardless of whether the settlement or judgment received by the Covered Person identifies the medical benefits this Plan provided. This Plan is entitled to recover from any and all settlements or judgments, even those designated as “pain and suffering” or “non-economic damages” only.
COORDINATION OF BENEFITS
If the Covered Person is insured under more than one group health plan, the benefits of the plan that covers the insured student will be used before those of a plan that provides coverage as a dependent. When both parents have group health plans that provide coverage as a dependent, the benefits of the plan of the parent whose birth date falls earlier in the year will be used first. The benefits available under this Plan may be coordinated with other benefits available to the Covered Person under any auto insurance, Workers’ Compensation, Medicare, or other coverage. The Plan pays in accordance with the rules set forth in the Policy.

EXTENSION OF BENEFITS
If Basic Sickness Expense coverage for a covered person ends while he is totally disabled, benefits will continue to be available for expenses incurred for that person only while the covered person continues to be totally disabled. Benefits will end three months from the date coverage ends. Benefits will continue to be available for a covered person who incurs medical expenses directly relating to a pregnancy that began before coverage under this Plan ceased. Such benefits will be covered only for the period of that pregnancy.

If a covered person is confined to a hospital on the date his or her Basic Sickness Expense coverage terminates, charges incurred during the continuation of that hospital confinement or for that treatment of the covered condition shall also be included in the term “Expense”, but only while they are incurred during the 90 day period following such termination of insurance.

TERMINATION OF INSURANCE
Benefits are payable under this Plan only for those Covered Expenses incurred while the policy is in effect as to the Covered Person. No benefits are payable for expenses incurred after the date the insurance terminates, except as may be provided under the Extension of Benefits provision.

TERMINATION OF STUDENT COVERAGE
Insurance for a covered student will end on the first of these to occur:
- the date this Plan terminates,
- the last day for which any required premium has been paid,
- the date on which the covered student withdraws from the school because of entering the armed forces of any country. Premiums will be refunded on a pro-rata basis when application is made within 90 days from withdrawal,
- the date the covered student is no longer in an eligible class.

If withdrawal from school is for other than entering the armed forces, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled, and for which premium has been paid.

TERMINATION OF DEPENDENT COVERAGE
Insurance for a covered student’s dependent will end when insurance for the covered student ends. Before then, coverage will end:
- For a child, on the last day of the Policy Period following the child’s 26th birthday.
  - The date the covered student fails to pay any required premium.
  - For the spouse, the date the marriage ends in divorce or annulment.
  - The date dependent coverage is deleted from This Plan.
- For a domestic partner, the earlier to occur of:
  - the date This Plan no longer allows coverage for domestic partners, and
  - the date of termination of the domestic partnership. In that event, a completed and signed declaration of Termination of Domestic Partnership must be provided to the Policyholder.
  - The date the dependent ceases to be in an eligible class.

Termination will not prejudice any claim for a charge that is incurred prior to the date coverage ends.
EXCLUSIONS

This Plan does not cover nor provide benefits for:

1) Expense incurred for services normally provided without charge by the Policyholder’s Health Service, Infirmary or Hospital, or by health care providers employed by the Policyholder.

2) Expense incurred for eye refractions, vision therapy, radial keratotomy (unless medically necessary); eyeglasses, contact lenses (except when required after cataract surgery), or other vision or hearing aids or prescriptions or examinations except as required for repair caused by a covered injury or as provided elsewhere in this plan.

3) Expense incurred as a result of injury due to participation in a riot. “Participation in a riot” means taking part in a riot in any way, including inciting the riot or conspiring to incite it. It does not include actions taken in self defense so long as they are not taken against persons who are trying to restore law and order.

4) Aviation. This does not apply if a person is a fare paying passenger or a scheduled charter flight operated by a scheduled airline.

5) Expense incurred as a result of an injury or sickness due to working for wage or profit or for which benefits are provided under any Workers’ Compensation or Occupational Disease Law.

6) Expense incurred as a result of an injury sustained or sickness contracted while in the service of the Armed Forces of any country. Upon the covered person entering the Armed Forces of any country, the unearned pro rata premium will be refunded to the Policyholder.

7) Expense incurred for treatment provided in a governmental hospital unless there is a legal obligation to pay such charges in the absence of insurance.

8) Expense incurred for elective treatment or elective surgery except as specifically provided elsewhere in this Policy and performed while this Policy is in effect.

9) Expense incurred for cosmetic surgery, reconstructive surgery, or other services and supplies which improve, alter, or enhance appearance, whether or not for psychological or emotional reasons, except to the extent needed to (a) improve the function of a part of the body that is not a tooth or structure that supports the teeth and (b) is malformed as a result of a severe birth defect, including harelip, webbed fingers or toes; or (c) as direct result of disease or surgery performed to treat a disease or injury. This exclusion does not apply to reconstructive surgery when such service is incidental to or follows surgery resulting from trauma, infection, or other diseases of the involved part and reconstructive surgery because of congenital disease or anomaly of a covered dependent child which has resulted in a functional defect. (d) Repair of an injury (including reconstructive surgery for prosthetic device for a covered person who has undergone a mastectomy) which occurs while the covered person is covered under this Policy. Surgery must be performed in the next calendar year.

10) Expense covered by any other valid and collectible medical; health or accident insurance to the extent that benefits are payable under other valid and collectible insurance whether or not a claim is made for such benefits.

11) Expense incurred as a result of commission of a felony.

12) Expense incurred after the date insurance terminates for a covered person except as may be specifically provided in the Extension of Benefits Provision.

13) Expense incurred for services normally provided without charge by the school and covered by the school fee for services.

