

LEADERSHIP WORKSHOP SERIES

SPRING 2018

Women in Science and Engineering (WISE) Honors Program

WISE Honors is pleased to announce a leadership workshop series for graduate students. The workshops are for professional development and are aimed at graduate women in STEM. Upon conclusion of the workshop series, participants will be given certificates of completion.

Applications are being accepted until January 21. Please write an essay indicating why you are interested in the program. Seating is limited to 36 students. Applications will be reviewed by a selection committee and applicants will be notified whether they are accepted into the program. The program is free. You must attend all workshops to receive a certificate of completion.
