AT A GLANCE

UUP UNITED UNIVERSITY PROFESSIONS

For Employees of the State of New York represented by United University Professions (UUP) and for their enrolled Dependents; and for COBRA Enrollees and Young Adult Option Enrollees with their Empire Plan benefits

This guide briefly describes Empire Plan benefits. It is not a complete description and is subject to change. For a complete description of your benefits and your responsibilities, refer to your *Empire Plan Certificate* and all *Empire Plan Reports* and *Certificate Amendments*. For information regarding your NYSHIP eligibility or enrollment, contact your agency Health Benefits Administrator (HBA). If you have questions regarding specific benefits or claims, contact the appropriate Empire Plan administrator. (See page 19.)

WHAT'S NEW

- **Vaccine Benefit in Network Pharmacies** - Effective October 1, 2014, Empire Plan-primary enrollees can receive certain preventive vaccines when administered at a pharmacy that participates in the CVS/caremark national vaccine network. See page 18.
- **2015 Empire Plan Flexible Formulary Drug List** - The annual update lists the most commonly prescribed generic and brand-name drugs included in the 2015 Empire Plan Flexible Formulary and newly excluded drugs with 2015 Empire Plan Flexible Formulary alternatives.
- **Medical Exception Process for Excluded Drugs** - Effective September 1, 2014, The Empire Plan implemented a medical exception process for non-formulary drugs that are excluded from coverage. A medical necessity exception request can be submitted to CVS/caremark by your physician if certain requirements are met. See page 17 for details.
- **Patient Protection and Affordable Care Act (PPACA) Provider Non-discrimination** - As part of new PPACA provisions, a health insurance plan may not discriminate against any health care provider acting within the scope of that provider's license or certification under applicable state law. If The Empire Plan covers a medical service, the Plan must cover it by any provider licensed to render the covered service. Please contact the appropriate program administrator for questions regarding coverage under this provision.
- **Autism Coverage** - Effective January 1, 2015, there is no annual maximum for Applied Behavior Analysis (ABA) services for the treatment of autism spectrum disorders. The prior cap of 680 hours of service each plan year no longer applies.
- **In-network Out-of-Pocket Limit** - Effective January 1, 2015, the in-network out-of-pocket limit has increased, and now includes a separate accumulator for network expenses under the Prescription Drug Program. See page 3.
- **Nutritionists and Registered Dietitians** - Nutritionists and Registered Dietitians are now covered as participating providers. Refer to the Medical/Surgical Program online directory, or call the Medical/Surgical Program for information.

QUICK REFERENCE

The Empire Plan is a comprehensive health insurance program for New York's public employees and their families. The Plan has four main parts:

Hospital Program

administered by Empire BlueCross BlueShield

Also provides inpatient Benefits Management Program services, including preadmission certification of hospital admissions and admission or transfer to a skilled nursing facility, concurrent reviews, discharge planning, inpatient Medical Case Management and The Empire Plan Future Moms Program.

Medical/Surgical Program

administered by UnitedHealthcare

Provides coverage for medical services, such as office visits, surgery and diagnostic testing under the Participating Provider, Basic Medical and Basic Medical Provider Discount Programs. Coverage for physical therapy and chiropractic care is provided through the Managed Physical Medicine Program.

Also provides coverage for convenience care clinics, home care services, durable medical equipment and certain medical supplies through the Home Care Advocacy Program (HCAP); the Prosthetics/Orthotics Network; Centers of Excellence Programs for Cancer and for Infertility; and Benefits Management Program services including Prospective Procedure Review for MRI, MRA, CT, PET scan, Nuclear Medicine tests, Voluntary Specialist Consultant Evaluation services and outpatient Medical Case Management.

Mental Health and Substance Abuse Program

Prescription Drug Program

administered by CVS/caremark

Provides coverage for prescription drugs dispensed through Empire Plan network pharmacies, the mail service pharmacy, the specialty pharmacy and non-network pharmacies.

Please see *Contact Information* on page 19 for NYSHIP addresses, teletypewriter (TTY) numbers and other important contact information.