14) Expense incurred for any services rendered by a member of the covered person’s immediate family or a person who lives in the covered person’s home.
15) Expense incurred for a treatment, service, or supply which is not medically necessary as determined by Aetna for the diagnosis care or treatment of the sickness or injury involved. This applies even if they are prescribed, recommended, or approved by the person’s attending physician or dentist. In order for a treatment, service, or supply to be considered medically necessary, the service or supply must: (a) be care or treatment which is likely to produce a significant positive outcome as, and no more likely to produce a negative outcome than, any alternative service or supply, both as to the sickness or injury involved and the person’s overall health condition; (b) be a diagnostic procedure which is indicated by the health status of the person and be as likely to result in information that could affect the course of treatment as, and no more likely to produce a negative outcome than, any alternative service or supply, both as to the sickness or injury involved and the person’s overall health condition; and (c) as to diagnosis, care, and treatment, be no more costly (taking into account all health expenses incurred in connection with the treatment, service, or supply) than any alternative service or supply to meet the above tests. In determining if a service or supply is appropriate under the circumstances, Aetna will take into consideration: (a) information relating to the affected person’s health status; (b) reports in peer reviewed medical literature; (c) reports and guidelines published by nationally recognized health care organizations that include supporting scientific data; (d) generally recognized professional standards of safety and effectiveness in the United States for diagnosis, care, or treatment; (e) the opinion of health professionals in the generally recognized health specialty involved; and (f) any other relevant information brought to Aetna’s attention. In no event will the following services or supplies be considered to be medically necessary: (a) those that do not require the technical skills of a medical, a mental health, or a dental professional; or (b) those furnished mainly for the personal comfort or convenience of the person, any person who cares for him or her, or any persons who is part of his or her family, any healthcare provider, or healthcare facility; or (c) those furnished solely because the person is an inpatient on any day on which the person’s sickness or injury could safely and adequately be diagnosed or treated while not confined; or (d) those furnished solely because of the setting if the service or supply could safely and adequately be furnished in a physician’s or a dentist’s office or other less costly setting.

16) Expenses incurred for Injury resulting from the play or practice of intercollegiate sports (collegiate or intercollegiate club sports or intramurals are not excluded).

17) Expense incurred by a covered person for services performed within the covered person’s home country (other than the United States, Canada, or Mexico) if the covered person’s home country has a socialized medicine program.

18) Expense incurred for custodial care, except as medically necessary. Custodial care means services and supplies furnished to a person mainly to help him or her in the activities of daily life. This includes room and board and other institutional care. The person does not have to be disabled. Such services and supplies are custodial care without regard to by whom they are prescribed, by whom they are recommended, or by whom or by which they are performed.

19) Expense incurred for the removal of an organ from a covered person for the purpose of donating or selling the organ to any person or organization. This limitation does not apply to a donation by a covered person to a spouse, child, brother, sister, or parent.

20) Expenses incurred for or in connection with procedures, services, or supplies that are, as determined by Aetna, to be experimental or investigational. A drug, a device, a procedure, or treatment will be determined to be experimental or investigational (a) if there are insufficient outcomes data available from controlled clinical trials published in the peer reviewed literature to substantiate its safety and effectiveness for the disease or injury involved; or (b) if required by the FDA, approval has not been granted for marketing; or (c) a recognized national medical or dental society or regulatory agency has determined in writing that it is experimental, investigational, or for research purposes; or (d) the written protocol or protocols used by the treating facility, or the protocol or protocols of any other facility studying substantially the same drug, device, procedure, or treatment, or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure, or treatment, states that it is experimental, investigational, or for research purposes. However, this exclusion will not apply with respect to services or supplies (other than drugs) received in connection with a disease if Aetna determines that: (a) The disease can be expected to cause death within one year in the absence of effective treatment; and (b) The care or treatment is effective for that disease or shows promise of being effective for that disease as demonstrated by scientific data. In making this determination, Aetna will take into account the results of a review by a panel of independent medical professionals. They will be selected by Aetna. This panel will include professionals who treat the type of disease involved. Also, this exclusion will not apply with respect to drugs that: (a) Have been granted treatment
investigational new drug (IND), or Group treatment IND status; or (b) Are being studied at the Phase III level in a national clinical trial sponsored by the National Cancer Institute; or (c) Are recognized for treatment of the specific type of cancer for which the drug has been prescribed in one of the following reference compendia: The American Medical Association Drug Evaluations, The American Hospital Formulary Service Drug Information, The United States Pharmacopeia Drug Information; or (d) Recommended by review article or editorial comment in a major peer reviewed professional journal; or (e) If Aetna determines that available; scientific evidence demonstrates that the drug is effective or shows promise of being effective for the disease.

21) Expense incurred for acupuncture unless services are rendered for anesthetic purposes.

22) Expense incurred for alternative holistic medicine and/or therapy, including but not limited to yoga and hypnotherapy.

23) Expense for: (a) care of flat feet; (b) supportive devices for the foot; (c) care of corns; bunions; or calluses; (d) care of toenails; and (e) care of fallen arches; weak feet; or chronic foot strain; except that (c) and (d) are not excluded when medically necessary because the covered person is diabetic or suffers from circulatory problems.

24) Expense for injuries sustained as the result of a motor vehicle accident to the extent that benefits are payable under other valid and collectible insurance whether or not claim is made for such benefits. The Policy will only pay for those losses which are not payable under the automobile medical payment insurance Policy.

25) Expense incurred when the person or individual is acting beyond the scope of his/her/its legal authority.

26) Expense incurred for hearing aids, the fitting or prescription of hearing aids.

27) Expenses incurred for hearing exams not performed in conjunction with a routine physical exam.

28) Expense for care or services to the extent the charge would have been covered under Medicare Part A or Part B, even though the covered person is eligible but did not enroll in Part B.

