**Annual Deductible**: An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services.

**Annual Out of Pocket Maximum**: The most you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan will usually pay 100% of the allowed amount.

**Copay**: A fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

**Coinsurance**: Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductibles you owe.

The 2024-2025 benefits listed above are a brief summary of the Student Health Insurance Plan design. Additional Schedule of Medical Expense Benefits/Limitations is specified in the Overview Policy.