BENEFITS MANAGEMENT PROGRAM

The Empire Plan Benefits Management Program helps to protect the enrollee and allows the Plan to continue to cover essential treatment for patients by coordinating care and avoiding unnecessary services. The Benefits Management Program precertifies inpatient medical admissions and certain procedures, assists with discharge planning, and provides inpatient and outpatient Medical Case Management. Following the Benefits Management Program requirements – including obtaining preauthorization for certain services – is required when The Empire Plan is your primary coverage in order to receive maximum benefits under the Plan.

YOU MUST CALL for preadmission certification

If The Empire Plan is primary for you or your covered dependents, you must call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Hospital Program (administered by Empire BlueCross BlueShield):

- Before a scheduled (nonemergency) hospital admission, skilled nursing facility admission/transfer, or transplant surgery.†
- Before a maternity hospital admission.† Call as soon as a pregnancy is certain.
- Within 48 hours, or as soon as reasonably possible, after an emergency or urgent hospital admission.†

If you do not call and Empire BlueCross BlueShield does not certify the hospitalization, you will be responsible for the entire cost of care determined not to be medically necessary.

†These services are subject to a \$200 penalty if the hospitalization is determined to be medically necessary, but not precertified.

Other Benefits Management Program services provided by Empire BlueCross BlueShield include:

- Concurrent review of hospital inpatient treatment,
- Discharge planning for medically necessary services post-hospitalization,
- Inpatient Medical Case Management for coordination of covered services for certain catastrophic and complex cases that may require extended care, and
- The Empire Plan Future Moms Program for early risk identification.

YOU MUST CALL for Prospective Procedure Review

If The Empire Plan is primary for you or your covered dependents, you must call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Medical Program (administered by UnitedHealthcare) before receiving the following scheduled (nonemergency) diagnostic tests:

- Magnetic Resonance Imaging (MRI)
- Magnetic Resonance Angiography (MRA)
- Computerized Tomography (CT)
- Positron Emission Tomography (PET) scan
- Nuclear Medicine test

Precertification is required unless you are having the test as an inpatient in a hospital. If you do not call, you will pay a larger part of the cost. If the test or procedure is determined not to be medically necessary, you will be responsible for the entire cost.

Other Benefits Management Program services provided by UnitedHealthcare include:

- Coordination of Voluntary Specialist Consultant Evaluation, and
- Outpatient Medical Case Management for coordination of covered services for certain catastrophic and complex cases that may require extended care.

Be sure to review the Benefits Management Program section of your *Empire Plan Certificate* and subsequent amendments for complete information on the program's services and requirements.

OUT-OF-POCKET COSTS

In-Network Out-of-Pocket Limit

As a result of new Patient Protection and Affordable Care Act (PPACA) provisions, there is a limit on the amount you will pay out-of-pocket for in-network services/supplies received during the Plan year.

Out-of-Pocket Limit: The amount you pay for network services/supplies is capped at the out-of-pocket limit. Network expenses include copayments you make to providers, facilities and pharmacies (network expenses do not include premiums, deductibles, or coinsurance). Once the out-of-pocket limit is reached, network benefits are paid in full.

Beginning January 1, 2015, the out-of-pocket limit for in-network expenses are as follows:

Individual Coverage

- \$4,300 for in-network expenses incurred under the Hospital Program, Medical/Surgical Program and Mental Health and Substance Abuse Program
- \$2,300 for in-network expenses incurred under the Prescription Drug Program*

Family Coverage

- \$8,600 for in-network expenses incurred under the Hospital Program, Medical/Surgical Program and Mental Health and Substance Abuse Program
- \$4,600 for in-network expenses incurred under the Prescription Drug Program*

***Does not apply to Medicare-primary enrollees or dependents.**

Out-of-Network Combined Annual Deductible

The combined annual deductible is \$1,000 for the enrollee, \$1,000 for the enrolled spouse/domestic partner and \$1,000 for all dependent children combined.

The combined annual deductible must be met before Basic Medical Program expenses, non-network expenses under the Home Care Advocacy Program and outpatient non-network expenses under the Mental Health and Substance Abuse Program will be considered for reimbursement.