29) Expense for telephone consultations, charges for failure to keep a scheduled visit, or charges for completion of a claim form.

30) Expense for personal hygiene and convenience items such as air conditioners, humidifiers, hot tubs, whirlpools, or physical exercise equipment even if such items are prescribed by a physician.

31) Expense for incidental surgeries and standby charges of a physician.

32) Expense incurred as a result of dental treatment, including extraction of wisdom teeth, except for treatment resulting from injury to sound natural teeth as provided elsewhere in this Policy.

33) Expense for contraceptive methods, devices or aids, and charges for services and supplies for or related to gamete intrafallopian transfer, artificial insemination, in-vitro fertilization (except as required by the state law) or embryo transfer procedures, elective sterilization or its reversal, or elective abortion unless specifically provided for in this Policy.

34) Expenses incurred for massage therapy.

35) Expense for charges that are not recognized charges as determined by Aetna except that this will not apply if the charge for a service; or supply does not exceed the recognized charge for that service or supply by more than the amount or percentage specified as the Allowable Variation.

36) Expense for treatment of covered students who specialize in the mental health care field and who receive treatment as a part of their training in that field.
37) Expenses for treatment of injury or sickness to the extent payment is made as a judgment or settlement by any person deemed responsible for the injury or sickness (or their Insurers).

38) Expenses arising from a Pre-Existing Condition 12 months or less from the covered person’s enrollment date (applies to dependents only).

Any exclusion above will not apply to the extent that coverage of the charges is required under any law that applies to the coverage.
DEFINITIONS

Accident
An occurrence which (a) is unforeseen, (b) is not due to or contributed to by sickness or disease of any kind, and (c) causes injury.

Actual Charge
The charge made for a covered service by the provider who furnishes it.

Adverse Benefit Determination
A denial, reduction, termination of, or failure to provide or make payment (in whole or in part) for a service, supply or benefit because it is determined to be experimental or investigational or not medically necessary or appropriate. Such adverse benefit determination may be based on:

- Your eligibility for coverage;
- Plan limitations or exclusions;
- The results of any Utilization Review activities (determination as to whether or not an admission, extension of stay, or other health care service or supply is medically necessary, based on the information provided).

Aggregate Maximum
The maximum benefit that will be paid under This Plan for all Covered Medical Expenses incurred by a covered person that accumulate in one Policy Year.

Ambulatory Surgical Center
A freestanding ambulatory surgical facility that:

- Meets licensing standards.
- Is set up, equipped and run to provide general surgery.
- Makes charges.
- Is directed by a staff of physicians. At least one of them must be on the premises when surgery is performed and during the recovery period.
- Has at least one certified anesthesiologist at the site when surgery which requires general or spinal anesthesia is performed and during the recovery period.
- Extends surgical staff privileges to:
  - physicians who practice surgery in an area hospital, and
  - dentists who perform oral surgery.
- Has at least 2 operating rooms and one recovery room.
- Provides, or arranges with a medical facility in the area for, diagnostic X-ray and lab services needed in connection with surgery.
- Does not have a place for patients to stay overnight.
- Provides, in the operating and recovery rooms, full-time skilled nursing services directed by a R.N.
- Is equipped and has trained staff to handle medical emergencies.
- It must have:
  - a physician trained in cardiopulmonary resuscitation, and
  - a defibrillator, and
  - a tracheotomy set, and
  - a blood volume expander.
- Has a written agreement with a hospital in the area for immediate emergency transfer of patients. Written procedures for such a transfer must be displayed and the staff must be aware of them.
- Provides an ongoing quality assurance program. The program must include reviews by physicians who do not own or direct the facility.
- Keeps a medical record on each patient.

Birthing Center
A freestanding facility that:

- Meets licensing standards.
- Is set up, equipped and run to provide prenatal care, delivery and immediate postpartum care.
• Makes charges.
• Is directed by at least one physician who is a specialist in obstetrics and gynecology.
• Has a physician or certified nurse midwife present at all births and during the immediate postpartum period.
• Extends staff privileges to physicians who practice obstetrics and gynecology in an area hospital.
• Has at least 2 beds or 2 birthing rooms for use by patients while in labor and during delivery.
• Provides, during labor, delivery and the immediate postpartum period, full-time skilled nursing services directed by a R.N. or certified nurse midwife.
• Provides, or arranges with a facility in the area for, diagnostic X-ray and lab services for the mother and child.
• Has the capacity to administer a local anesthetic and to perform minor surgery. This includes episiotomy and repair of perineal tear.
• Is equipped and has trained staff to handle medical emergencies and provide immediate support measures to sustain life if complications arise during labor and if a child is born with an abnormality which impairs function or threatens life.
• Accepts only patients with low risk pregnancies.
• Has a written agreement with a hospital in the area for emergency transfer of a patient or a child. Written procedures for such a transfer must be displayed and the staff must be aware of them.
• Provides an ongoing quality assurance program. This includes reviews by physicians who do not own or direct the facility.
• Keeps a medical record on each patient and child.

Brand Name Prescription Drug or Medicine
A prescription drug which is protected by trademark registration.

Complications of Pregnancy
Conditions which require hospital stays before the pregnancy ends and whose diagnoses are distinct from but are caused or affected by pregnancy. These conditions are:
• acute nephritis or nephrosis, or
• cardiac decompensation or missed abortion, or
• similar conditions as severe as these.

Not included are (a) false labor, occasional spotting or physician prescribed rest during the period of pregnancy, (b) morning sickness, (c) hyperemesis gravidarum and preclampsia, and (d) similar conditions not medically distinct from a difficult pregnancy.

Complications of Pregnancy also include:
• non-elective cesarean section, and
• termination of an ectopic pregnancy, and
• spontaneous termination when a live birth is not possible. (This does not include voluntary abortion).

Copay
This is a fee charged to a person for Covered Medical Expenses.
For Prescribed Medicines Expense, the copay is payable directly to the pharmacy for each: prescription, kit, or refill, at the time it is dispensed. In no event will the copay be greater than the pharmacy’s charge per: prescription, kit, or refill.

Covered Dependent
A covered student’s dependent who is insured under this Plan.

Covered Medical Expense
Those charges for any treatment, service or supplies covered by this Plan which are:
• not in excess of the Recognized Charges, or
• not in excess of the charges that would have been made in the absence of this coverage, and
• incurred while this Plan is in force as to the covered person except with respect to any expenses payable under the Extension of Benefit Provisions.

Covered Person
A covered student and any covered dependent while coverage under this Plan is in effect.
**Covered Student**
A student of the Policyholder who is insured under this Plan.

**Deductible**
The amount of Covered Medical Expenses that are paid by each covered person during the policy year before benefits are paid.

**Dependent**
(a) the covered student’s spouse residing with the covered student, or (b) the person identified as a domestic partner in the “Declaration of Domestic Partnership” which is completed and signed by the covered student, and (c) the covered student’s child under the age of 26 years.

The term “child” includes a covered student’s step-child, adopted child whose coverage is effective upon the earlier of the date of placement for the purpose of adoption, or the date of the entry of an order granting the adoptive parent custody of the child for purposes of adoption

The term dependent does not include a person who is: (a) an eligible student, or (b) a member of the armed forces.

**Designated Care**
Care provided by a Designated Care Provider upon referral from the School Health Services.

**Designated Care Provider**
A health care provider or pharmacy, that is affiliated with, and has an agreement with, the School Health Services to furnish services and supplies at a negotiated charge.

**Diabetic Self-Management Education**
Training designed to instruct a person in the self-management of diabetes. It may include training in self-care or diet. If a physician, nurse practitioner or clinical nurse specialist diagnoses diabetes, or diagnoses a significant change in the person’s diabetic symptoms, or condition that requires a change in the person’s self-management of the disease or determines that a person who is a diabetic needs re-education, or refresher education, this diabetic self-management education may be provided by the physician or other licensed health care provider legally qualified by the State of New York to provide diabetic management education, or their staff, as part of an office visit for diabetes diagnosis or treatment; or by a certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian upon the referral of a physician; or other licensed health care provider legally qualified by the State of New York to provide diabetic management education. When diabetic self-management education is provided be a certified diabetes nurse educator, certified nutritionist, certified dietitian or registered dietitian upon referral by a physician, such education may be provided in a group setting. When medically necessary, diabetic self-management education shall also include home visits.

**Directory**
A listing of Preferred Care Providers in the service area covered under this Plan, which is given to the Policyholder.

**Elective Treatment**
Medical treatment which is not necessitated by a pathological change in the function or structure in any part of the body occurring after the covered person’s effective date of coverage. Elective treatment includes, but is not limited to:
- tubal ligation,
- vasectomy,
- breast reduction,
- submucous resection and/or other surgical correction for deviated nasal septum, other than necessary treatment of covered acute purulent sinusitis,
- treatment for weight reduction,
- learning disabilities,
- temporomandibular joint dysfunction (TMJ),
- immunization,
- treatment of infertility, and
- routine physical examinations.
Emergency Admission
One where the physician admits the person to the hospital or residential treatment facility right after the sudden and at that time, unexpected onset of a change in a person’s medical or behavioral condition which:
• requires confinement right away as a full-time inpatient; and
• manifests itself by symptoms of sufficient severity, including severe pain, that if immediate medical attention was not given could, as determined by a prudent lay person possessing an average knowledge of medicine and health, reasonably be expected to result in:
  - placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy;
  - serious impairment to such person’s bodily functions;
  - serious dysfunction of any bodily organ or part of such person; or
  - serious disfigurement of such person.

Emergency Medical Condition
A medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:
1) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy;
2) serious impairment to such person’s bodily functions;
3) serious dysfunction of any bodily organ or part of such person; or
4) serious disfigurement of such person.

Generic Prescription Drug or Medicine
A prescription drug which is not protected by trademark registration, but is produced and sold under the chemical formulation name.

Grievance
A request for review of a determination, other than a determination meeting the definition of adverse benefit determination.

Home Health Agency
• an agency licensed as a home health agency by the state in which home health care services are provided, or
• an agency certified as such under Medicare, or
• an agency approved as such by Aetna.

Home Health Aide
A certified or trained professional who provides services through a home health agency which are not required to be performed by an R.N., L.P.N., or L.V.N., primarily to aid the covered person in performing the normal activities of daily living while recovering from an injury or sickness, and are described under the written Home Health Care Plan.

Home Health Care
Health services and supplies provided to a covered person on a part-time, intermittent, visiting basis. Such services and supplies must be provided in such person’s place of residence, while the person is confined as a result of injury or sickness. A physician must certify that the use of such services and supplies is to treat a condition as an alternative to confinement in a hospital or skilled facility, and the services must be furnished by, or under arrangements made by, a licensed home health agency.

Home Health Care Plan
A written plan of care established and approved in writing by a physician, for continued health care and treatment in a covered person’s home. It must follow within 7 days of discharge and be for the same or related cause(s) as a period of hospital or skilled nursing confinement. The physician must examine the covered person at least once a month, and the physician must renew the written plan every 60 days.
Home Health Care Services
- Part-time or intermittent nursing care by: a registered nurse (R.N.), a licensed practical nurse (L.P.N.), or under the supervision on an R.N. if the services of an R.N. are not available,
- Part time or intermittent home health aide services, that consist primarily of care of a medical or therapeutic nature by other than an R.N.,
- Physical, occupational, speech therapy, or respiratory therapy,
- Medical supplies, drugs and medicines, and laboratory services. However, these items are covered only to the extent they would be covered if the patient was confined to a hospital,
- Medical social services by licensed or trained social workers,
- Nutritional counseling.