Each deductible amount will be reduced to \$500 per calendar year for employees with a full-time salary of less than \$35,006.

Combined Annual Coinsurance Maximum

The combined annual coinsurance maximum is \$3,000 for the enrollee, \$3,000 for the enrolled spouse/domestic partner, and \$3,000 for all dependent children combined.

Coinsurance amounts incurred for non-network Hospital coverage, Basic Medical Program coverage and non-network Mental Health and Substance Abuse coverage count toward the combined annual coinsurance maximum. Copayments to Medical/Surgical Program participating providers and to Mental Health and Substance Abuse Program network practitioners also count toward the combined annual coinsurance maximum. (**Note:** Copayments made to network facilities do not count toward the combined annual coinsurance maximum.)

The combined annual coinsurance maximum is reduced to \$1,500 per calendar year for employees with a full-time salary of less than \$35,006.

PREVENTIVE CARE SERVICES

Your coverage is “non-grandfathered,” which means that your Empire Plan benefits reflect changes required by the federal Patient Protection and Affordable Care Act (PPACA) implementation timetable.

When you meet established criteria (such as age, gender, and risk factors) for certain preventive care services, that preventive service is provided to you at no cost when you use an Empire Plan participating provider or network facility. See the *Empire Plan Preventive Care Coverage Flyer* for examples of covered services.

For further information on PPACA preventive care services, and criteria to receive preventive care services at no cost, visit www.hhs.gov/healthcare/rights/preventive-care.

For further information on any of the programs listed below, refer to your *Empire Plan Certificate* and the publication *Reporting On Centers of Excellence*. If you do not use a Center of Excellence, benefits are provided in accordance with Hospital Program and/or Medical/Surgical Program coverage.

If a transplant is authorized but you do not use a designated Center of Excellence, benefits will be provided in accordance with Hospital and/or Medical/Surgical Program coverage.

Note: Transplant surgery preauthorization is required whether or not you choose to participate in the Centers of Excellence Transplant Program.

To enroll in the Program and receive these benefits, The Empire Plan must be your primary coverage.

You pay only a copayment, if any, for covered services provided by a provider or facility that is in The Empire Plan network. No deductible or coinsurance applies.

Non-network Coverage

When you use a provider or facility that is not in The Empire Plan network, your out-of-pocket costs are higher, as described in this section.

Inpatient Services

Precertification of inpatient admissions is required to ensure that benefits are available. In the case of an emergency admission, certification must be requested as soon as possible. Network facilities are responsible for obtaining precertification. If you use a non-network facility you may be required to pay the full cost of any stay determined not to be medically necessary.

Network Coverage

Inpatient stays in an approved network facility are paid in full.

Practitioner Treatment or Consultation: Treatment or consultation services billed by a provider are paid in full.

Non-network Coverage

You will be responsible for a coinsurance amount of 10 percent of billed charges, up to the combined annual coinsurance maximum. See page 3. When the combined annual coinsurance maximum is met, you will receive network benefits.

Precertification is required before a voluntary inpatient admission to a non-network facility for mental health treatment.

Practitioner Treatment or Consultation: Treatment or consultation services billed by a provider are subject to deductible and coinsurance as described under *Office Visits and other Outpatient Services*, page 14.

Ambulance Service

Ambulance transportation to a hospital for mental health or substance abuse treatment is paid in full by the Medical/Surgical Program administrator when medically necessary.

Outpatient Services

Hospital Emergency Department

Network Coverage

You pay one \$70 copayment per visit to an Emergency Department. The copayment is waived if you are admitted as an inpatient directly from the Emergency Department.

Office Visits and other Outpatient Services

Network Coverage

Office visits and other outpatient services such as outpatient substance abuse rehabilitation programs, psychological testing/evaluation, electroconvulsive therapy and Applied Behavior Analysis (ABA) services may be subject to a \$20 copayment per visit.

Up to three visits per crisis are paid in full for mental health treatment.

Non-network Coverage

Network Coverage applies to Emergency Department visits at a non-network hospital.