Hospice
A facility or program providing a coordinated program of home and inpatient care which treats terminally ill patients. The program provides care to meet the special needs of the patient during the final stages of a terminal illness. Care is provided by a team made up of trained medical personnel, counselors, and volunteers. The team acts under an independent hospice administration and it helps the patient cope with physical, psychological, spiritual, social, and economic stresses. The hospital administration must meet the standards of the National Hospice Organization and any licensing requirements.

Hospice Benefit Period
A period that begins on the date the attending physician certifies that the covered person is a terminally ill patient who has less than 6 months to live. It ends after 6 months (or such later period for which treatment is certified) or on the death of the patient, if sooner.

Hospital
A facility which meets all of these tests:
- it provides in-patient services for the case and treatment of injured and sick people, and
- it provides room and board services and nursing services 24 hours a day, and
- it has established facilities for diagnosis and major surgery, and
- it is run as a hospital under the laws of the jurisdiction which it is located.

Hospital does not include a place run mainly: (a) for alcoholics or drug addicts, (b) as a convalescent home, or (c) as a nursing or rest home. The term “hospital” includes an alcohol and drug addiction treatment facility during any period in which it provides effective treatment of alcohol and drug addiction to the covered person.

Hospital Confinement
A documented inpatient stay in a hospital as a resident bed patient.

Injury
Bodily injury caused by an accident. This includes related conditions and recurrent symptoms of such injury.

Intensive Care Unit
A designated ward, unit, or area within a hospital for which a specified extra daily surcharge is made and which is staffed and equipped to provide, on a continuous basis, specialized or intensive care or services, not regularly provided within such hospital.

Medically Necessary: a service or supply that is necessary and appropriate for the diagnosis or treatment of a sickness or injury based on generally accepted current medical practice. A service or supply will not be considered as medically necessary if:
- It is provided only as a convenience to the covered person or provider; or
- it is not the appropriate treatment for the covered person’s diagnosis or symptoms; or
- it exceeds (in scope, duration or intensity) that level of care which is needed to provide safe, adequate and appropriate diagnosis or treatment.

The fact that any particular physician may prescribe, order, recommend, or approve a service or supply does not, of itself, make the service or supply medically necessary.
Medication Formulary
A listing of prescription drugs which have been evaluated and selected by Aetna clinical pharmacists, for their therapeutic equivalency and efficacy. This listing includes both brand name and generic prescription drugs. This listing is subject to periodic review, and modification by Aetna.

Negotiated Charge
The maximum charge a Preferred Care Provider or Designated Provider has agreed to make as to any service or supply for the purpose of the benefits under this Plan.

Non-Preferred Care
A health care service or supply furnished by a health care provider that is not a Designated Care Provider, or that is not a Preferred Care Provider, if, as determined by Aetna:
- the service or supply could have been provided by a Preferred Care Provider, and
- the provider is of a type that falls into one or more of the categories of providers listed in the directory.

Non-Preferred Care Provider
- a health care provider that has not contracted to furnish services or supplies at a negotiated charge, or
- a Preferred Care Provider that is furnishing services or supplies without the referral of a School Health Services.

Non-Preferred Pharmacy
A pharmacy not party to a contract with Aetna, or a pharmacy who is party to such a contract but who does not dispense prescription drugs in accordance with its terms.

Non-Preferred Prescription Drug Expense
An expense incurred for a prescription drug that is not a preferred prescription drug expense.

One Sickness
A sickness and all recurrences and related conditions which are sustained by a covered person.

Out-of-Pocket Limit
The amount that must be paid, by the covered student, or the covered student and their covered dependents, before Covered Medical Expenses will be payable at 100%, for the remainder of the Policy Year. The Out-of-Pocket Limit applies only to Covered Medical Expenses for preferred care, which are payable at a rate greater than 50%.

The following expenses do not apply toward meeting the Out-of-Pocket Limit:
- deductibles,
- copays,
- expenses that are not Covered Medical Expenses,
- penalties,
- expenses for prescription drugs, and
- other expenses not covered by this Plan.

Partial Hospitalization
Continuous treatment consisting of not less than four hours and not more than twelve hours in any twenty-four hour period under a program based in a hospital.

Pharmacy
An establishment where prescription drugs are legally dispensed.

Physician
(a) legally qualified physician licensed by the state in which he or she practices, and (b) any other practitioner that must by law be recognized as a doctor legally qualified to render treatment.

Policy Year
The period of time from anniversary date to anniversary date except in the first year when it is the period of time from the effective date to the first anniversary date.
Pre-Existing Condition
Any injury, sickness, or condition that was diagnosed or treated, or would have caused a prudent person to seek diagnosis or treatment, within six months prior to the covered person’s enrollment date.

For purposes of this definition, “enrollment date” means the covered person’s effective date of insurance or, if earlier, the first day of any applicable waiting period.

Preferred Care
Care provided by:
- a covered person’s primary care physician, or a preferred care provider on the referral of the primary care physician.

Preferred Care Provider
A health care provider that has contracted to furnish services or supplies for a negotiated charge, but only if the provider is, with Aetna’s consent, included in the directory as a Preferred Care Provider for:
- the service or supply involved, and
- the class of covered persons of which you are member.

Preferred Pharmacy
A pharmacy, including a mail order pharmacy, which is party to a contract with Aetna to dispense drugs to persons covered under this Plan, but only:
- while the contract remains in effect, and
- while such a pharmacy dispenses a prescription drug, under the terms of its contract with Aetna.