Non-network Coverage

Combined Annual Deductible: The combined annual deductible must be satisfied before The Empire Plan pays benefits. See page 3.

Coinsurance: The Empire Plan pays 80 percent of reasonable and customary charges for covered services after you meet the combined annual deductible. You are responsible for the balance.

Combined Annual Coinsurance Maximum: After the combined annual coinsurance maximum is reached, The Empire Plan pays benefits for covered services at 100 percent of reasonable and customary charges. See page 3.

Reasonable and Customary Charge: The lowest of the actual charge, the provider's usual charge or the usual charge within the same geographic area.

Psychological Testing or Evaluation, Electroconvulsive Therapy, Applied Behavior Analysis Services

 **YOU MUST CALL** for precertification

Precertification is required before beginning psychological testing or evaluations, electroconvulsive therapy or Applied Behavior Analysis for the treatment of autism spectrum disorder, to confirm medical necessity.

Neuropsychological Testing

Neuropsychological testing and evaluations for mental health or substance abuse diagnosis in a network or non-network setting will be reviewed for medical necessity. Only medically necessary services are covered, therefore, precertification by ValueOptions is recommended before testing or evaluation begins.

Notes: Neuropsychological testing with a medical diagnosis is also covered under the Medical Program. These services will be reviewed by UnitedHealthcare for medical necessity. Precertification by UnitedHealthcare is recommended before testing or evaluation begins.

Level 1 Drugs or for most

Certain Drugs not Subject to Copayment

Certain covered drugs do not require a copayment:

- oral chemotherapy drugs, when prescribed for the treatment of cancer
- generic oral contraceptive drugs and devices or brand-name contraceptive drugs/devices without a generic equivalent (single-source brand-name drugs/devices)
- Tamoxifen and Raloxifene, when prescribed for the treatment of breast cancer

Brand-Name Drugs with Generic Equivalent

If you choose to purchase a covered brand-name drug that has a generic equivalent, you will pay the Level 3 Non-preferred drug copayment plus the ancillary charge, not to exceed the full retail cost of the covered drug.

Ancillary Charge: The difference in cost between the brand-name drug and the generic equivalent.

Exceptions

- If the brand-name drug has been placed on Level 1 of The Empire Plan Flexible Formulary, you will pay the Level 1 copayment.
- You pay only the applicable copayment for the following Level 3 brand-name drugs with generic equivalents: Coumadin, Dilantin, Lanoxin, Levothroid, Mysoline, Premarin, Synthroid, Tegretol and Tegretol XR. One copayment covers up to a 90-day supply.

New to You Prescriptions Program: Certain maintenance medications require at least two 30-day supplies to be filled using your Empire Plan Prescription Drug Program benefits before a supply for greater than 30 days will be covered. If you attempt to fill a prescription for a maintenance medication for more than a 30-day supply at a Network or Mail Service Pharmacy, the last 180 days of your prescription history will be reviewed to determine whether at least 60 days' worth of the drug has been previously dispensed. If not, only a 30-day fill will be approved.

Flexible Formulary Drug List

The Empire Plan Prescription Drug Program has a Flexible Formulary drug list for prescription drugs. The Empire Plan Flexible Formulary is designed to provide enrollees and the Plan with the best value in prescription drug spending.

This is accomplished by:

- Excluding coverage for certain brand-name or generic drugs if the drug has no clinical advantage over other covered medications in the same therapeutic class.
- Placing a brand-name drug on Level 1 or excluding or placing a generic drug on Level 3, subject to the appropriate copayment. These placements may be revised mid-year when such changes are advantageous to The Empire Plan. Enrollees will be notified in advance of such changes.
- Applying the highest copayment to non-preferred drugs that provide no clinical advantage over two or more Level 1 drug alternatives in the same therapeutic class. This may result in no Level 2 brand-name drugs.

Medical Exception Process for Excluded Drugs

A medical exception process* is available for non-formulary drugs that are excluded from coverage.

To request a medical exception, you and your physician must first evaluate whether covered drugs on the Flexible Formulary are appropriate alternatives for your treatment. After an appropriate trial of formulary alternatives, your physician may submit a letter of medical necessity to CVS/caremark that details the formulary alternative trials and any other clinical documentation supporting medical necessity. The physician can fax the exception request to CVS/caremark at 1-888-487-9257.