Preferred Prescription Drug Expense
An expense incurred for a prescription drug that: is dispensed by a Preferred Pharmacy.

Prescriber
Any person, while acting within the scope of his or her license, who has the legal authority to write an order for a prescription drug.

Prescription
An order of a prescriber for a prescription drug. If it is an oral order, it must be promptly put in writing by the pharmacy.

Prescription Drugs
Any of the following:
- A drug, biological, or compounded prescription, which, by Federal law, may be dispensed only by prescription and which is required to be labeled “Caution: Federal Law prohibits dispensing without prescription”,
- Injectable insulin, disposable needles, and syringes, when prescribed and purchased at the same time as insulin, and disposable diabetic supplies.

Primary Care Physician
This is the Preferred Care Provider who is:
- selected by a person from the list of Primary Care Physicians in the directory,
- responsible for the person’s on-going health care, and
- shown on Aetna’s records as the person’s Primary Care Physician.
  For purposes of this definition, a Primary Care Physician also includes the School Health Services.

Rare Disease
A life threatening or disabling condition or disease that: (1)(a) is currently or has been subject to a research study by the National Institutes of Health Rare Diseases Clinical Research Network; or (b) affects fewer than 200,000 United States residents per year; and (2) for which there does not exist a standard health service or procedure covered by the plan that is more clinically beneficial than the requested health service or treatment.
Residential Treatment Facility
A treatment center for children and adolescents, which provides residential care and treatment for emotionally disturbed individuals, and is licensed by the department of children and youth services, and is accredited as a residential treatment center by the council on accreditation or the joint commission on accreditation of health organizations.

Respite Care
Care provided to give temporary relief to the family or other care givers in emergencies and from the daily demands for caring for a terminally ill covered person.

Room and Board
Charges made by an institution for board and room and other necessary services and supplies. They must be regularly made at a daily or weekly rate.

School Health Services
Any organization, facility, or clinic operated, maintained, or supported by the school or other entity under contract to the school which provides health care services to enrolled students and their dependents.

Semi-private Rate
The charge for room and board which an institution applies to the most beds in its semiprivate rooms with 2 or more beds. If there are no such rooms, Aetna will figure the rate. It will be the rate most commonly charged by similar institutions in the same geographic area.

Service Area
The geographic area, as determined by Aetna, in which the Preferred Care Providers are located.

Sickness
Disease or illness including related conditions and recurrent symptoms of the sickness. Sickness also includes pregnancy, and complications of pregnancy. All injuries or sickness due to the same or a related cause are considered one injury or sickness.

Skilled Nursing Facility
A lawfully operating institution engaged mainly in providing treatment for people convalescing from injury or sickness. It must have:
- organized facilities for medical services,
- 24 hours nursing service by R.N.s,
- a capacity of six or more beds,
- a daily medical records for each patient, and
- a physician available at all times.

Sound Natural Teeth
Natural teeth, the major portion of the individual tooth which is present regardless of fillings and is not carious, abscessed, or defective. Sound natural teeth shall not include capped teeth.

Surgical Assistant
A medical professional trained to assist in surgery in both the preoperative and postoperative periods under the supervision of a physician.

Surgical Expense
Charges by a physician for,
- a surgical procedure,
- a necessary preoperative treatment during a hospital stay in connection with such procedure, and
- usual postoperative treatment.

Surgical Procedure
- a cutting procedure,
- suturing of a wound,
• treatment of a fracture,
• reduction of a dislocation,
• radiotherapy (excluding radioactive isotope therapy), if used in lieu of a cutting operation for removal of a tumor,
• electrocauterization,
• diagnostic and therapeutic endoscopic procedures,
• injection treatment of hemorrhoids and varicose veins,
• an operation by means of laser beam,
• cryosurgery.

Urgent Admission
One where the physician admits the person to the hospital due to:
• the onset of or change in a disease, or
• the diagnosis of a disease, or
• an injury caused by an accident,
  which, while not needing an emergency admission, is severe enough to require confinement as an inpatient in a hospital within 2 weeks from the date the need for the confinement becomes apparent.

Urgent Care Provider
This is:
• A freestanding medical facility which:
  - Provides unscheduled medical services to treat an urgent condition if the covered person’s physician is not reasonably available.
  - Routinely provides ongoing unscheduled medical services for more than 8 consecutive hours.
  - Makes charges.
  - Is licensed and certified as required by any state or federal law or regulation.
  - Keeps a medical record on each patient.
  - Provides an ongoing quality assurance program. This includes reviews by physicians other than those who own or direct the facility.
  - Is run by a staff of physicians. At least one such physician must be on call at all times.
  - Has a full-time administrator who is a licensed physician.
• A physician’s office, but only one that:
  - has contracted with Aetna to provide urgent care, and
  - is, with Aetna’s consent, included in the Provider Directory as a Preferred Urgent Care Provider.

It is not the emergency room or outpatient department of a hospital.

Urgent Condition
This means a sudden illness, injury, or condition, that:
• is severe enough to require prompt medical attention to avoid serious deterioration of the covered person’s health,
• includes a condition which would subject the covered person to severe pain that could not be adequately managed without urgent care or treatment,
• does not require the level of care provided in the emergency room of a hospital, and
• requires immediate outpatient medical care that cannot be postponed until the covered person’s physician becomes reasonably available.

Walk-in Clinic
A clinic with a group of physicians, which is not affiliated with a hospital, that provides: diagnostic services, observation, treatment, and rehabilitation on an outpatient basis.
CLAIM PROCEDURE

On occasion, the claims investigation process will require additional information in order to properly adjudicate the claim. This investigation will be handled directly by Aetna.