If an exception is approved, the Level 1 copayment will apply for generic drugs and the Level 3 copayment (and ancillary charge, if applicable) will apply for brand-name drugs.

Note: Drugs that are only FDA approved for cosmetic indications are excluded from the Plan and are not eligible for a medical exception.

**If you are Medicare primary, refer to your Empire Plan Medicare Rx plan materials for information regarding your appeal rights and the process to follow.*

Types of Pharmacies

Network Pharmacy

A Network Pharmacy is a retail pharmacy that participates in the CVS/caremark network. When you visit a Network Pharmacy to fill a prescription, you pay a copayment (and ancillary charge, if applicable). To find a retail Network Pharmacy location that participates in the CVS/caremark network, call the Prescription Drug Program or visit our web site and select Find a Provider.

CVS/caremark National Vaccine Network Pharmacy

Select preventive vaccines are covered without copayment when administered at a pharmacy that participates in the CVS/caremark national vaccine network. Vaccines available in a pharmacy are:

- Influenza (flu)
- Pneumococcal (pneumonia)
- Meningococcal (meningitis)
- Herpes Zoster (shingles)* - *requires prescription*

To find out if a pharmacy participates in the CVS/caremark national vaccine network, you may call the pharmacy, call the Prescription Drug Program, or visit EmpirePlanRxProgram.com and select CVS/caremark, then Locate a Pharmacy and Pharmacy locator. Be sure to select "Vaccine network" under "Advanced Search." Only certain pharmacies are part of the CVS/caremark national vaccine network. New York State law restricts pharmacists to administering vaccines to patients ages 18 or older. Similar laws may be in place in other states.

* *The Herpes Zoster is only preventive (no copayment) for individuals age 60 and older. (Note: this immunization is covered for enrollees age 55 to 59, subject to a \$5 copayment.)*

Call the pharmacy in advance to verify availability of the vaccine.

Mail Service Pharmacy

You may fill your prescription by mail through the CVS/caremark Mail Service Pharmacy by using the mail order form. For forms and refill orders, call the Prescription Drug Program. To refill a prescription on file with the mail service pharmacy, you may order by phone or download forms at <https://www.cs.ny.gov/employee-benefits>. Click Forms and scroll down to CVS/caremark Mail Service Order Form.

Specialty Pharmacy Program

- refill reminder calls
- expedited, scheduled delivery of your medications at no additional charge
- all necessary supplies, such as needles and syringes applicable to the medication
- disease education
- drug education
- compliance management
- side-effect management
- safety management

Prior authorization is required for some specialty medications. Specialty medications must be ordered through the Specialty Pharmacy Program using the CVS/caremark Mail Service Form. To request mail order forms, refills or to speak to a specialty-trained pharmacist or nurse 24 hours a day, seven days a week regarding the Specialty Pharmacy Program, call the Prescription Drug Program and ask to speak with Specialty Customer Care.

A complete list of specialty medications included in the Specialty Pharmacy Program is available online at <https://www.cs.ny.gov/employee-benefits>. Click on Using Your Benefits, then Specialty Pharmacy Drug List.

Non-Network Pharmacy

If you do not use a Network Pharmacy, or if you do not use your Empire Plan benefit card at a Network Pharmacy, you must submit a claim for reimbursement to:

The Empire Plan Prescription Drug Program
c/o CVS/caremark
P.O. Box 52136
Phoenix, AZ 85072-2136

In most cases, you will not be reimbursed the total amount you paid for the prescription.

- If your prescription was filled with a generic drug or a covered brand-name drug with no generic equivalent, you will be reimbursed up to the amount the Program would reimburse a network pharmacy for that prescription.
- If your prescription was filled with a covered brand-name drug that has a generic equivalent, you will be reimbursed up to the amount the program would reimburse a network pharmacy for filling the prescription with that drug's generic equivalent, unless the brand-name drug has been placed on Level 1 of The Empire Plan Flexible Formulary.