Customer Service Representatives are available 8:30 a.m. to 5:30 p.m., Monday through Friday, ET for any questions.

Please send claims to:
Aetna Student Health
PO Box 981106
El Paso, TX 79998

1. Bills must be submitted within 90 days from the date of treatment.
2. Payment for Covered Medical Expenses will be made directly to the hospital or physician concerned, unless bill receipts and proof of payment are submitted.
3. If itemized medical bills are available at the time the claim form is submitted, attach them to the claim form. Subsequent medical bills should be mailed promptly to the above address.
4. You will receive an “Explanation of Benefits” when your claims are processed. The Explanation of Benefits will explain how your claim was processed, according to the benefits of your Student Accident and Sickness Insurance Plan.

HOW TO APPEAL A CLAIM

In the event a Covered Person disagrees with how a claim was processed, he/she may request a review of the decision. The Covered Person’s request must include why he/she disagrees with the way the claim was processed. The request must also include any additional information that supports the claim (e.g., medical records, Physician’s office notes, operative reports, Physician’s letter of medical necessity, etc.). Please submit all requests to:

Aetna Student Health
P.O. Box 14464
Lexington, KY 40512

Or call in the appeal to Customer Service using the toll-free telephone number shown on the member ID card.

INTERNAL APPEALS PROCEDURE

Aetna has established a procedure for resolving appeals by covered persons. If the covered person has an appeal; please follow this procedure:

- An Appeal is defined as an oral or written request to Aetna to reconsider an adverse benefit determination.

First Level Appeals Procedure

- An Appeal must be submitted to Aetna within 180 days of the date Aetna provides notice of denial. The Aetna address is on the covered person’s ID card. The Appeal may be submitted by the covered person; or by a representative; designated by the covered person.
- The covered person may submit an oral grievance in connection with:
  - A denial of; or failure to pay for; a referral; or
  - A determination as to whether a benefit is covered under this Plan; by calling Member Services. Aetna’s Member Services telephone number is on the covered person’s ID card. If the covered person is required to leave a recorded message; the covered person’s message will be acknowledged within one business day after the call was recorded.
- An acknowledgment letter will be sent to the covered person within 1 day of Aetna’s receipt of an oral Appeal; and 5 days of Aetna’s receipt of a written Appeal. This letter may request additional information. If so; the additional information must be submitted to Aetna within 15 days of the date of the letter.
- The covered person will be sent a response within 30 days of Aetna’s receipt of the Appeal. The response will be based on the information provided with; or subsequent to; the Appeal.
- If the Appeal concerns an eligibility issue; and if additional information is not submitted to Aetna after receipt of Aetna’s response; the decision is considered Aetna’s final response; 45 days after receipt of the Appeal. For all other Appeals; if additional information is to be submitted to Aetna after receipt of Aetna’s response; it must be submitted within 15 days of the date of Aetna’s response letter.
- Aetna’s response will be sent within 30 days from the date of Aetna’s first response letter.
In any urgent or emergency situation; the Expedited Appeal procedure may be initiated by a telephone call to Member Services. Aetna’s Member Services telephone number is on the covered person’s ID card. A verbal response to the Appeal will be given to the covered person and covered person’s provider within 2 days; provided that all necessary information is available. Written notice of the decision will be sent within 2 business days of Aetna’s verbal response.

Second Level Appeals Procedure
If the covered person is dissatisfied with Aetna’s grievance determination; the covered person; or a representative designated by the covered person; may submit a written appeal within 60 business days after receipt of such determination.

- An acknowledgement letter will be sent to the covered person within 15 days of Aetna’s receipt of the written appeal. This letter may request additional information. If so; the additional information must be submitted to Aetna within 15 days of the date of the letter.
- Aetna’s final response for an urgent or emergency situation will be sent within 2 business days. For all other situations; a response will be sent within 30 business days from the date of Aetna’s receipt of all necessary information.

If additional time is needed to resolve an Appeal; except in an urgent or emergency situation; Aetna will provide a written notification; indicating that additional time is needed; explaining why such time is needed; and setting a new date for a response. The additional time will not be extended beyond another 30 days.

The covered person must exhaust the Internal Appeals Procedure before requesting an External Appeal. However; the covered person is not required to exhaust the Internal Appeals Procedure prior to requesting an External Appeal; if the covered person and Aetna have agreed that the matter may proceed directly to an External Appeal.

Aetna will keep the records of the covered person’s complaint for 7 years.

RIGHT TO AN EXTERNAL APPEAL
Under certain circumstances; the covered person has a right to an external appeal of a denial of coverage. Specifically; if Aetna has denied coverage on the basis that the service is not necessary; or is an experimental or investigational treatment; the covered person may appeal that decision to an External Appeal Agent; an independent entity certified by the State; to conduct such appeals.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS NOT NECESSARY
If Aetna has denied coverage on the basis that the service is not necessary; the covered person may appeal to an External Appeal Agent; if the covered person satisfies the following criteria listed below:

- The service; procedure; or treatment; must otherwise be a Covered Medical Expense under this Plan; and
- The covered person must have received a final adverse determination through the first level of Aetna’s internal review process; and Aetna must have upheld the denial; or the covered person and Aetna must agree in writing; to waive any internal appeal.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS EXPERIMENTAL OR INVESTIGATIONAL
If the covered person has been denied coverage on the basis that the service is an experimental or investigational treatment; the covered person must satisfy the following criteria:

- The service must otherwise be a Covered Medical Expense under this Plan; and
- The covered person must have received a final adverse determination through the first level of Aetna’s internal appeal process; and Aetna must have upheld the denial; or the covered person and Aetna must agree in writing to waive any internal appeal.

In addition; the covered person’s attending physician must certify that the covered person has a life-threatening or disabling condition or disease. A “life-threatening condition or disease” is one which; according to the current diagnosis of the attending physician; has a high probability of death. A “disabling condition or disease” is any medically determinable physical or medical impairment that can be expected to result in death; or that has lasted; or can be expected to last; for a continuous period of not less than 12 months; which renders the covered person unable to engage in any substantial gainful activities. In the case of a dependent child under the age of 18; a “disabling condition or disease” is any medically determinable physical or mental impairment of comparable severity.
The covered person’s attending physician must also certify that the life-threatening or disabling condition or disease is one for which standard health services are ineffective, or medically inappropriate, or one for which there does not exist a more beneficial standard service or procedure covered under this Plan, or one for which there exists a clinical trial (as defined by law) or rare disease. In the case of a rare disease, the attending physician may not be the treating physician.

In addition, the covered person’s attending physician must have recommended at least one of the following:

- A service, procedure or treatment that 2 documents from available medical and scientific evidence indicate is likely to be more beneficial to the covered person than any standard Covered Medical Expense (only certain documents will be considered in support of this recommendation — the covered person’s attending physician should contact the State in order to obtain current information as to what documents will be considered acceptable) or in the case of a rare disease, based on the physician’s certification and such other evidence as you, your designee of the attending physician may present; or
- A clinical trial for which the covered person is eligible (only certain clinical trials can be considered).

For the purposes of this section, the covered person’s attending physician must be a licensed, board certified, or board eligible physician, qualified to practice in the area appropriate to treat the covered person’s life-threatening or disabling condition or disease. In the case of a rare disease, the attending physician may not be the treating physician.

THE EXTERNAL APPEAL PROCESS

If, through Aetna’s internal appeal process, the covered person has received a final adverse determination upholding a denial of coverage on the basis that the service is not necessary; or is an experimental or investigational treatment; the covered person has 45 days from receipt of such notice to file a written request for an external appeal. If the covered person and Aetna have agreed to waive any internal appeal; the covered person has 45 days from the receipt of such waiver to file a written request for an external appeal. Aetna will provide an external appeal application with the final adverse determination issued through the Aetna’s internal appeal process or its written waiver of an internal appeal.

The covered person may also request an external appeal application from the New York State Department of Insurance at (800) 400-8882. The completed application must be submitted to the New York State Department of Insurance at the address listed in the application. If the covered person satisfies the criteria for an external appeal; the State will forward the request to a certified External Appeal Agent.

The covered person will have the opportunity to submit additional documentation with the request. If the External Appeal Agent determines that the information the covered person submit represents a material change from the information on which Aetna based its denial; the External Appeal Agent will share this information with Aetna in order for it to exercise its right to reconsider its decision. If Aetna chooses to exercise this right; Aetna will have 3 business days to amend or confirm its decision. Please note that in the case of an expedited appeal (described below); Aetna does not have a right to reconsider its decision.

In general; the External Appeal Agent must make a decision within 30 days of receipt of the completed application. The External Appeal Agent may request additional information from the covered person; the covered person’s physician or Aetna. If the External Appeal Agent requests additional information; it will have 5 additional business days to make its decision. The External Appeal Agent must notify the covered person in writing of its decision within 2 business days.

If the covered person’s attending physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to the covered person’s health; the covered person may request an expedited external appeal. In that case; the External Appeal Agent must make a decision within 3 days of receipt of the completed application. Immediately after reaching a decision; the External Appeal Agent must try to notify the covered person and Aetna by telephone or facsimile of that decision. The External Appeal Agent must also notify the covered person in writing of its decision.

If the External Appeal Agent overturns Aetna’s decision that a service is not necessary; or approves coverage of an experimental or investigational treatment; Aetna will provide coverage subject to the other terms and conditions of this Plan. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial; Aetna will only cover the costs of services required to provide treatment to the covered person according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices; the costs of non-health care
services; the costs of managing research; or costs which would not be covered under this Plan for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent’s decision is binding on both the covered person and Aetna. The External Appeal Agent’s decision is admissible in any court proceeding.

**RESPONSIBILITIES**

It is the covered person’s responsibility to initiate the external appeals process. The covered person may initiate the external appeal process by filing a completed application with the New York State Department of Insurance. If the requested service has already been provided to the covered person; the covered person’s attending physician may file an expedited appeal application on the covered person’s behalf; but only if the covered person has consented to this in writing.

Under New York State law; the covered person’s completed request for appeal must be filed within 45 days of either the date upon which the covered person receives written notification from Aetna that it has upheld a denial of coverage; or the date upon which the covered person receives a written waiver of any internal appeal. Aetna has no authority to grant an extension of this deadline.

**COVERED SERVICES AND EXCLUSIONS**

In general; this Plan does not cover experimental or investigational treatments. However; this Plan shall cover an experimental or investigational treatment approved by an External Appeal Agent in accordance with this section. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial; Aetna will only cover the costs of services required to provide treatment to the covered person; according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices; the costs of non-health care services; the costs of managing research; or costs which would not be covered under this Plan for non-experimental or non-investigational treatments provided in such clinical trial.

**PRESCRIPTION DRUG CLAIM PROCEDURE**

You may obtain your Prescription from a Pharmacy and be reimbursed by submitting a completed Aetna claim form. You will be reimbursed for covered medications at the Recognized Charge allowance; less any applicable Deductible; directly by Aetna. You will be responsible for any amount in excess of the Recognized Charge.

Claim forms and claims status information can be obtained by contacting Aetna Student Health at (877) 373-0741 or at www.aetnastudenthealth.com.

When submitting a claim; please include all Prescription receipts; indicate that you attend Stony Brook University; and include your name; address; and student identification number.
